

EX ALDERMAN NEWSLETTER 543 AND CHESTERFIELD UNAPPROVED 488

AUGUST 6, 2022

SPECIAL BOARD OF ALDERMEN MEETING HELD ON TUESDAY AUGUST 2 AT THE PEOPLE'S NATIONAL BANK ON SOTUH OUTER FORTY. The Board of Aldermen held a meeting at the People's National Bank on South Outer Forty Road on Tuesday August 2. It was the summer Work Shop meeting with no agenda items to be voted on.

Few people were aware of the meeting. Here was the agenda

NOTICE OF BOARD OF ALDERMEN WORK SHOP

Notice is hereby given that the Board of Aldermen will hold their Annual Work Shop on Tuesday, August 2, 2022, at 1:00 PM, in-person at Peoples National Bank 14323 S. Outer Forty Road, Town & Country, MO, 63017, on the following items:

AGENDA

1. Call to Order
2. Presentation – Stormwater Program
3. Presentation and Discussion – Financial Analysis and Forecast
4. Discussion – Long-Term Capital Planning & Expenses
5. Discussion – Annexation/Requests for Boundary Adjustment
6. Wrap Up
7. Adjourn - 4:00 PM

Few residents were aware of this meeting. There was no video made to share with the public, making it somewhat “secret.” In the past at these meetings officials like to be able to ask questions that someone might feel are stupid or uninformed. However, “Open Government” should be considered a top priority and if nothing else an audio recording of the meeting should be posted.

I was unable to attend the meeting. If I can listen to a recording of the meeting we will feature highlights next week.

The meeting was moved to a bank because it was held on election day and the City Hall was a polling place on Tuesday.

People's National Bank

Speaking of election day, we heard complaints of lines out the days at the Chesterfield City Hall late in the Morning. A total of 1,225 people voted at Chesterfield City Hall.

I voted at the Town and Country City Hall at 2:30 and there was no waiting and the elections staff had not yet hit the fatigue wall from being at work since 5:30. They were very nice and voting moved quickly. 1,205 voters used the T&C City Hall.

The location with the lowest voter turnout was the LeMaster Elementary School in the Riverview Gardens School District in North County, where only 156 people voted.

GONE! 1609 TOPPING ROAD

Built in 1941 the 2,184 sq foot frame house with 3 bedrooms and 2 baths said goodbye to the world last week.

Here is the replacement house at 4,200 sq ft.

AND THEN THERE IS THIS JUST UP THE STREET AT 12910 TOPPING ESTATES NORTH

The original 2,172 sq ft 3-bedroom, 3-bath house was built in 1959.

The new house is planned to have 4,719 square feet

TOWN & COUNTRY POLICE HELP IN ARREST IN CREVE COEUR:

[Amanda Nelson](#) Chaminade Park • 8 hr ago

A man was arrested in our back yard tonight around 2:30am. I happened to be awake feeding our baby when I saw many police lights from both Chaminade Park and the neighborhood directly behind us, to the north, so kept an eye out the window. I called police when I saw someone running through our backyard. We believe he tried to enter our home at the walk out basement (thank God the door was locked) and then hid under our deck where the police arrested him. What I learned was that this arrest stemmed from a traffic stop in St. Charles, from where he tried to escape arrest for a felony violation. Police from Town and Country, Ladue and Creve Couer were at the scene. They will be doing a more thorough search. I couldn't get all the details but it seemed unclear if the police were looking for another person. Thankful for the police department tonight. If anyone has more info, please share.

1-10 Chaminade Drive, Creve Coeur, MO

The homeowner feeding her baby had better information than the Creve Coeur Police were providing.

Advisory

Police Activity in Area

There is police activity in the area of S. Spode Rd and Chaminade from an overnight arrest. A suspect wanted by St. Charles City PD, was arrested overnight in the area. Officers are continuing to search the area for evidence.

The suspect is **IN CUSTODY** without incident.

UNAPPROVED CHESTERFIELD NEWSLETTER 488

AUGUST 6, 2022

CITY ADMINISTRATOR AND MAYOR LABEL ME AS ERRANT AND INACCURATE IN REPORTING ABOUT THE MOST DANGEROUS MAN IN WEST COUNTY. Mayor Bob Nation and City Administrator Mike Geisel were asked at a recent meeting of the Chesterfield Round Table.

Acclaimed Post-Dispatch columnist Bill McClellan mentioned this newsletter/website column on the Donnybrook Show and a week later in his weekly column in the Post-Dispatch.

At the July 25 9am meeting of the old retired guys known Round Table, 71-year-old Chesterfield Mayor Bob Nation and youngster 62-year-old City Administrator Mike Geisel were asked to comment on Bill's reference to my website and the Drunks and Thieves columns. I'm told they disputed my findings, which are based on public police reports and open court records.

Geisel and Nation said they would try and get Engelmeyer to attend a meeting and speak on the topic.

my request and I've asked him to participate in our meeting scheduled for August 8th, at 9 am.

Please include Tim on the top of the agenda for the 8/8 meeting and he can inform and educate all of us relative to the Courts position, actions, and limitations.... He does an excellent job, so please have your questions ready.... I've found him to be open and transparent, and more than willing to discuss any issue.

In this email Geisel wrote that I'm errant and inaccurate. All the stories I write about court cases are based on PUBLIC RECORD POLICE REPORTS and COURT RECORDS. I would like to know how I'm inaccurate.

TO: Mike Geisel, City Administrator
City of Chesterfield

FROM: John Hoffmann

REF: Inaccurate Reporting

I was forwarded your e-mail to the Round Table about how my reporting on DWI and Stealing cases is "inaccurate."

I have been doing my Drunks and Thieves column on my website since 2012 and have not been made aware of any inaccurate articles. They are all posted on the website.

The columns concerning Chesterfield cases are all based on your (Chesterfield) open public police reports and public court records. I've been doing the Drunks and Thieves since 2012 and in 10 years no one had complained about me being inaccurate. Some asked to have their name or photo removed, but no one until you in 2022 has complained about inaccuracy.

I like to be accurate. I'm requesting that you please provide the inaccurate articles so they can be fixed or pulled.

John Hoffmann

Here was the response:

John:

Thanks for asking... However, neither your name, nor your articles came up one time during the conversation. Never happened.

One individual made a statement about Chesterfield Courts. When asked, he referred to a recent article in STL Today. An article that he referenced, that frankly I never read. I went on to suggest that one should not take such columns as gospel until you have heard both sides. At which time I suggested that our Prosecuting Attorney would be made available to respond directly to the individual who made the assertions, but he had not referenced or cited any individual case.

You were never the subject of the conversation.

The sunshine law requires that the City produce any existing record that the City possesses. Your query does not make such a request. and the It is based on an inaccurate representation of my comments and the subject thereof.

I responded with this email:

On Jul 29, 2022, at 11:50 PM, johnhoffmann@charter.net wrote:

I'm not why the Sunshine Law should apply about me being called inaccurate and me asking what I was not accurate about.

Mike,

Funny, that my name nor articles never came up because I happened to get the following email from Bill McClellan that indicted my name and work came up at the meeting.

I got an e-mail from a fellow who is a member of the Men's Club of Chesterfield. He told me the mayor and city manager were at a recent meeting when somebody brought up the column in which I said you had written a lot about "justice" in Chesterfield and Town and Country and had cited cases where drunk drivers got off with no records and no points. Apparently, they disputed this and said that Tim Engelmeyer would be available for a Zoom meeting on August 8th to discuss this.

The fellow who sent me the e-mail said I would be welcome to join the meeting. Have you heard about this? Do you have any interest?

Bill

Next I got this email from Mike Geisel:

Dont think Bill participated in the groups call.

When I asked Mike Geisel in person on August 1,if he had what I was inaccurate on about Tim Engelmeyer and drunk drivers, he responded by saying, "I already answered that. I was not talking about you."

Mike Geisel

THIS IS THE EMAIL that I sent out to the members of the Round Table

I was sent emails from several people last week after your last meeting, where Chesterfield City Administrator Mike Geisel without naming me complained of inaccurate reporting of the city prosecutor and municipal court when he was asked to respond to my column/website being mentioned on Donnybrook and in Bill McClellan's weekly Post-Dispatch column. Since I'm the only person I know of writing about this on a regular basis it was clear Mr. Geisel was speaking of me.

Several people sent me the email by Mr. Geisel about Mr. Engelmeyer appearing at your next meeting. I was told I could also attend. I'm passing this up. The last time Engelmeyer defended his work he made a 40-minute presentation and I was given 5-minutes to respond.

I know that some of your members are regular readers of my website. For those who are not, I write a regular feature called Drunks and Thieves. This is based on reporting incidents from Public Open Record Police Reports and Open Court Records. I have been writing this for 10-years and have never had anyone claim it was inaccurate, some typos and misspellings yes, inaccurate no. They are all posted on my website.

I urge you to go to my website and read them prior to Mr. Engelmeyer's appearance. The website is

johnhoffmann.net

or

newsfromsnoburbia.com

In the 1970 I was a cop here in St. Louis County at two cities. This was not occurring to a large degree in the 70's. I was a cop for 10 years in Liberty MO, a County Seat in the North Kansas City area. This was not a problem there in the 1980s.

From 1990 to 2005 I was a cop in Montgomery County Maryland. They did not have MUNI Courts and the cases were heard by appointed Assoc Circuit Judges.

I was in court three times a month. Not once did I see a charge reduced to a Parking Violation. For the last 16 years I have seen this happen on a regular basis here, where moving violations with points are reduced to Non-Moving violations with NO POINTS to effect insurance rates, such as Parking Violations and Loud Mufflers.

It isn't just Engelmeyer, it is almost the entire muni court system in the St. Louis area.

Here is the problem with the system here.

The job of the cops is to find, identify and charge people and the job of the courts is to verify what the cops claim and that the cops followed the rules. It is not the Courts job to take care of defense attorneys. When clocking a motorist at 95 mph the cop is not also claiming the driver was illegally parking.

The Public is harmed when Drunk Drivers aren't identified by the courts. The Public is harmed when dangerous drivers are not identified by the courts.

The Public is harmed when bad or dangerous drivers do not have their insurance rates go up because court have made them parking violators. Good drivers have to pay more to underwrite the bad driver when they should be paying less.

The Muni Court system has basically turned the points system instead of a way to identify bad drivers into a way to punish poor people who can't afford a lawyer to turn serious charges into parking violations.

In retail theft cases Mr. Engelmeyer routinely reduces theft charges to Health Code Violations or Littering if the suspect brings a lawyer. He claims witness are too hard to produce. The security staff at Wal Mart and Target are long term employees and available for court. Also normally the suspect is on video and the security staff provides the police with a video disc of the suspect stealing.

Two things occur when Engelmeyer refuses to convict theft suspects who bring a lawyer to court of stealing. In Missouri if a suspect has four prior ordinance or misdemeanor theft convictions in 10 years the next one is a felony. Engelmeyer refuses to meet the felony mark by reducing charges to non-criminal offense. Engelmeyer will claim they will have to pay a large fine, but that doesn't meet the mark.

Secondly Engelmeyer and other courts discriminate against theft suspects who cannot afford to bring an attorney to court. I'm not being a bleeding heart liberal on this. I think they both should be convicted.

By not convicting these people of stealing, it just encourages them to come back to Chesterfield and steal again. The MUNI court should be looking after the safety and welfare of retailers who through sales taxes pay for most services in Chesterfield.

John Hoffmann

Finally by refusing to prosecute people that the police officers had to deal with, with officers having wrote detailed reports (that were often ignored), made videos of arrests (again often ignored) is a morale killer. Why bother doing a detailed good job if they are going to ignore it and convict suspects of parking violations of Health Code violations they never committed.

Sharon,

Is there a reason Michael W. Patterson after being arrested by T&C police almost a month ago is not in casenet? Is he being charged in State Court or is it because Tim Engelmeyer is his lawyer?

It was interesting that he was on SB I-270 maybe coming out of Creve Coeur where Engelmeyer is the judge and taken into custody in Des Peres where Engelmeyer is the prosecutor.

If he is not being charged in State Court is he being charge in T&C Court? It appears as if he is since he is appealing his breath test refusal.

If nothing else, thanks for giving me something else to write about.

John H

On Wednesday I received the charges were filed in State Court in Clayton. St. Louis County Prosecutor Wesley Bell’s staff have not filed the case in the court computer yet.

CHESTERFIELD CITY COUNCIL MEETING MONDAY AUGUST 1, 2022

THE LOCKED GATE: The meeting opened with comments from citizens. The first speaker was Joi Goodbread of Ridgewood Court. She complained that the gate on River Valley Drive was not open during the recent flash flooding after a 10-inch rain.

The reason for the gate was that several years ago the City of Maryland Heights was planning massive building of industrial, commercial and residential property to the north of the Chesterfield city limits. The gate was installed to stop cut through traffic in the River Valley subdivision.

Ms. Goodbread said a Chesterfield police officer told her they did not have a key to the gate. The command staff would later say that the gate key

was at the front desk of the PD and there was one with the Monarch Fire District.

Of course it seems to make more sense for a Gate Key to be in police cars and not at the front desk.

After she was finished Mrs. Goodbread walked up to the “Press Table” where I was sitting by myself and handed some material about her concern of the locked gate and photos of the flooding.

MAYOR ORDERED ME TO LEAVE THE COUNCIL CHAMBERS. After the meeting I went up to City Administrator Mike Geisel on the dais. His seat is next to Mayor Bob Nation.

Geisel has been with the city since it incorporated in 1988, first as Director of Public Services and then as City Administrator. I wanted someone to tell me exactly what street and bridge were in the photos given to me by Ms. Goodbread. I figured with 34 years with the city, Geisel could identify them.

I walked up and with tongue-in-cheek said that I just wanted to be sure that I wasn't inaccurate. "I know recently I was accused in writing of being inaccurate." At the first Geisel laughed but then turned and said how he wrote me and said he wasn't talking about me.

I said back that he was asked about the Bill McClellan column that mentioned me. He told me he had no idea what street that was (without looking closely at the photo).

Things went downhill from there.

Mayor Bob Nation ordered me out of the Council Chamber. He ranted that he was tired of my attitude and made other wonderful remarks. Finally he said, "You are a disservice to the citizens of Chesterfield." He then ordered me to leave again.

Of course I didn't leave. I walked down the dais and got Ward-1 Councilwoman Barb McGuinness and Mary Monachella to identify the photos.

In November of 2015 the City Council's plan to impeach Nation died due to legal reasons, but after an evening full of testimony of Mayor Nation

dropping “F-Bombs” around employees and directed at the City Administrator Mike Herring, Nation was censured on a 7-0 vote.

In 2019 the Chesterfield Chamber of Commerce vote unanimously to call out Nation for using an “F-Bomb” directed at the executive director of the Chamber Ms. Nora Amato, calling her “Fucking Stupid” for telling him the directors had turned down his request to solicit petition signatures or speak before a Chamber concert on the Freeholder issue.

Here is a link to the Censure in 2015 and the Chamber letter citing Nation for using a “F-Bomb” in front of the director and other short temper explosions. (another disservice to the public)

https://johnhoffmann.net/nation_temper_010621.pdf

This is a photo by Post-Dispatch photographer Christian Gooden that shows to some that Nation is full of himself and can be arrogant and full of F-Bombs.

THE UNAPPROVED CHESTERFIELD NEWSLETTER. We have explained this is the past, but for new readers will we do it again. If you look at the heading closely of the newsletter you will see that the title is UNAPPROVED CHESTERFIELD NEWSLETTER,. The story behind this is that in 2013 I was writing three news columns a week for the Chesterfield Patch. Some were news related and some were tongue-in-cheek humor.

The columns pissed off several Councilpersons including Mike Casey, Connie Fults, Matt Segal, Randy Logan and Elliott Grissom. The columns caused a group of councilpersons to go to the executive editor of the local Patch websites and asked (closer to demand) to be able to review all my columns before they are posted. The Chesterfield Patch Editor Jeanne Whitney stepped in with a “are you crazy, absolutely not.”

The Councilpersons who wanted to review won a slight battle, Patch laid off 400 reporters and columnists nationwide in 2014. The move left just Jeanne to put out the Chesterfield Patch. She quit a few months later sold her Chesterfield house and moved to Phoenix. But I kept this website going posting a new newsletter once a week.

I named the Chesterfield section of this newsletter UNAPPROVED just to make a point how stupid the councilpersons request was.

TIF COMMISSIONERS APPOINTED BY MAYOR AND APPROVED BY COUNCIL.

Mayor Nation appointed the three TIF Commissioners for the new TIF taking in the Chesterfield Mall site, part the Wildhorse Village Residential project a portion of City Parks and Rec property. The appointments were approved by the entire Council.

The TIF Commissioners are:

Bruce Geiger, 80, retired executive at Monsanto, former 5-term Chesterfield City Councilman and 1-term mayor.

Bruce Geiger 2012 photo

Douglas Beach, 79, former Chesterfield City Attorney and retired Circuit Court, Juvenile Court judge.

Christopher Natsch, 50, Insurance Broker and Consultant

This is from last week's newsletter explain the TIF by Planning Director Justin Wyse and a map.

The TIF under consideration would be used for public improvements (streets, sewers, public parking...) and would not fund any construction of buildings.

There are existing sales taxes and those will remain. There are no new sales taxes associated with a TIF. The total cumulative assessed value of real property in the proposed redevelopment area is determined prior to development. All of the taxing districts will continue to receive taxes based on that base pre-developed assessment throughout the life of the TIF. As the property is improved, the assessed value of property in the redevelopment area increases above the

original base level. When property taxes are calculated based on the increased valuation on properties within the TIF, a “tax increment” is produced and is deposited in the special allocation fund. This is how public improvements are funded in a TIF.
