BJC BID TO TAKE FITNESS CENTER AND TURN IT INTO A REHAB HOSPITAL PASSES T&C P&Z ON A 7-1 VOTE. At the May Town and Country Planning and Zoning meeting the only complaints about the BJC project came Ballwin residents living in nearby condos, concern about the increase in traffic.

Barnes-Jewish-Children's Hospital wants to buy the now closed Wellbridge fitness center/gym and turn it into a 78,700 sq foot rehab hospital. The site is located at the dead end of Woods Mill Road south of Clayton Road and the Town & Country Crossing shopping center.

The closed Wellbridge fitness center at 998 Woods

Mill Rd.

After the rehab people go home and the last meal is served, rehab hospitals are like a ghost town, with just a long night shift of nurses. I know I spent a month in two different ones in 2019. But they do have more employees than a fitness center and more visits by ambulances.

Proposed rehab hospital

The building plans for the Rehab Hospital are before the Architectural Review Board on Monday June 6 at 5:30pm.

Everything is under control at this point, but, I wanted to make you aware of the likelihood of media inquiries and/or media coverage.

NO MORE MURDERS SOLVED AT THE LIBRARY: Variety is reporting that the Aurora Teagarden Mysteries has been cancelled with the last new 2-hour show

appearing in February. This was the best of the shows on the Hallmark Mystery channel, with the best writing and actors. The lead character is Aurora Teagarden who works at the Library and somehow over time solves a lot of murders in a small town.

The star of the show, Candace Cameron Bure, has left Hallmark and signed a deal with GAC Media. Teagarden repeats are still being shown regularly on Hallmark Mysteries.

I quit buying Hallmark Cards 41 years ago when Hallmark created a bogus construction company to under bid real construction companies to build the Hyatt Regency Hotel near the Hallmark HQ in Kansas City. When the hotel opened, wildly popular Friday night Tea Dances were held in the lobby and were very popular with older Kansas Citians. Many would go up on a skywalk and listen to the band and watch the dancers.

Then on July 17, 1981 the Skywalk in a brand new building, collapsed killing 114 people. It was determined that the phony Hallmark construction company that built the skywalks did not meet KC Building codes. The National Bureau of Standards' year long investigation into the collapse found:

The loads on the hanger rods and hanger-rod-to-box-beam connections at the time of the collapse were significantly less than the loads required by the Kansas City Building Code

I always considered that Hallmark had murdered 114 people and have never since bought a Hallmark Card. At the time I was doing insurance fraud and arson investigations off-duty from my suburban KC police job and did investigate several claims by people that they were at the tea dance on July 17 when in fact they were not.

This said I was never a big fan of the Hallmark cable channels, but the Teagarden murder mysteries were an exception.
