EX ALDERMAN NEWSLETTER 446 AND CHESTERFIELD UNAPPROVED 391

September 26, 2020

CITIZENS WANT NO NEW TAXES, DESPITE SALES TAX REVENUE GOING DOWN AND FIRE SERVICE BY 2023 WILL BE GOING UP. Last week at the Board of Aldermen meeting several aldermen said the public doesn't understand the property tax situation and what it pays for. City Clerk Ashley McNamara announced at the start of a Board of Aldermen meeting she had received 26 emails about a possible property tax increase from zero 1o 10-cent a $100 valuation. She said they were all opposed to a property tax. Here are part or all of some of the 26 emails sent to city hall by residents opposing a 10-cent per $100 property tax.

My name is Stephanie Truetzel and I live on Wyndmoor Terrace Court. I have heard you are considering increasing our property tax and understand that it is not accompanied with any increase in services from Town and Country.

My husband and I are totally against this and feel this increase would be due to the ill conceived project of Mayor Dalton of the Town Square!! This is not appropriate and I would urge you to not go forward with such an increase!!!

Thank you.

> I am writing to you in relation to the deliberations and upcoming Board vote on a property tax levy for Town and Country. There is no doubt that this is a unique year in many ways, including financially. At the same time, I think we would all agree that one of Town and Country's many positives is the lack of a property tax levy. Beyond the obvious financial benefit to residents, it sends a signal of good city governance and a government and community willing to live within its means. As such, while we are currently living in the middle of a Black Swan type of event which calls for unplanned and aggressive action, I also hope the Board distinguishes between the short term emergency needs of the city and the long term benefits of maintaining a zero property tax levy.

Andy Kuchan

(Kuchan is a member of the Planning and Zoning Commission. Also his house is for sale as he apparently is moving.)

We oppose the property tax levy. Town and Country should do what others have had to do-cut back on expenditures. Tax increases to the residents should be put to a vote. Perhaps if the useless Town Square had been put to a vote, including its cost overruns, Town and Country's reserve level would not be in the situation it is now.

Karen Migneron

I am opposed to the imposition of a property tax.

First, the increase should be subject to vote. The Missouri Hancock amendment requires this. Des Peres is using a public vote on tax increases, and so should we.

Please don't tell me that the increase is already approved. That violates the spirit of the amendment.

Second, the wasteful spending on the Town Square and the Mason sidewalk I am sure mis- spent the reserve funds. All public officials who approved these two fiascos, should be transparently held accountable.

Third, cuts should take place to address this fiscal mismanagement. Anything and everything should be considered, before taxpayers are charged for the errors of government leaders.

Tom Migneron

I am not in favor of this tax assessment for the city to further mismanage funds. There are no new or additional services planned for this new levy and it is ridiculous that this is even being considered. We need new leadership

Sophia Ford

It's obvious a property tax is going to be instituted. My concern when the City went forward with the Town Center no one was forward looking and the cost overruns were ridiculous. Seemed to me at the time we had a surplus and all governments can't stand to see a excess. Yes I am aware you submitted a survey to see what the residents wanted to cover your desires. All anyone had to do was look at the hit the economy took in 2008/09 and you should have been able to anticipate a revenue desert potential.
Now we have a Town Center and to property tax which probably wouldn't have been supported had it been positioned this way.
Tom Gura

Hi,
I completely oppose the tax rate increase for town and country residence, specially in light of the wasteful spending this city has taken on. Instead of wasting our precious city dollars, we should save it and not increase the cost to the residence. Please count 1349 Topping Rd., 63131, as opposed to this tax increase.

Thanks,
Drs. Saaid and Shawn Khojasteh

It is my understanding that the Board is planning to increase taxes to supplement another park and additional sidewalks. In these times if crisis-it seems that giving the citizens the peace of mind that we will not have to bear the financial burden of the board's unilateral decisions. We do not need any further tax increases and instead we need to halt the spending. I am adamantly opposed to any tax increases.

Vanessa Antoniou

Hello, my name is Nahid Hashemi and we have lived in Town and country for the last 46 years. Our property tax has been increased year after year. We are totally DISAGREE with additional property tax and we are against it.

Regards,

Nahid and Mohammad Hashemi

(Perhaps the Hashemi's overall property tax has gone up because of all the different County taxes. However the City property tax went down and down and then vanished for the last 22-years.)

I , Maryam Etminan, am voting against increasing Town & Country property tax.
Thanks

Good afternoon -
After discussions with our Alderman and Mayor Dalton, we are strongly opposed to any increase to the property tax rate.

This is a great opportunity for the city to revisit / create a fund reserve policy, supported by facts, including the seasonality and types/concentration of revenue sources, recommendations by respected organizations, benchmarking of other cities, etc.

Thank you.
Julie and John Cochran

(There has been a fund reserve policy for over 36 years)

would not be in favor of tax hike in town and country the taxes are already too high

C. Mobin Khan

Hello
I was alerted by a neighbor in the Manderleigh area that there may be a tax increase discussed. At this time I hope the tax proposal is not passed.

Thank you
Hashim Raza

Hi
I oppose any property tax increase.
Nadeem Ahmed
Resident of ward 2

We are against any property tax increase you can count on our vote

Ashfaq Hakim

No new taxes! Starve the beast. Money and wealth are not infinite! No one uses the cool new facility "Blacksmith Grove " now. Leave us alone for Gods sake . Your decisions are NOT that virtuous

Nadir Djavaherian

Hi
Kindly don't increase our property taxes . These are already very high Thx Zaheer Amin

Hello, Please know that we are opposed to a tax increase. We all must adjust to the decrease in income from covid. The city must do the same and not ask for more money. Non essential projects/services should be deleted. Please convey our opinion in your representation of Ward 2. Thank you for your service to the community. Mary Anne/Larry Bergner

I am totally against the increase in our taxes.
Farrokh Dehdashti, M.D.

We respectfully disagree with your assumptions concerning future revenue. We are not in favor of imposing a tax rate for residential property in Town & Country.
Ed & Susan Hoffstetter

A number writers mentioned that the Dalton and the Town Square (Blacksmith's Grove) was a huge waste of money and the reason for a possible tax increase. Only the ward-2 alderwoman Lindsey Butler and Tiffany Frautschi were suspect of the project and tried to cut costs on it. But they ended up voting yes on increased costs more often than no.

Here are the people that drank the Kool-Aid served up by Mayor Jon Dalton, who recused himself from any votes once he got the project rolling.

FROM THE COMPUTER OF A FORMER ALDERWOMAN: **CITY HIDING INFORMATION**: This involves the apparent sale of a small amount of land own by Town and Country that was next to the Stonecrest Senior Living Facility on Woods Mill Road by the Schnucks Supermarket on Clayton Road.

Stonecrest (whose legal rep and lobbyist was Mayor Jon Dalton. No conflict there huh?) was sold to Anthology. The small piece of city property was sold to Anthology and now the City is violating the Sunshine law by not releasing the sale information.

Ashley,
I am requesting any and all documentation and communication related to the sale of the land, previously owned by the City of Town and Country, that was sold to Stonecrest Assisted Living, currently Anthology. I am looking for who was part of the contract negotiations, which commissions discussed this sale, along with the elected officials, staff, and commissioners that voted or presided over this sale.
Thank you,
Lindsey Butler

Good afternoon, the request regarding Stonecrest is now complete. I have attached a PDF scan of 20 responsive emails with attachments that Steve provided to me. I wrote numbers 1-20 on the bottom of them emails to help denote separate records.

He also provided 7 pages of records that were deemed closed pursuant to Section 610.021 (2) RSMo regarding real estate. Pease let me know who you'd like to act as proxy, as noted below, and I will make arrangements with them to review the records.

Thank you, Ashley.

I am requesting the legal opinion on why the documents are privileged now, but I was an alderman when the documents were requested and therefore had privilege to review them.

Steve,
I reviewed the requested documents today and have questions regarding their aforementioned privilege. These documents contain no information with the exception of the list of attendees, which is not privileged, and a brief sentence stating that discussion involving real estate ensued. There is no mention of the property in question or amounts suggested. The information contained is nothing more than what would be read off in the board meeting prior to the vote to close the meeting. Please provide the actual information requested, which would be similar to the closed session minutes from every meeting of the Clayton rd trail that you wrote, very detailed and included the involved discussions of the attendees. In fact, the minutes on the first page, that you deemed privileged and made available to me today, contained more information from the meeting prior to Dalton's recusal concerning Stonecrest. Following his recusal all the minutes in Stonecrest are one sentence, unlike any others you write. It seems odd to have no information from you on the item that Dalton was forced to recuse from after his conflict exposure by Ald. Al Gerber.

Please reconsider your decision to make those documents privileged and allow them to be viewed by the public as they contain no information. Please also reconsider how you wrote those minutes as they contain no information and may be suggest to consideration of trying to avoid sunshine law enforcement.

Thank you for getting the documents to me after several weeks.

All,

I didn't receive a response to the email below and so forwarded to the Attorney General's office. The fact that these documents are considered "privileged ",when the project has been voted on and payment was received by the city for public land, is in direct opposition to the Sunshine Law. I requested Stonecrest info and received pages of practically blank paper, which didn't even mention the topic of discussion. As the Stonecrest project involved public land sold to a private developer, it would need to follow the section of Sunshine Law cited below from the AG's office. These documents would not be considered privileged and are less informative than any other communication previously requested. I have serious concern with the handling of these minutes especially with the documents showing a forced recusal for an elected official. Please release said documents and include the required info as stated in law.

Thank you,

Lindsey

POLICE /TOWN AND COUNTRY CRIME & CRIMINALS:

UPDATE ON SUNDAY SCHNUCKS PARKING LOT ROBBERY:

Here is an update of the Robbery/Purse Snatch that happened at noon on the parking lot of the Schnucks supermarket on Sunday September 13.

Sandi McMillin, the victim, was injured after being knocked to the ground.

This is from the Town and Country Police on Thursday afternoon 09/17:

Town and Country Police Department

We have recovered the stolen SUV used in the Schnucks parking lot robbery, have tentatively identified the suspect involved in the robbery, and have tentatively identified two other suspects who later utilized the victim's credit cards at various locations. This investigation remains active, and we will provide further updates once the case is brought to closure. We wish to thank all who assisted us and provided information regarding this investigation.

UNAPPROVED CHESTERFIELD NEWSLETTER 391

SATURDAYNIGHT SHOOTING IN CHESTERFIELD VALLEY AT TRAMPOLINE PARK. EXBOYFRIED SHOOTS CURRENT BOYFRIEND IN THE BACK OUTSIDE OF KID'S B-DAY PARTY.

Two males left the Sky Zone and were arguing on the parking lot when one of the men took out a gun and shot the other. He fled the scene in a silver VW Passant bearing Missouri License EE7 XGH.

The County police saw the car on Lindbergh in Florissant shortly after the shooting and gave chase. The pursuit ended when the County Police car was totaled after crashing into a concrete center road divider.

Here is the explanation of what happened from the Chesterfield Police on Saturday night.

20-3337 Shooting- A birthday party at Sky Zone ended when a man shot his ex-girlfriend's current boyfriend. The shooting occurred on the parking lot after a brief confrontation and the suspect displayed a handgun. The victim turned to run and was shot in the back. The victim managed to go back inside Sky Zone and was semi-conscious when officers arrived. The victim was conveyed to Mercy and will likely survive. The suspect was quickly identified and his information, including vehicle information, was broadcast to surrounding agencies. A couple agencies pursued the suspect vehicle and a St. Louis County Officer wrecked on Lindbergh Rd. The officer was conveyed to DePaul and is expected to be released tomorrow.

SUNDAY MORNING: Officers from this department and several others checked several residences in north county to locate the suspect in the previously mentioned shooting but the subject was not located and the investigation will be ongoing.

Dated as of October 1, 2020

Wells Fargo, out of San Francisco, has certainly had interesting publicity in the last 1 ½ years that bring into question why anyone would want to deal with Wells Fargo. Here are some of the things the Bank had been illegally pulling on their customers without their knowledge for 14 years from a NY Times article dated February 2020:

Wells Fargo has agreed to pay $3 billion to settle criminal charges and a civil action stemming from its widespread mistreatment of customers in its community bank over a 14-year period, the Justice Department announced on Friday.

From 2002 to 2016, employees used fraud to meet impossible sales goals. They opened millions of accounts in customers' names without their knowledge, signed unwitting account holders up for credit cards and bill payment programs, created fake personal identification numbers, forged signatures and even secretly transferred customers' money.

"This case illustrates a complete failure of leadership at multiple levels within the bank," Nick Hanna, U.S. attorney for the Central District of California, said in a statement. "Wells Fargo traded its hard-earned reputation for short-term profits, and harmed untold numbers of customers along the way."

Also the Council approved in hiring the Law Firm of Armstrong-Teasdale (this is where ethically challenged T&C mayor Jon Dalton works). When asked how much this would cost the city a rep from Armstrong Teasdale said he "didn't know."

A READER WITH A VERY VALID COMPLAINT AGAINST THE MAYOR AND ELECTED OFFICIALS IN CHESTERFIELD:

I've read and agree with your comments on holding public government meetings on Zoom rather than in person during COVID. Frankly, I think Zoom or being able to watch online should be the normal practice even without the China virus.

With that in mind, I noticed that the agenda for the upcoming Chesterfield City Council meeting tomorrow evening is virtual. BUT, the Finance and Administration Committee meeting to be held the very next night is not virtual even though other committee meetings listed seem to also be virtual like the City Council meeting. Red flag!

I also note that the agenda of the city council meeting explains they are meeting virtually for the following reason: "Due to the recommendations of the President, the Governor, and the CDC, we will be conducting the meeting virtually." I then wonder how the F&A meeting ignores this same advice.

Actually the F&A meeting on Tuesday was of the entire city council at City Hall. So on Monday night the City of Chesterfield is looking out for the public's health and welfare and have a virtual video meeting of a city council meeting. The next day during a pandemic they hold another City Council meeting at City Hall forcing interested parties to come and subject themselves to a crowd of well more than 10 people. Also the Tuesday meeting will have revenue and tax shortfalls and other matters of great public interest on the agenda. But older residents and residents with health issues would be stupid to go.

Here is an EMAIL sent to several councilpersons:

Does the city's medical staff anticipate the pandemic being over by Tuesday morning?

This is listed before your Monday meeting:

Due to the recommendations of the President, the Governor, and the CDC, we will be conducting the meeting virtually. We invite you to join the virtual meeting https://zoom.us/j/91831484673or call (312) 626-6799 and enter Webinar ID:918 3148 4673

However Tuesday's Council as a Whole meeting on the budget is in public at the City Hall.

Is this what President Trump meant when he said it would go away?

John

WE HAVE RUN OUT OF SPACE, so we will have coverage of the Finance Council as a Whole meeting in our next newsletter.

NOW IF WE CAN JUST FIND SOME MONEY TO BUILD IT: With retail sales tax dropping thanks to the pandemic, it might be a while before the park construction is completed, but the sign went upon Sunday.

LADUE KID GETS PROBATION IN FEDERAL COURT FOR STEALING OVER $180,000: William "Billy Schwarze, 27, still living with his parents on Godwin Lane in Ladue stole over $160,340 from American Airlines and $20,458 from friends. Schwarze discovered a flaw in American Airlines software, allowing him to buy gift cards, use them for tickets and the turn in the git cards for a refund claiming he could not use them. Some of the flights he and his family and friends took according to the plea agreement were to Honolulu, Hong Kong, Beijing, Shanghai, Macao, Singapore, Seoul, Miami, San Francisco, Los Angeles and New York City.

This might be a case for BLM people claiming a white kid in a wealthy suburb is treated differently than a Black from the city. They might be right in this case.

GUILTY PLEA AGREEMENT

2. GUILTY PLEA:

Pursuant to Rule 11(c)(1)(A), Federal Rules of Criminal Procedure, in exchange for the defendant's voluntary plea of guilty to Count 1 of the charge, the United States agrees that no further federal prosecution will be brought in this District relative to the defendant's scheme to defraud American Airlines and individuals relative to American Airlines' gift card program during the period January, 2016 through October, 2018, of which the Government is aware at this time.

In addition, the parties agree that the U.S. Sentencing Guidelines Total Offense Level analysis agreed to by the parties herein is the result of negotiation and led, in part, to the guilty plea. The parties further agree that a downward variance from the Total Offense Level is appropriate in this case, and the parties jointly recommend that this Court sentence defendant to a term of probation, with whatever conditions this Court deems appropriate under the circumstances.

On one and more occasions, either before or after the actual flights were taken, **SCHWARZE** logged into the AA website, entered the AA Refund portal, and applied for a refund of the AA airline tickets which he had purchased with the virtual AA Gift Cards. Unbeknownst to AA, and as part of the scheme, **SCHWARZE** took advantage of a vulnerability in the AA refund system by entering the Gift Card MSR into the AA Refund portal, instead of the requested actual ticket identification number, causing the AA refund system to automatically refund the price of the airline ticket, minus any fees, directly to the credit card which **SCHWARZE** had originally used to purchase the virtual AA Gift Card. Through his scheme, **SCHWARZE**, or his family members, friends and associates, used the AA airline tickets purchased by **SCHWARZE** with AA virtual Gift Cards for their actual flights, but the cost of those flights was refunded to **SCHWARZE** by AA through a credit to **SCHWARZE's** credit cards. **SCHWARZE** received approximately $160,340.00 in refunds from AA for airline flights

that he, or his family members, friends and associates actually took. In addition to the funds obtained from AA through his fraudulent requests for refunds, on one and more occasions **SCHWARZE** directed friends and associates to pay him for the AA tickets he had obtained for them, but failed to advise them that he had obtained refunds from AA for the price of those tickets. **SCHWARZE** falsely represented that he was purchasing the AA tickets through his affiliation with a travel agency. These payments were made to **SCHWARZE** through internet based payment systems such as Venmo and Zelle, as well as by bank checks which **SCHWARZE** deposited into his personal bank account. **SCHWARZE** obtained approximately $20,458.63 from his friends and associates and used the funds for personal expenses, and to pay for personal charges on his credit cards, unrelated to any AA tickets.

BASEBALL For 12 years I was the PA announcer for the Webster University Gorloks. (fictional character named after the intersection of Gore Ave and Lockwood Ave. in Webster Groves) In 2018 I had to give it up after all my heart surgeries. During my last two years I was still doing PA for the Gorloks at a minor league ballpark off of I-255 and **Josh Fleming** was a starting pitcher.

Josh was born in Bridgeton, but grew up in Columbia, Illinois. He was at Webster U for his fresh, sophomore and junior year. In 2015 he pitched only for the freshman team.

In 2016 he was 4-1 with six starts and a 2.88 ERA. Early on in 2016 he spent time with me in the Press Box tracking pitches while he recovered from an injury. In 2017 he was healthy was 8-1 with a 0.67 ERA. After the 2017 season he was drafted in the sixth round of the Major League Player Draft by the Tampa Bay Devil Rays.

Two years later he made his major debut as a starting pitcher and picked up the win. He has since gone 4-0 with 1-hold out of the bullpen. His ERA on Monday was 3.42.

Fleming was the first player ever drafted from Webster U. (2 players signed with teams in the Independent Leagues but were cut before the start of the season.) Only one other player has ever been drafted from the St. Louis Intercollegiate Athletic Conference and that was in the 25th round from Westminster and he never made it to the big leagues.

DAN THE MAILMAN I'm taking this push by President Trump to defund the Postal Service seriously and it dates back when I was five years old. I have written about "Dan the Mailman" and "Bill the Milkman" before in a column of AOL's Patch and once in this newsletter. Bill would make ice chips off a big block of ice for the kids in the summer and once and a while give you a Sealtest DreamSickle bar, plus he had biscuits for the dogs on his route.

Then there was "Dan the Mailman." He walked a mail route in a neighborhood in Webster Groves with large houses. The route guys who walked up to your door with

the mail did not have Postal trucks. They drove their own cars filled with bags of mail. He had a station wagon to carry the mail in 1958.

During good weather Dan would let me follow him on his mail route around a very large block. Although most of my costume clothes at the time was cowboy wear, thanks to Spin and Marty, Roy Rogers, Hopalong Cassidy and others, Dan got me a small blue canvass over the shoulder bag, that would only fit a kid and an old Postal hat without the badge.,

The cowboy look yes, but the third photo next to the record player was about 12 years before I was a disc jockey on several St. Louis radio stations when I was 18.

One of the houses on Dan's route was the home of Donald T. and Pearl Wright on Sherwood Drive at Sheffield Drive. Mrs. Wright had huge terraced flower gardens overlooking Sheffield Dr. She had a professional gardener who tended the flowers with her. When churches let out in the spring there would be traffic jams to see the flowers.

Donald brought the Waterways Journal in the 1920. It was a magazine for commercial shipping on the Mississippi River.

Mrs. Wright was only 59 but I considered her grandmother age. She took a liking to me. She was alone during the day with a gardener in the spring and a housekeeper on weekdays. I got tours of her house that included Mr. Wright's photos of tugboats and barges. She also took me on two trips. One was to the Webster Groves Post Office that was on Lockwood Avenue across the street from the Ozark movie theater and now a Schnarr's Hardware store. The tour of the WG post office lasted about five minutes. A week later she took me to the main Post Office for St. Louis on Market Street for a tour. That was a lot different.

She owned a Packard and the two trips to the post offices were the only time I ever rode in a Packard.

The house formerly of Donald T. and Pearl Wright on Sherwood Drive.

1956 Packard sedan

Thanks to Dan the Mailman and his gift of a bag and hat, plus the kindness of Mrs. Wright I have always had a soft spot in my heart for the Postal Service. So I did take a side on the recent news of defunding part of the post office just before the election. In August I ran 34 Editorial Cartoons on the subject. Here are 16 more defending my memories of “Dan the Mailman” and Pearl Wright taking me to see Post Offices. All 50 are on the homepage of my website.
