

EX ALDERMAN NEWSLETTER 465 AND CHESTERFIELD UNAPPROVED 410
February 6, 2021

A BANK AND DONUT SHOP REJECTED AND NOW IT'S AN URGENT CARE CENTER FOR THE NORTHEAST CORNER OF CLAYTON ROAD AT BALLAS RD.

The last project for the NE corner of Clayton Road and Ballas was a Bank and Donut Shop. There was opposition from nearby residents. The project if approved will replaced a gas station and 3-bay service station that was torn down 10 years ago.

The location is down the street from one major hospital with an ER and 1 ½ miles from an even bigger hospital with a huge ER. It is also across the street from a medical office building. On Manchester Road there are two Urgent Care offices within a mile of each other; one east and one west of Mason Road. In other words...Just what the world needs...ANOTHER URGENT CARE CENTER.

**NOTICE OF PUBLIC HEARING
PLANNING AND ZONING COMMISSION
CITY OF TOWN AND COUNTRY, MO**

Notice is hereby given that the Planning and Zoning Commission of the City of Town and Country, Missouri will hold a public hearing on Wednesday, February 17, 2021 at 7:00 P.M., in the Municipal Center, 1011 Municipal Center Drive, 63131, via videoconference, to consider a request by Matt Bruckel of Total Access Urgent Care, applicant, for approval of a Preliminary Site Development Plan for a medical clinic at 12151 Clayton Road in the Campus Office (CO) Zoning District, developed under Service Revitalization (SR) Zoning Regulations.

The hearing will be streamed live at the aforementioned date and time, tune in by clicking the "WATCH" banner on our homepage at www.town-and-country.org.

All interested parties may examine all public documents relating to this matter at the Municipal Center by appointment only, or via our website. Please read below for directions on submitting public comments for inclusion in the public hearing. For direct inquiries about the project, please contact City Planner Ryan Spencer at (314) 587-2827.

Ashley McNamara
City Clerk
January 29, 2021

All public documents referenced above can be reviewed online at www.town-and-country.org/386/publicnotices or in-person by special appointment.

Due to current and potentially extended COVID-19 restrictions on gatherings, please forward any public comments for the above noted hearing to Laura Lowell at LowellLM@town-and-country.org before Wednesday, February 17th at 4:30 PM for distribution to the Commission and inclusion in the formal record. If you have questions concerning the submittal of your public comments, contact Laura via email or at (314) 587-2820.

COMING SOON TO A CITY OF TOWN & COUNTRY NEAR YOU:

13027 Starbuck: Starbuck is located off of Mason Road just one block north of Clayton Road. This project is a major renovation to a ranch house.

Current:

Plans:

17 Summerhill Summerhill off of Clayton Road just east of Weidman.

Original House built in 1968 and was almost impossible to see from the street

NOW:

Planned:

CONSERVATION COMMISSION MEETING: The more time I watch the Conversation Commission meetings the more often I think there is no real reason for this commission to exist.

On the agenda was "First Quarter Priority Terra-Cycling. This begs the question of: What is Terra Cycling? This from city staff:

"TerraCycle is Eliminating the Idea of Waste® by recycling the "non-recyclable." Whether it's coffee capsules from your home, pens from a school, or plastic gloves from a manufacturing facility, TerraCycle can collect and recycle almost any form of waste. We partner with individual collectors such as yourself, as well as major consumer product companies, retailers, manufacturers, municipalities, and small businesses across 20 different countries. With your help, we are able to divert millions of pounds of waste from landfills and incinerators each month."

Members of the Conservation Commission were supposed to contact various schools to have them collect items the regular waste service companies will not recycle. This includes things like razor blades.

The meeting didn't start on time. At 12 noon on Monday February 1 the meeting was scheduled to start. They only had three of the six members. The rest appeared on Zoom about five minutes late.

It was clear that each member was supposed to contact certain schools. Here is a sample email:

Example Recruiting Letter

I am a member of the Town and Country Conservation Commission. Our Commission is introducing the Terracycle recycling program into the schools in Town and Country. Terracycle is a private U.S. recycling business that collects non-recyclable waste (in other words, things you can't put in your curbside recycle bin). Terracycle then works with corporate donors to turn the collected waste into raw material to be used in new products. Here is a link to their website: <https://www.terracycle.com/en-US/about-terracycle>

We decided to start with the Gerber Recycling Program as a first step: <https://www.terracycle.com/en-US/brigades/gerber>. There are modest financial proceeds that this program generates. We will report all such proceeds that come from this program and use them to fund other conservation efforts.

Will you participate with us on this initiative? Our Commission will supply you with a collection bin, a sign, and instructions for students, faculty, and parents. We will then regularly empty the bin. All you have to do is advertise the program through school media.

We hope to add other products in the future if this is successful.

I hope your school will participate. If now is not a convenient time, let's discuss when you might do so.

Thank you for your consideration.

Best regards,

Linda Hultgren
T&C Conservation Commission

Chairman of the Commission Ald. Matt Wittmaier went around the horn with no positive response from members. Either they did not call anyone back or they were waiting weeks for a callback from a school.

Wittmaier then suggested they push this back to the 2021-22 school year. The commission members voted to do just that.

Next up was the topic of coyotes, which members knew little about. One member said she hoped none of them got hurt. After talking it around they decided the coyote population in T&C is mostly in the northwest sections of the city. This is false. Coyotes are all over the city.

Ald. Wittmaier talked about having a person from the Missouri Department of Conservation to talk to the commission. He then asked admin staffer Morgan Kuepfert if the Commission was permitted to ask people to come and speak. Oh my God! What an uninformed and stupid question. Morgan said they were.

Next they wanted to keep residents from asking questions. It was decided residents could ask questions by email prior to the meeting but could not participate live during the Zoom meeting.

The meeting was over in just under an hour. Morgan Kuepfert, the only informed person attending the meeting was thankfully going to contact the Department of Conservation in search of a speaker.

POLICE, FIRE AND EMS MEETING:

West County EMS & FPD Chief Jeff Sadtler gave a power point that included the call volume for 2020 and showed calls went down due the pandemic.

Chief Sadtler also said that at the Fire, EMS Task Force Meeting they again showed the city needed two fire houses and full shifts. The costs of the fire stations would be extreme and then the addition of an entire second firehouse crew would mean \$4,000,000 more from the Town and Country budget each year.

As we have said in the past; this is totally unjustified and an attempt by the district to hire more union firefighters and in the best case for the Fire District is have Town and Country with high priced homes come into the Fire District, driving up resident's annual real estate taxes between \$1000 and \$3,000 and making the Fire District rich.

UNAPPROVED CHESTERFIELD NEWSLETTER 410

COVID VACCINES AND THE LOCAL POLICE: We have learned that the Creve Coeur Police have received vaccinations at Mercy Hospital. On Monday all members of the Town and Country Police received shots at St. Louis University Hospital.

Things have been a little less smooth for the Chesterfield Police but everyone who wanted a vaccination will have a shot within the next week. This email is from the command staff of the Chesterfield PD to us about the issue:

We do seem to be on the correct path now. Many of our folks have started making trips to SLUH and will continue to do so periodically throughout the course of the next couple of weeks. From what I can tell it appears that the SLUH folks currently have appointment openings posted through Saturday February 13th.

Last week, the St Louis County DOH opened up a site in Affton at a fire house for first responders to get vaccinated by appointment. Some people reported glitches with that sign-up system with appointments being posted and then later being removed or not being available, etc. I think that might be what Mr. Geisel was referring to. As of today, it appears that those glitches may have also been worked out.

From the feedback I am hearing, it appears that the First Responder vaccinations are going fairly smoothly now.

A NOTE FROM POLICE CHIEF RAY JOHNSON ON CATALYTIC CONVERTER THEFTS: The Chesterfield Police have working on strategies to combat Catalytic Converter thefts, which are occurring region wide. He also added this note:

An interesting thing about the catalytic converters....I'm sure you picked up on the fact they're stealing them from older vehicles as opposed to a few years ago when we had such a rash of thefts. The newer model vehicles are now equipped with catalytic converter made of much cheaper metals and don't hold the same value for the thieves.

CHESTERFIELD POLICE DEPARTMENT Crime Report

TUESDAY JANUARY 26, 2021

20-3241-Stolen vehicle- This department was advised by the Houston Texas Police department that a vehicle which had been listed as stolen (20-3241) on September 12, 2020 by this department had been recovered in their jurisdiction. Further investigation revealed that the vehicle had been involved in a pursuit with the Houston Police department where the vehicle had sustained debilitating damage allowing the suspect who was operating the vehicle to be taken into custody.

Arrested:							
Brief Narrative Description: Unknown subject took delivery package from apartment mail room							

21-322 - Larceny Report

Victim had a package from Walgreens stolen from his apartment vestibule , there were no witnesses or cameras in the area.

21 326	01/26/2021, 1200 01/26/2021, 1200	16XX WESTMEADE DR		WESTBURY PARK	4	2	Fraud Scam
Arrested:							
Brief Narrative Description: Unknown subject convinced victim to send gift cards for fraudulent debt scam.							

21-326 - Fraud Report

Victim was scammed by a subject claiming to be a debt collector representing SSM, and was told if she didn't pay her social security card would be suspended. The victim then went to Walgreens and purchased several gift cards totaling \$1,200.00 dollars and then scratched off the backs and sent pictures of the cards activation numbers to the unknown subject. The phone numbers were found to be bogus when trying to redial.

21 332	01/19/2021, 0900 01/27/2021, 1400	16XXX OLD CHESTERFIELD RD	Fleur De Chic	BURKHARDT PLACE	4	2	Larceny under \$750 Business
Arrested:							
Brief Narrative Description: Unknown subject took delivery package containing paint from mailbox.							

21-332 - Larceny Report

Victim had 6 quarts of paint delivered to her business by the US Postal service, the delivery was confirmed but subjects unknown stole the package. Two cameras were found in the area but no suspects were captured on video, and no witnesses could be found.

Numerous accidents and stranded vehicles during the snow, but none with any serious injuries.

21 339	01/27/2021, 1715 01/27/2021, 1715	6X THF BLVD	Dick's Sporting Goods	CHESTERFIELD COMMONS EAST	6	4	Larceny Over \$750 Shoplifting
Arrested: Stewart, Shawanda D B 33 F Modise, Lucy K B 36 F							
Brief Narrative Description: 36 and 33 yo females pushed shopping carts full of merchandise out of store without paying. After being confronted by officers, subjects attempted to strike officers with vehicle and struck police vehicle causing minor damage. Both subjects taken into custody later without incident at their residence.							

21-339-Stealing/Assault on LEO-64 THF Blvd

Officers responded to Dicks for a report of a stealing. Upon arrival, the suspects entered their car after loading several thousand dollars worth of merchandise. Once loaded, Officers attempted to stop the vehicle at which time the driver attempted to strike the Officers. The vehicle then pulled into the Taco Bell lot by mistake and Officers approached a second time. The driver again attempted to strike the Officers with her vehicle. The vehicle missed the Officers and struck vehicle 16 causing minor damage. The driver then sped off. One of the Officers body camera's recorded the front license plate on the vehicle which came back to a suspect out of St Louis City. Officers responded to the address and arrested both suspects and recovered all of the merchandise stolen. Suspects were later transported to St Louis County Intake awaiting warrant application.

Arrested:							
Brief Narrative Description: Known subject threatened victim with knife and took money from gas station. Investigation ongoing.							

21-352 Robbery – At 5:25AM, a cashier at the Phillips 66 on Chesterfield Airport Rd., “The Wedge”, opened the store and was standing outside having a cigarette. An

unidentified male confronted her on the parking lot, said he had a knife and forced her to go inside and open the safe. The suspect stole a large amount of cash and was last seen running west. Investigators questioned the clerk's story and quickly identified a suspect. Within a couple of hours, the suspect was arrested at his residence in the city and most of the stolen cash recovered. A warrant was obtained for Robbery 1st Degree and bond set at \$100,000. The investigation is on-going.

21-353 Found Property – A motorist found a baby backpack on Chesterfield Parkway E and Schoettler Valley Dr. At the time of this EOS, the owner had not been identified and the backpack was placed in safekeeping.

21-354 Sex Abuse – A Maryland Heights resident came to the station to report the possible abuse of her 3-year-old daughter. The suspected abuse may have occurred on 1/27/21, at a daycare center in Chesterfield. The investigation is on-going.

TRASH SERVICE: Republic offers new rates in an attempt to avoid bids: At the second City Council of January the Council dumped the recommended five-year extension of a trash pick up contract with Republic Services to provide trash and recycling pickup for Chesterfield.

Dan Hurt said it best, that he was happy with the service provided by Republic but could not see granting a company 21-years of no-bid contracts, calling it “bad government,” Of course Hurt was right. Barb McGuinness, Ben Keathley, Michele Ohley and Tom DeCampi agreed and voted not to accept a new contract but have the service go to bids. Mike Moore, Mary Ann Mastorakos and Mary Monachella voted to continue “bad government” and extend no-bid for Republic to 21-years.

On Thursday January 28, Susan Piazza, manager of Municipal Services for Republic sent an e-mail to Chesterfield staff and elected officials offering to lower rates in a new contract, especially for seniors, cutting their rates from 10% to 15%. Piazza needed to put this in the form of a bid. She clearly did not understand that the councilpersons like the service given by Republic and staff was okay with the contract, however the right thing to do is to put long term government-contracted work OUT FOR BID.

Here is Piazza’s email:

From: Piazza, Susan <SPiazza@republicservices.com>

Subject: Republic Services Contract

Hello Mr. Geisel and Chesterfield Council Members:

We truly appreciate our long-term relationship with the staff, council and residents of Chesterfield. We moved forward in good faith in providing a complete package for consideration by the council to extend, backed with the support of the PPW committee (twice) approving our proposal to extend to go to council. We not only updated pricing, including a 15% senior discount, but also created a new/unique optional yard waste program, and negotiated an entirely new contract for consideration. I understand that legally we can still negotiate an extension, since there is not an RFP drafted or published. To that end, I would like to amend our proposal, including addressing concerns that were mentioned at the 1/19 council meeting:

1. Late notification of Friday Yard waste misses: we will provide an email address to residents, as well as a cell phone #, for Friday customers to contact us late in evening/early morning Saturday, after our Customer Resource Center has closed, to ensure they are placed on the Saturday route if they were missed on Friday. If for some reason pickup does not occur at their address that

Saturday, we will provide a 25% credit of the monthly yard waste service cost on their next invoice. We will add this to the contract language.

2. Concern regarding fluctuation of the CPI Water, Sewer, Trash Index – I propose to cap this index rate at a maximum of 2.5%; should the index fall below 2.5%, your price increase will be lower as well; 2.5% or higher, it will not exceed 2.5%.
3. Adjust year one (begins 8/1/2021) pricing to remain at current level - \$14.58 for non-seniors, and still increase the senior discount to 15%. This will result in a reduction for Seniors from their current rate of \$13.12/month to \$12.39/month.

I kindly request re-consideration of the vote to go to bid, and to consider an extension with the above changes. Should this be approved, I will provide updated contract language to coincide with the above. I have attached a price sheet with updates in red for your review.

Thank you for your time and your consideration.

Susan Piazza
 Manager, Municipal Sales

Here is the new contract offer:

CURRENT SERVICES Chesterfield MO Pricing Proposal August 1 - July 31 contract year <i>Price stated per month ; billed quarterly by RSG</i>			Trash 1/wk Rec 1/wk	Senior Rate	Optional Yard Waste

			Index cap of 2.5%					

CITY COUNCIL MEETING: The most interesting items at the Council meeting were not those on the agenda. First was hearing from citizens.

Susan Piazza, of Republic Services, who isn't a resident from Chesterfield but lives in Alton, Illinois spoke trying to resell Republic's new contract offer to avoid going out for bids for the first time in 16 years. Republic has the contract to provide trash hauling and recycling services to the residents who have to pay the bills.

Susan Piazza

It sounded like she had a friend on the Zoom teleconference in Mayor Nation who said the Council could consider Republic’s newest offer if they voted not to go to bids. By the end of the meeting no councilperson made a motion to do that.

One complaint had been if Republic missed a pickup, they would get it the next day, unless the pickup was missed on a Friday. Then it would wait until Monday. Piazza agreed to have the missed Friday trash picked up the next day, on a Saturday.

Next up was resident Brian Markus of Richland Drive who complained of a lack of Code enforcement of clear violations in plain view to police officers and/or code inspectors. (Code inspection is part of the Chesterfield Police Department.)

Hello,

I have been a proud resident of Chesterfield for nearly 13 years. I have seen many positive changes in our community over that span and I hope I have helped influence some of that change by being an active member of our community and staying in contact with our code

enforcement leaders. I have been dealing with issues with rental property owners in Shenandoah since my early years and continue to see struggles with maintenance and willingness to resolve matters. I myself am a rental property owner in the city of St. Louis and each time I have a vacancy I have to go thru an inspection. I used to think of this process as an unnecessary step because I hold myself to the highest standard in ensuring my tenants have a nice place to make a home...I have come to see the importance of this process after dealing with so many difficult situations at properties near me...especially the vile living conditions previously seen at 1153 Richland. After several years of talking with the owner at 1153 and reporting issues to code enforcement, the owner decided to sell the property. I am now trying to resolve an issue at 1159 Richland where the tenant has set up a tire shop in his front yard. I have seen several cars pulling up from time to time to load up tires. I've spent over a year contacting the owner directly to take corrective action. Unfortunately, things have not improved and I'm coming to the city of Chesterfield for help. I would like the city to evaluate implementing an inspection process for residential home rental properties and for your help to resolve the tire shop and unsightly inventory of tires at 1159 Richland Dr.

Please do not hesitate to contact me with any questions.

Thanks

Brian Markus

1135 Richland Dr

When I worked as both a police officer/police captain in Chevy Chase, Maryland located in Montgomery County and later when I did transportation enforcement for Montgomery County the rule for a county of 1,000,000 residents was that code inspectors only responded to called in or written complaints. They were not suppose to do on-view enforcement.

That is somewhat the case in Chesterfield and Town and Country. Here is the problem. There is a clear ongoing code violation, but you are afraid to call it in or send an email because your neighbor is a little crazy and you don't want him turning on you. The police drive by everyday and never report it to the code inspector. They don't want the crazy guy mad at them.

Unfortunately that is what the cops are paid for. However, they need clear direction that it is part of the job and calling code enforcement about a guy running a tire store out of his garage and driveway is expected by the city. Apparently the guy on Richland works at a tire store in St. Ann and also opened one in his subdivision in violation of the housing code and without a business license to boot.

FAIRGROUNDS? WILL THERE BE A FERRIS WHEEL AND FRIED TWINKIES?

The developer wanted to build apartments, the city did not want apartments across the street from a large Veterans Memorial and the city amphitheater. So the city bought the 7.8 acres for \$6,900,000 at a time of reduced sales tax revenue and a tight budget.

In a city memo and on the official agenda, the lot was referred to as the “Chesterfield Fairgrounds.” It is supposed to be open park land with a parking lot for the theater and for events at the Veterans Honor Park. Below is a memo with the Fairgrounds reference.

FROM: James A. Eckrich, P.E. 
Public Works Dir. / City Engineer

DATE: January 13, 2021

See Bill No. 3335

RE: Chesterfield Fairgrounds Easements

As you know, in November of 2020 the City of Chesterfield purchased approximately 7.8 acres of property adjacent to Central Park, on the east side of Veterans Place Drive. This property is known as the “Fairgrounds”, and is described in detail within the attached memorandum from Civil Engineer Steve Merk.

This caused Councilwoman Barb McGuinness to ask, “A name means something. How did you come up with the name Chesterfield Fairgrounds? Fairgrounds sounds to me that we are going to put up a Ferris Wheel and sell fried Twinkies.”

A confession was then made that staff didn’t know what to call the property and someone put the tag “Fairgrounds” on the property. Someone then suggested the city could hold a naming contest for residents to submit names for the park.

The bill concerning MSD work was first read and the city administrator, Mike Geisel said it could be changed to something else before the second reading.

CANDIDATE MAKING FALSE CLAIMS: Gene Schenberg, the man who wanted the Council to make it legal to shoot squirrels at your house, is making some interesting and untrue claims in his campaign mailers and very interesting statements on his website.

In 2008 Councilwoman Jane Durrell resigned her seat as a Ward-1 councilperson. Mayor Jon Nations appointed Schenberg to the Council in the middle of Durrell’s term. Schenberg ran to serve a full term in the 2009 election. He lost to Matt Segal with Segal getting 60% of the vote. Burt he did have time right before the election to vote for the city to enter a 10-year \$800,000 lease for a vacant lot that no one knew what to do with.

First lie: Asking voters to **reelect** him. This is from a campaign flier that was just mailed:

Dear Neighbor,

I hope you had a safe and happy holiday season!

This letter is to remind you of who I am, to share my views on municipal policy, and to ask you to study the candidates and issues and consider investing your vote in me for re-election to the Chesterfield City Council for Ward 1. I say re-election because I served on the Council when our former, much beloved and longtime Councilmember Jane Durrell selected me to replace her when it became necessary for her to retire midterm. I am proud to announce that Jane Durrell is my Treasurer for this campaign. It is an honor to have her leadership experience and wisdom on my side.

My platform is simple and straightforward:

- 1) 100% government transparency on all matters affecting the public & taxpayers.
- 2) Make every decision through the filter of keeping property values at their highest.
- 3) Do anything and everything to get businesses back open safely.
- 4) Ensure the Police are fully funded to protect & serve and keep Chesterfield safe.
- 5) Continue to enable well planned business and residential growth in Chesterfield.
- 6) and finally, no new taxes!

You have to be elected to a position to get reelected. Schenberg's only attempt at winning an election resulted in him getting just under 40% of the vote.

APPARENTLY ACCORDING TO GENE YOU CAN DRINK THE BLEACH OR INJECT IT: This is from Schenberg's website.

Science tells us that COVID affects our older population far more and far worse than our under 50 residents. Science also tells us that COVID can't survive in sunlight and being outside and socially distanced is completely safe for those not otherwise at risk. I support every effort to protect our most venerable residents and follow all mandated guidelines. At the same time however, I think younger adults and children should follow the science and be allowed to be outdoors.

Much like Donald Trump Gene claimed Sunlight will kill COVID. What? Tell that to the people in California and Florida now in plastic bags because the morgues are full. Tell that to the people attending Trump White House events and rallies outside that came down with COVID.

This is also from his website where he claimed Barb McGuinness was against people having fun.

Unlike my opponent, had I been on Council at the time, I would not have voted to cancel the fireworks, public pool and public concerts which you, the taxpayers had already paid for. These outdoor events could and should have been safely enjoyed outdoors by our citizens. The Chesterfield Chamber of Commerce was able to hold their concerts with masks and socially distancing. No one attending these events contracted COVID. My opponent voted across the board to cancel all of these events in 2020.

Gene was again incorrect claiming the city had already paid for fireworks. It was CANCELLED. The biggest cost of running the pool is the employees and lifeguards. People should be wearing masks. What can you not wear and swim. The Parks Director told the Council due to the fear of COVID he was having trouble finding college students qualified to be lifeguards. Without enough lifeguards you cannot open the pools, unless if you are Gene Schenberg apparently.

The County closed Parks and most other munis including Webster Grove and Kirkwood closed their pools and most cancelled Fireworks shows. It wasn't like Barb McGuinness had one vote power to close pools, parks and fireworks, six other council people voted for the closures. Tom DeCampi voted against some of the closures. The point of the closures was safety and keeping people healthy. Apparently Schenberg thinks having fun out weights staying alive.

TRANSPARENT MEETING: I agree with Gene on this one thing. The F&A was held at city hall and city hall was closed to the public due to COVID. The public could not attend.

I'm an open book when it comes to leading in Chesterfield. I work for you and you are entitled to know the facts and truths about everything we do that impacts you as a resident and a taxpayer. My opponent's actions seem to indicate a different approach. Take the 9/22 Finance and Administration meeting which my opponent chairs. Should have been a Zoom meeting for all citizens to see as City Hall was closed due to COVID.

Oddly enough, it was held in person with no public attendance and no Zoom recording. In that meeting, my opponent directed staff to look into "exploring alternative sources of revenue", & "look at property tax on residential and commercial properties" [9/22 meeting minutes, page 4].

It is in the same "meeting violation" one of the attendees contracted COVID and was out for 2 weeks.

The employees apparently wanted the meeting at City Hall for their convenience. However, it wasn't secret. There was an audio recording of the meeting. All you had to do was ask the city clerk's office for a copy. I did.

Finally McGuinness has been against any real estate taxes levied, but she did asked to have staff produce all possible sources of revenue so it would be on the table. The city was going into deficit spending and when that happens you have to look at two things; how to raise more money or what services to cut.

This picture is on Schenberg website claiming he was being sworn in for "his" first term. Gene has never had a "term" on the City Council. He was never elected. He was being sworn in to finish the last half of Jane Durrell's 2-year term after being appointed.

You can call them lies or false claims, but Gene's mailer and website are full of them.

IN CASE YOU ARE WONDERING ABOUT ALL THE POLICE AT QUEENY PARK:

The County Police are now using the Queeny House, most recently the AKC Museum of the Dog, for training classes. On February 3, a large portion of the Mason Road parking lot was taken up with marked and unmarked cop cars.
