Officer Debisschop to the rescue!

On 06-06-22, Officer Cody Debisschop received a call for a fawn that was being chased by a fox. Upon Officer Debisschop's arrival, he located and rescued the little fella.

Deer was returned to the area where he had been seen with his mother. Hopefully she could do as good a job of looking after him as Officer Debisschop did.

**INFLATION AND ANOTHER BITE INTO THE TOWN & COUNTRY BUDGET:** On Monday June 13 the alderpersons had to approve adding \$31,637 to the Parks Budget due to increases in the cost of doing resurfacing the trails at Longview Park and Drace Park.

This increase is the type locally and nationwide due to the rapid increase of inflation rates. The money was this project was first budgeted 10 months ago.

Here are the numbers:

**PARKS & STORMWATER FUND**

ACCOUNT NO./TITLE	CHANGE FROM	TO	INCREASE (DECREASE)
50-95-55510 Longview Farm Park	\$ 142,850.00	\$ 169,811.60	\$ 26,961.60
50-95-55515 Drace Park	\$ 475,200.00	\$ 479,876.00	\$ 4,676.00

The resurfacing is important to avoid more costly repair costs in the future.

**TOWN AND COUNTRY BOARD OF ALDERMEN MEETING:**

**BALLWIN RESIDENTS SHOW UP AND SPEAK UP ABOUT PROPOSED BJC REHAB HOSPITAL NEAR THEIR HOMES.** There are five homes on the west side of S. Woods Mill Road south of the planned BJC rehab hospital at the site of the former Wellbridge fitness center.

BJC and development planner George Stock were trying to acknowledge the neighbors and had planned a sidewalk so people could walk to the stores in the Town and Country Crossing shopping center and to the Schnucks supermarket.

Proposed rehab hospital

First of several to speak was Maggie Heinze, who lives at 865 Woods Mill Road. She stated that she did not think there were enough parking spaces (125 spaces) for the 95-day shift employees and 45-night shift workers during shift changes.

She added that on holidays the parking lot would be overfilled with staff and people visiting patients.

Heinze's home

View across the street at the south end of parking lot and Hwy 141.

Maggie Heinze

Maggie Heinze made a nice presentation until her ending. She asked if maybe they (BJC) could turn off the parking lot lights at night. Oh yeah! Maybe BJC could call and notify car clouters in Wright City and North County that their parking lot is now perfect for them to visit and a great place for vanishing catalytic converters.

In a presentation by George Stock, he said they planned to change the color of bricks used on one section of the building to a darker color.

The bills approving this project were just first read.

**THE TWIN FARMS POND:** On the agenda was a bill for a second reading to be passed to provide \$20,000 to the subdivision to use to improve the pond's banks and other issues. The recent work on the pond by the city was part of an overall stormwater project that affected residents north of the pond out of the Twin Farms subdivision.

The residents are all complaining about the construction leaving their pond ugly and unsafe to get to due to steep banks. They are also complaining about the amount of money being offered by the city as the \$20,000 is less than half of their lowest estimate to make the repairs/improvements.

This all started in 2011 with plans and didn't finish until 2020. All the elected alderpersons were not on the Board when this started. However, subdivision resident Lynn Wright was a longtime alderwoman by 2011. A shot was taken at her on Monday night.

"Lynn Wright said, 'Don't worry. Town and Country Does it right,'" said Tom Clemens.

Lynn Wright

A subdivision trustee Dr. Kevin Mahoney then took another shot at Town and Country. "I kept reasoning with them (at the beginning in 2011) it was a pleasure to work with Town and Country."

Ward-1 Alderwoman Pam Holman moved to have the bill be continued to the next meeting (to find additional money). This was seconded by the other Ward-1 alderwoman, Barbara Ann Hughes. Then the trouble started. The alderpersons would not pass the continuance.

Ward-2's Holly Even and Fritz Wiesehan voted against the continuance as did Ward-3's Michelle Francisco and Ward-4's Jeff Parrotte. It was a 4-4 tie, Mayor Rehm broke the tie by voting for the continuance.

tie breaker Mayr Dr. Charley Rehm

Now the next question is, to raise the amount of money for the project what part of the budget do you steal it from?

If you would like to read about this there is both a memo and the bill itself on the city Alderman Packet on the website that has the history of the project

<https://www.town-and-country.org/DocumentCenter/View/6749/061322-BOA-Packet>

Pond Before City project

Pond after City project

Also present speaking on the matter was another well-known subdivision resident, John Diehl, former Missouri Speaker of the House who was forced to resign in 2015 over an

alleged affair with a 19-year-old college intern, who gave texts she received from Diehl to the Kansas City Star.

2022 Diehl

2015 Diehl ad 19-yr-old Intern

Here are just some of the texts that were clean:

In one exchange obtained by the Star, Diehl texted the intern: “Laying in bed looking at your pic :)”

The intern responds: “Mmm why can’t I be there :)”

Diehl: “I was thinking abut [sic] what you said you wear to bed”

Intern: “Nothing (winking face emoji)”

Diehl: “Same”

Intern: “Oh is that so? I’ll find out soon enough”

Diehl: “Ya think (emoji with winking face and tongue sticking out)”

Intern: “I hope so”

Diehl: “Mmmmm”

Intern: “(winking emoji) (blowing kisses emoji)”

Diehl: “I am soooo distracted right now”

Intern: “How bad? ;)”

Diehl: “Very bad. You would be in trouble if you were here”

This brought some national attention to Missouri and Town and Country as stories appeared in the NY Times and newspapers across the country, on NBC and on Political websites.

**THE TOWN AND COUNTRY LEGAL BILL:** The monthly bill from the city’s law firm, Curtiss, Heinz, Garrett and O’Keefe was submitted at the first aldermanic meeting instead of the usual practice of having it paid at the second meeting.

As usual let’s start with the Lamb litigation where a builder of a monster house was not required by the city to follow code requirements for water issues resulting in the damage to a classic mid-century modern house designed by well-known St. Louis architect Ralph Fournier.

**POLICE RESPONSES ON MENTAL HEALTH CALLS ACTUALLY WENT DOWN AT THE START OF COVID, BUT ARE HEADED BACK UP IN 2022.** The Chesterfield Police have specially trained officers to respond to possible mental health related calls. These are CIT calls, or Crisis Intervention Team calls.

Thinking that surely these calls went up in 2020 when all the COVID restrictions and mask requirements went into effect, these calls would surely go up from 2019 the last full year with no pandemic. It turns out I was wrong until this year. Here are the numbers:

2019 130 CIT calls  
2020 96 CIT calls  
2021 89 CIT calls

These calls actually dropped by large numbers. That is until this year.

In 2022 through June 13 there have been 64-CIT calls, with six and a half months to the end of the year.

**POLICE CHIEF REPEATS HIMSELF IN EXPLAINING TO THE CITY COUNCIL ABOUT THE DEPARTMENT’S POLICY OF DEALING WITH SHOOTING THREATS IN SCHOOLS:** At the June 7 City Council meeting toward the end of the evening, Chesterfield Police Chief Ray Johnson was asked to speak to the Council about the department’s policy concerning shooters or assaults in progress at schools.

Chief Ray Johnson

Chief Johnson pointed out that slightly over 10-percent of the department’s 100+ officers are “School Resource Officers.” Officers are specially assigned to high schools and middle schools in both the Parkway and Rockwood School Districts. There are six other officers assigned several elementary schools each.

Per departmental policy SROs or responding patrol officers are instructed on “armed person in school” calls or active shooters not to wait for tactical units to respond, but to confront the suspect and take them out if necessary. He added all the school officers have had training in this.

**FORMER CHESTERFIELD RESIDENT AND STEP-SON OF LOSING WARD-4 CANDIDATE ARRESTED WITH 30 OTHERS IN MASKS READY TO ATTACK GAY PRIDE PARADE IN COEUR D'ALENE IDAHO.**

Mitchell F Wagner, 24, out on bond for vandalizing and defacing a mural showing black leaders of the last 100 years on the campus of Washington University, was arrested on Saturday in Coeur D'Alene for Conspiracy to Riot.

Mitchell Wagner

Mitchell had lived with his father, anesthesiologist Dr. Frederick Wagner and step-mother Tamara Wagner at 144 S. Eatherton Rd. He was found in the back of a U-Haul truck with 30 other members of the right wing group Patriot Front. The members were wearing khakis, hats with Patriot Front emblems on them and held riot shields.

A person saw them getting into the truck and called the police. A Gay Pride Parade was about to be held in Coeur D' Alene.

Mitchell's current 832 sq ft Florissant pad at 20 Canisius Lane, owned by his father's company, Wagner Properties and Land Management, The business shows an address at the mansion at 144 S. Eatherton Rd in Chesterfield.

Here is an account of the arrests posted on Sunday June 12 on the KXLY.com TV station news website:

## Police: 31 members of white nationalist group arrested near Coeur d'Alene pride event

COEUR D'ALENE, ID. — Thirty-one people affiliated with the white nationalist group “Patriot Front” were arrested in downtown Coeur d’Alene Saturday.

Coeur d’Alene Police Chief Lee White said all 31 people are being charged with conspiracy to riot, which is a misdemeanor charge in Idaho. Police believe they were headed to riot at the Pride Festival.

Some have already been booked into jail, while others are still waiting to be processed. The Kootenai County Jail roster lists those involved as:

White said they were alerted to the group thanks to an alert citizen who “saw something” and reported it. He said they developed probable cause to arrest those involved based on the gear they had. He said they were equipped with shields and other riot gear.

Police are still working to book all of those involved into jail but said those arrested traveled to North Idaho from Texas, Utah, Colorado, South Dakota, Illinois, Arkansas, Wyoming, Washington, Oregon and Virginia. One person was from Idaho.

White said they were all in matching khakis, shirts and hats, some of which had Patriot Front insignias on them.

The Coeur d'Alene Police Department worked with the Kootenai County Sheriff's Office and FBI to make the arrests. Despite a nearly full jail, Kootenai County Sheriff Robert Norris said they will "find the room for these 31 people."

Those arrested will make their first appearance in court on Monday.

Two other people were arrested at the Pride in the Park event; one for trespassing and another for disorderly conduct.

Wagner was charged with Felony Property Damage 1<sup>st</sup> Degree after he defaced the mural honoring black leaders at Washington University. He is still pending trial.

### **MANCHSTER MAN CHARGED WITH RIDING HIS HARLEY-DAVIDSON AND SHOOTING AT AN ICE CREAM SHOP AND MOTORISTS ON MANCHESTER ROAD**

West County is turning into The New North County with shooting incidents two days in a row. On Sunday June 12, two days before the shooting in front of Delmar Gardens in Town and Country, Jeffrey Burnett, 52, of 15 Forester in Manchester, MO decided to shoot up an Ice Cream store and a number of motorists' cars along Manchester Road while he rode by on his Harley-Davidson.

Count: 06 ARMED CRIMINAL ACTION

Count: 07 UNLAWFUL USE OF WEAPON - SUBSECTION 9 - SHOOT AT/FROM MOTOR VEHICLE, AT PERSON, MOTOR VEHICLE OR BUILDING, RESULTING IN DEATH OR INJURY

Count: 08 ARMED CRIMINAL ACTION

The facts supporting this belief are as follows:

As a result of a multi-agency/multi-jurisdictional investigation, it was determined that suspect Jeffery Burnett rode a motorcycle and shot at multiple victims located in Ellisville and Wildwood, MO during the early evening hours of June 12, 2022. The suspect's image was captured on traffic cameras and showed the suspect driving in the area, just prior to the shootings, riding a motorcycle and carrying what appears to be a firearm.

The first reported shooting incident occurred at 16043 Manchester Rd at the Silky's Frozen Custard retail store. The store suffered ballistic damage to the front glass door and a commercial freezer located inside the store. Moments later, the second shooting incident involved a white Explorer near Manchester and Old State roads. The Explorer showed signs of ballistic damage to the driver's side of the vehicle. Thereafter, near Manchester and Strecker roads, the third vehicle was shot. The driver of this vehicle, victim, C.B. suffered lacerations due to glass shards as a result of the shooting. Ballistic damage near the driver's window, driver's head-rest and other areas of the passenger compartment were documented. The final shooting incident in St. Louis County occurred near Highways 100 and 109 in Wildwood, MO. In this incident, the suspect again fired a firearm while operating a motor vehicle and shot at a motor vehicle, a 2019 Nissan Rogue. In this incident, victim, R.T. suffered a laceration on his leg due to broken glass as a result of the shooting. Ballistic damage to the Nissan Rogue was noted on the driver's side of the vehicle as well as the windshield.

From this shooting, the suspect fled into Franklin County, MO and was pursued by State

Highway Patrol. The suspect re-entered St. Louis County in Eureka, MO near highway 44. The suspect crashed his motorcycle near Highway 44 and Six Flags Rd and thereafter fled on foot. Suspect Jeffrey Burnett was thereafter taken into custody at which time a firearm, a Mac-10 was recovered. Shell casings located at the scenes are consistent with the type of ammunition fired by this weapon. The suspect made spontaneous incriminating statements while getting medical treatment at the hospital.

(a) I believe that the defendant poses a danger to the community or to any other person because of the random and violent nature of these crimes.

Burnett is being held at the County Jail on a \$350,000 cash only bond.

**THEY ARE BACK:** My wife and my favorite seedless watermelons are back. They are Sarah's Watermelons from the Frey Farms in Southern Illinois and are always in stock at Trader Joes. Just look for the Sarah sticker.

Not only do I like the watermelons. I like the story behind Sarah Frey.

The youngest of 21 children, Sarah Frey grew up on a struggling farm in Southern Illinois. At 15, she started her own fresh produce delivery business out of an old pickup truck. Two years later she took over the family farm and started doing business with the largest grocery retailers in the country. Frey's story is one of

never giving up, negotiating with some of the biggest businesses in the nation and building a company which serves consumers with fresh, healthy products. Frey Farms is the nation's leading producer of pumpkins, earning Frey the nickname "America's Pumpkin Queen."
