FEBRUARY 2020 DEER V VEHICLE REPORTS

TOWN AND COUNTRY: There were no deer-vehicle events in February in Town and Country. Chesterfield was another story.

CHESTERFIELD:

**Chesterfield Police Department
DEER RELATED INCIDENTS**

February 1st TO February 29th 2020

DAY / DATE	TIME	LOCATION	NOTES
Sunday 02/02/2020	0744	1635 Wilson Forest View Ct.	Deer impaled on private property fence.
Wednesday 02/05/2020	0623	Wild Horse Creek/Somerset Field	Deer found injured on side of roadway.

Saturday 02/22/2020	0813	1320 Cherry Glen Ct.	Deer impaled on private property fence.
Friday 02/28/2020	0749	16300 Justus Post	Deer found injured laying in field near restaurant.

Day & Date	Time	Location	Notes
Saturday 02/29/2020	0200	W/B Highway 40/Spirit of St. Louis	Heavy damage to vehicle. Driver reported leg and chest pain and transported to hospital.
Saturday 02/29/2020	2310	Conway/Still House Creek	Minor damage to side of vehicle. Deer ran into side of Police Vehicle #12.

The following is a list of deer carcasses located and tagged o

Date	Location
02/03/2020	Clarkson/Leiman
02/10/2020	MO 141/Brooking Park
02/11/2020	Clayton/Iron Lantern
02/11/2020	Clarkson/Kehrs Mill

TOWN AND COUNTRY 2020 FEBRUARY DEER V WHITE BUFFALO

SHARPSHOOTERS: Read where in February of 2020 White Buffalo, Town and Country’s long time contractor for Deer Harvests (and the only one approved by the MO Dept. of Conservation) harvested, culled, shot (you pick the word) 134 deer. The contract allowed up to 150 deer but it was also based on days in the field. Here are the results from their report:

AGE	# MALE (%)	# FEMALE (%)	# COMBINED
Yearling/Adult	62 (46%)	46 (34%)	108 (81%)
Fawns	20 (15%)	6 (5%)	26 (19%)
Total	82 (61%)	52 (39%)	134

DATE	# Harvested						
2/1/20	9	2/7/20	10	2/13/20	8	2/18/20	5
2/2/20	17	2/8/20	6	2/14/20	7	2/19/20	4
2/3/20	13	2/9/20	2	2/15/20	6	2/20/20	6
2/4/20	1	2/10/20	10	2/16/20	3	2/21/20	7
2/6/20	8	2/11/20	7	2/17/20	5		

Ward	# Harvested	Ward	Percentage of Sites	Percentage of Seated Attempts	Percentage of Harvest
1	14	1	6.70%	8.40%	8.70%
2	89	2	53%	61%	67%
3	20	3	20%	13.8%%	15.60%
4	11	4	20%	16.80%	8.70%

This is perhaps the most important section of the White Buffalo report concerning future deer issues for Town and Country and to support County Councilman Tim Fitch’s efforts to reduce the amount of deer in Queeny Park:

Queeny Park continues to pose a major challenge to the reduction of deer numbers within areas of Town and Country that are located proximate to the Park. Lack of management by the County park system has created a safe haven, in which the deer are able to use the park as a refuge during the day and then transition into the adjoining residential areas at night. Three sites located proximate to the park resulted in ~22% of the total harvest.

LOCATION OF DEERS HARVESTED:

1. **Barrett Station Road** 17
2. **Weidman Road** 15
3. **tie Thornhill Drive** 14
Hickory Woods 14
5. Dry Ridge Road 13
6. tie Old Colony Lane 11
Belcrest Ct (Rehnquist subdivision under construction on Mason Road)
8. South Outer Forty Road 10
9. Thornfield Lane 8
10. Bellerive 7
11. BuckInd Hall 5
12. tie Glaizeview Rd 3
Mason Road 3 (this is one location on Mason Road. 30 deer taken on streets off of Mason Road)
14. Alsace 2
15. Tecumesh 1

TOWN AND COUNTRY DEER CENSUS: I have to confess, if you don't live in Town and Country you might want to skip the next section. The census was done on three nights by White Buffalo before the culling began.

Distance Sampling Observations 28 January 2020 Town and Country

Distance Sampling Observations 29 January 2020 Town and Country, MO

Distance Sampling Observations 30 January 2020 Town and Country, MO.

THE LADUE QUARANTINE WARD: At first many of us considered the father of the Indiana University student who came home from Italy with the Corona-virus a complete jerk going to the Villa-Duchesne father-daughter dance on Saturday at the Ritz-Carlton with his high school daughter. On Sunday the County Executive's office was claiming he was told to self-quarantine on Thursday.

However now it appears as if the claim by Democratic County Exec Sam Page was a "Donald Trumpism" and the family has messages claiming only the college daughter was to quarantine until tests from Mercy Hospital came back. It seems as if it would make sense to stay home, but the father and younger daughter were not told to do so.

On Monday at noon I had the father's name and the address of the home. I had planned to publish both in this newsletter. Now due to the apparent evidence that Sam Page lied, I will not. However below is the house in Ladue (at the non-disclosed address) that is under 14-day or longer quarantine.

THIS WEEKS GATHERING REPORT: It was another perfect Sunday (03/08/20) and let's see how Mayor Jon Dalton's \$10,000,000 Town Square did in drawing people against the Longview Farm Park and the Mason Road side of Queeny Park. Here is our **car count:**

<u>Queeny</u>	<u>Upper Lot</u>	<u>Dog Park</u>	<u>Total</u>	<u>Longview</u>	<u>Town Square</u>
Sun 03/08	112	45	167	71	1

Town Square 03/08/20 1 car, two adults walking a dog plus a baby in a stroller and two teenagers under the pavilion talking.

Longview Farm Park 03/08/20 For the second week in a row it was difficult finding a place to park. We spotted one regular parking space and two handicapped spaces not filled. There were 71 cars.

Queeny Park Mason Road side 03/08/20 It was crowded here last week. There were more cars, people and dogs this week. There were 112 cars on the upper lot and 45 cars on the lower Dog Park lot.

2020 TOWN SQUARE ROUTINE COSTS: The overall cost to the city to build the Town Square minus the commercial retail buildings is just under \$10,000,000. We have

waited 6 ½ months for things to settle in before looking at the monthly costs of the Town Square to the citizens of Town and Country. Keep in mind that most of the parking lot area and the retail stores are owned by Brinkman Development. After 10 weeks in 2020 the city has paid \$29,341 in operating expenses for a location that no one is using.

January:

01/13/20 Ameren 12/12/19 Electric Bill Town Square	\$821.36

Town Square costs paid in first 10 weeks of 2020: \$ 29,341.83

NAIL SALON BACK ON TRACK FOR TOWN SQUARE: The Mayor, Alderman and Town Square Committee Chair Skip Mange and developer Bob Brinkhouse all basically promised and assured residents there would be a great restaurant and ice cream shop or tavern at the Town Square to draw people to gather into the night. So far it is a small one-person jewelry shop that offers free alcoholic drinks to customers and a young woman's clothing shop.

Last fall it appeared as if there would be a nail salon as there were "Coming Soon" signs in the windows on November 10. Those disappeared and nothing moved into the small storefront on the south end of the empty building. But on 03/10/20 I saw an electrician's truck at the storefront and asked him what was up. He said he was doing wiring for a nail salon.

files.

STRAUBS HAS A NEW TRUCK DELIVERY AREA AND YOU PAID FOR IT: We found the usual at the Town Square at 12:45 on a Tuesday. A UPS truck was in the front and an exterminator truck in the back. Both drivers were eating their lunches. Two cars that apparently belonging to bank employees at Mason Village Shopping center were parked on the Town Sq lot next to the bank and this truck, using a much of the Town Square parking lot to make deliveries to the Straub's grocery store at the Mason Village Shopping Center easier.

I'm sure this is what Mayor Dalton, Skip Mange and others had in mind when the city spent \$10,000,000 on the Town Square.

If I bring this subject up around Ald. Sue Allen she informs me that I should stop beating a "dead horse." That is about right; from future gathering place in 2015 to dead horse in 2020.

CBC GETS FOOTBALL LIGHTS FOR 73 NIGHTS APPROVED WITH ONE NO VOTE:
The bill to amend the ordinance allowing CBC (Christian Brothers College for our out of town readers) High School to have 73 night time sports events under the lights expanded from 28 night time events passed on a 5-1 vote.

Ald. Jon Benigas voted no and part of the reason was what the Board of Aldermen did to the Assembly of God Church on the North Outer Road about 3 miles from CBC.

Originally the church wanted a 150 foot high cross. Government normally cannot force zoning laws on houses of worship. Signs, crosses and the like are covered under the 1st amendment and unless the proposal involves adverse public safety government has to leave hands off.

The City maintained that a 150 foot high cross would distract drivers on I-64. The compromise was a 75 foot high cross that the church would light at night. Somehow the

city got away with restricting the use of lights until 10pm when they would have to be shut off. I'm not sure if there is any more distraction to drivers with a lighted cross at 11pm versus 9pm.

"I am against this ordinance allowing lights for 73 nights. We have a church three miles down the street that has to turn off the lights on its cross at 10pm, but we are allowing the lights at CBC to be on until 10:30 on some nights," said Jon Benigas. "One of the two ordinances need to change. (Church lights on cross or football field.) Varsity sports should be played with lights. Non-varsity sports should be played during the day."

"To not allow a church to light a cross after 10 but let a football field's lights go until 10:30 is not right," said Benigas.

NO SECOND MEETING IN MARCH...No quorum! It was announced Wednesday there would be no Board of Aldermen meeting March 23 due to a lack of a quorum. Since Skip Mange (who now wants back on the Art Commission) resigned his aldermanic seat in September and Mayor Dalton has been unable to find anyone he likes to take it the board has been one short.

Apparently three alderpersons plan to be out of town on March 23. That would leave just four to attend a meeting which is less than 51% that is required. At the end of March 9 meeting Ald. Lindsey Butler chastised Dalton for not filling the empty seat. Two people he found to appoint (one in October and one in November) both withdrew.

Of the three out-of-towners, two do not have kids at home so their absence is not due to "spring school break." You have to wonder after the Wednesday announcements of the coronavirus reducing airline flights and out of country travel if just one of the elected officials won't change their mind and stay in town which would create a quorum.

“I have been on the Board for four years and we never had a time we could not make a quorum,” said Butler.

“Are we being negligent by not having a person appointed? We are being willfully negligent in not filling that seat. I feel you are not doing your job by not filling that seat,” Butler said looking right at Mayor Jon Dalton. (former Alderwoman Barbara Ann Hughes is running for Mange’s seat and is unopposed. She has said she would serve the rest of Mange’s term if Dalton wanted to appoint her. That will not happen because Hughes ran against Dalton three years ago and cost him money in mailers and ads.)

“In 16 years it has only happened once,” said Dalton who then made an about face with his next statement. “It does happen around spring recess. (If it has only happened once it is hard to claim when it regularly happens.) I’ve been encourage to appoint people and two withdrew after I tried to appoint them. I have also been encouraged not to appoint people,” he said.

“I think those are pretty strong words that this board is being willfully negligent,” he said.

Keep in mind that over the years Dalton has been a lobbyist for all the low-cost brands of cigarettes, for the fire district that was under contract with the city for fire and EMS services, was as an elected official a lobbyist for the St. Louis County Board of Elections (his friend John Diehl was a member of the Board of Elections at the time) which was grossly unethical and finally he was the front man for an investment group that used eminent domain to taken a widow’s property and business on South Broadway for a nightclub district that never got built. So Butler’s words directly at him are completely appropriate.

TALK OF A PROPERTY TAX IN TOWN AND COUNTRY TO PAY FOR FIRE DISTRICT CONTRACTS: In 2011 Fred Meyland-Smith and Dalton led the way to rezone retail property on the west side of the Town and Country Crossing Shopping Center to residential with very small home lots that would have been in violation of every Town & Country zoning code. This was done because the 2009 recession kept

the shopping center less than half full and the developer was not collecting enough TDD sales taxes to pay his debt. Houses replacing commercial property meant there would be no future sales tax revenue for the city from this area that was rezoned.

Then move ahead to 2014-2020 when the Town Square project was approved and the city spent just under \$10,000,000 to construct an area that after six months has seen empty store and empty parking lots and almost no sales tax revenue.

All this affects the city's ability to pay for fire and EMS service in the future.

At the Ward-2 monthly get together with Ward-2 alderwomen Tiffany Frautschi and Lindsey Butler, Ward-4 alderwoman Sue Allen was also present. She mentioned that State Rep Dean Plocher [R] from Des Peres and former Judge of what was called the "most corrupt" municipal court in St. Louis County (Pine Lawn) was considering drafting a bill and sending it to committee to allow Town and Country voters to approve a 1/8-cent on the \$100 assessed valuation property tax to help the City pay for contracts with fire districts.

If the City of Town and Country needs money to pay for fire service they need to increase the city's property tax (it will take over 2-years to accomplish) from zero to a small amount. If sale tax revenues go up the city property tax can go back to zero. Giving fire districts a special tax is giving them a tax forever.

Sue Allen

Dean Plocher

We have been unable to find out any additional information on Allen's comments.

STAYING HEALTHLY AT TOWN AND COUNTRY CITY HALL REQUIRES AN ASSIST: With the coronavirus on everyone's mind, there was no hand sanitizer at the Monday March 11 Town and Country Board of Aldermen meeting. I was told it was on order.

By Wednesday's Planning and Zoning meeting there was hand sanitizer in the city hall, but not provided by the city. See below:

UNAPPROVED CHESTERFIELD NEWSLETTER 363

CITY OF CHESTERFIELD BUYS LAND ACROSS FROM AMPHITHEATER. The City of Chesterfield just bought the property on 7.8 acres across the street from the Chesterfield Amphitheater and between the Awakening statue and the County Library on Veterans Place Drive. The purchase price was \$6,900,000. The seller was Central Park Square. The sale was approved on a 8-0 vote by councilpersons behind closed doors.

Plans by the developer to put a mix use retail, business and residential development where withdrawn in early February due to citizen opposition. A month later the city bought the property that at one time was called the “Lynchpin” for development of a downtown Chesterfield. We will try to find out where the money came from as there was only about \$2,000,000 in excess fund in the 2020 budget.

Arrested: Dowles,Candace S B 43 F Wyatt,Natica A B 28 F						
Brief Narrative Description: 28 and 43 yo females failed to scan merchandise at self checkout lane and left store without paying. Also charged with Trespassing due to previous theft incidents.						

20-1096 Walmart reported two known shoplifters were in the process of stealing numerous items. When officers arrived, they went to the Security Office and observed the women, on security cameras, place a large amount of merchandise in a cart and go to the self-checkout lanes. While checking out, the women "under-scanned" most of the items. The total they scanned was \$84.84. The women were arrested on the parking lot and taken to the Security Officer where it was determined they stolen over 100 items valued at \$1,159.20. One of the women also had warrants out of St. Charles and St. Peters. Felony warrants will be sought.

OUTRAGEOUS! Look at what the Chesterfield Courts have done. This young lady with less than 2-years driving experience had four moving violations reduced to Illegal Parking. Then she appears in Chesterfield court for doing 28 MPH and 35 MPH over the limit and she keeps getting breaks. Prosecutor Tim Engelmeyer likes to claim on stealing cases it is hard to get the witnesses to appear in court (it isn't if you try) but these excessive speeding cases that put the public and police officers at risk are easy to get the witness. It is Chesterfield Police Officers!

CITY COUNCIL PAY REVIEW: Oh no! One person believes it is a volunteer job. At the Chesterfield Finance and Administration Committee meeting on Tuesday March 3 there was more discussion left over from the night before on determining the City Administrator's pay raises. Mike Geisel, who at 61-years-of-age made a presentation of numbers that are competitive. It appears that Geisel does not plan to keep the job until he is past 80 like Police Chief Ray Johnson. Here are the salary figures for a starting pay, medium pay and high pay that Geisel presented:

Start: \$161,367

Mid: \$174,045

High: \$194,503

It was mention that the subject be place on a future F&A Committee meeting agenda.

This caused Councilman Tom DeCampi to recommend also looking at City Councilpersons pay which has been \$6000 a year since 1991. DeCampi mentioned all the city meetings and neighborhood meeting they attend that a is a lot of time away from their family and jobs.

The alderperson pay in Town and Country is \$5000 a year. Chesterfield is four times larger than Town & Country meaning there are four times as many homeowner association meetings to attend, plus city committees and commissions.

Barb McGuiness took exception to even considering pay raises for councilpersons.

v

“This isn’t volunteer work. We get \$6,000 a year. The mayor gets \$12,000 and his is almost a full time job,” said DeCampi.

“You have been trying to increase elected officials salary and I wish you’d stop. This is volunteer work and you know that when you run for office,” shouted McGuinness.

CAN’T COUNT, DON’T ASK ME: At the beginning of the F&A Committee meeting, City Administrator Mike Geisel put on a presentation about codification of ordinances or putting ordinance that are related to similar coverage in the same place making them easy to find. Geisel said that codification was done for the first and only time in 1991 and ordinance codification needed to be updated.

I then counted four times that F&A chairman Mike Moore said it has been “20-years” since this had been done. Nobody corrected. The last time I checked 1991 to 2020 is closer to **30 years**.

FIRST TWO MONTHS SALES TAX REVENUE IS UP, WILL THE CORONAVIRUS SLOW RETAIL DOWN?

At the F&A meeting Chesterfield Finance Director Jeanette Kelly gave a presentation showing that the “pool” sales tax that is shared with other cities and the county with Chesterfield keeping 52% is up for the first two months of 2020 compared with January of February of 2019. Originally 2020 was projected with lower sales.

2020	% incr/-decr from 2019 to 2020
512,350	-6.27%
619,993	26.72%

1,132,342	107.15%

However before anyone is excited about this Kelly and Geisel both stated that these numbers can quickly change during the year and go in a deficit direction.

With the Coronavirus fears people may avoid formerly crowded areas unless a store is having a sale on hand sanitizer and toilet paper or if a store simply claims they have hand sanitizer in stock.

I will have to stop making the joke that I had Corna in 1971. In 1971 when I was an overnight disc jockey I bought my first car, a 1968 Toyota Corona (later replaced by Toyota with the Corolla). It was a black/over yellow 2-door, stick. In the 1960s Toyota's automatic transmissions were famous for failing.

LAST WEEKS CITY ADMINISTRATOR'S LETTER TO STATE REPS CONTINUED WITH A BLAST FROM THE PAST: It was amazing that no one could remember a policy statement from 1995.

**CITY OF CHESTERFIELD
POLICY STATEMENT**

CITY COUNCIL		NO.	22
SUBJECT	Letters to Representatives	INDEX	CC
DATE ISSUED	5/15/95	DATE REVISED	

POLICY:

If a certain position is endorsed or recommended by either the St. Louis County Municipal League or the Missouri Municipal League, letters may be sent to State representatives in order to provide a more timely response to proposed legislation if both the City Administrator and Mayor agree that the position recommended is in the City's best interest. If there is no agreement, the matter will be referred to the appropriate Council Committee.

RESTAURANT/GAS STATION REVIEW: A nurse we know who works at St. Luke's Hospital recently told us about a Cajun chicken place in the Chesterfield Valley. I was intrigued.

Next she said it was inside a BP Gas Station. I found this really odd since BP led every energy company 100x and more in drilling and other safety violations in the Gulf of Mexico. Then using an unapproved procedure at its Deepwater Horizon oil well killed 19 workers and dumped 210 million gallons of crude oil into the Gulf of Mexico killing millions of animals, fish and shrimp putting fishermen and shrimpers out of business. Cajun and BP don't go together.

But I went out to check it out last week. We went to the Gas Mart off Chesterfield Airport Road and Old Olive (18403 Convenience Way) next to the Chesterfield Outlet Mall. On one end of the building there was a sign indicating a Subway sandwich shop was inside the Gas Mart. This was no longer true.

Here is what is inside now and why we came:

The employees told us that the Krispy Krunchy Chicken was a much bigger seller than Imo's.

The counter menu for Krispy Krunchy Chicken did not just have prices, but calories too.

We had heard the Jambalaya was okay as was the red beans and rice, but we were warned to stay away from the mac & cheese.

For two people we had 3 chicken tenders (\$1.49 apiece), 1 biscuit (65-cents) and two small red beans and rice (\$2.19 for a small & \$3.99 for a large). My wife and I split and medium size Dr. Pepper from the Gas Mart soda machine. Total bill was \$10.

You don't pay at the Chicken/Imos counter. The clerk puts items in bags and write the price on the bag which you then take to the gas station cashier.

The food was good. It wasn't as good as Popeye's, but it was close. Of course there is no Popeye's in Chesterfield Valley. The closest Popeye's is in Ellisville and they have been having labor problems of not having enough employees to operated the counter and drive through on some nights. So the last two times I was there they closed the inside of the restaurant and had only the drive thru open...which took the "fast" out of the phrase "Fast Food."

I would not make a special trip to the Gas Mart for some Cajun Food. But if you are in Chesterfield Valley and want to try something different it might be a good choice. Just ignore the Subway sign.

PARKWAY CENTRAL GRAD NOW TEACHING ENGLISH IN CHILE: Katy Meyer, a 2007 graduate from Parkway Central High School and Webster University basketball player left Europe where she played professional woman's basketball for four years in Spain and in Italy in 2018.

Meyer, who still holds some basketball scoring records at Webster University, and was inducted into the Webster University Sports Hall of Fame in 2017, returned to Webster University where she was an assistant basketball coach while getting her master's degree in International Relations for parts of the last two seasons.

In 2020 she moved to Chile where she is teaching English.

I was the PA announcer for Webster University sports for 12 years and got to see every home game Katy ever played in. It was a real treat.
