November 19, 2022

TOWN AND COUNTRY'S LAW FIRM CITED IN POST DISPATCH FOR VERY UNETHICAL ACTIONS: For a long time Town and Country's law firm has been Curtis, Heinze, Garrett and O'Keefe. This firm represents a large number of cities in St. Louis County.

Post-Dispatch columnist Tony Messenger published a column on Sunday November 13, 2022 that points out a void of ethics involving a case from Ballwin. You should read the column, but you have to subscribe to the paper to read the P-D's website.

Here is a short break down.

- 1 A Ballwin resident who moved to Ballwin under a year earlier filed to run as an Alderman.
- 2 After filing the Ballwin mayor knocks on his apartment door in the middle of the day and tells him he has to be a Ballwin resident for a year to run for office.
- 3 The mayor further tells him that he cannot simply take his name off the ballot as the period to do that has expired. He had to file suit in court to have the Board of Elections remove his name. He didn't do that.
- 4 A lawsuit was filed to remove the resident's name from the ballot. The lawsuit representing the resident was filed by lawyers with Curtis, Heinz, Garrett and O'Keefe. The resident had never contacted them or hired them to file the lawsuit or ever know about the lawsuit. Curtis, Heinz, Garrett and O'Keefe are the City of Ballwin's law firm creating a conflict.
- 5 **The third conflict of interest.** Curtis, Heinze, Garrett and O'Keefe are also the law firm for the Elections Board. They filed a lawsuit without a citizen's permission or knowledge concerning the removal of a name from a ballot.

MARYVILLE UNIVERSITY ASKS FOR ANOTHER CONTINUATION REF THE OFF CAMPUS SPORTS COMPLEX, HOTEL AND PARKING GARAGE At the October Planning and Zoning meeting the Commission saw a MoDOT traffic study report of the traffic problems created by a planned off-campus Maryville University Sports Center replacing a strip center at Woods Mill and S Outer Forty Rd.

The got a new proposal from the University wanting to change the planned 400 bed dorm into a hotel and eliminate non-sports entertainment from their 3,000-seat center.

The Planning and Zoning Commission could have voted the project in October in front of angry crowd of residents. They did not. They allowed the project to be continued to November.

It was clear that Maryville only wanted one thing...the sports center. In April they needed a 400-bed dorm and in October they didn't, but wanted a for profit hotel.

Now comes November and there will be no vote on the project because Maryville wants to continue it again, this time until January. This shows that Maryville does not have solid plans for this project.

We were told that Maryville wants to try and make some friends in the adjoining neighborhoods. Good luck, as that ship has apparently sailed. It is time for P&Z to say no to some continuances and vote on this ever changing project.

Mari De Villa beats New York again. The Christmas Tree at Mari De Villa retirement and nursing home went up on November 4, with lighting schedule for the day after Thanksgiving. New York's tree at Rockefeller Center went up on November 14. It is not scheduled to be lit until November 30.

TOWN AND COUNTRY BOARD OF ALDERMEN MEETING 11/14/22

The Official Meeting was very short, lasting about nine minutes. But the Board then voted to go into secret session.

CHANGE IN FIRE/EMS SERVICE ON NORTH FORTY DRIVE After bids the board voted to give the fire service contract area on North Forty Drive from Mason Road to Preservation/Cadet Park to West County EMS & Fire Protection. Creve Coeur Fire Protection had been under contract to serve the area for decades. Creve Coeur provides fire and EMS service at CBC High School and the Mormon Temple as those areas have been in the CCFPD district.

WCEMS&FPD will receive \$98,056 for covering that area starting January 1, 2023.

ALDERPERSONS VOTE NOT TO ACCEPT PRIVATE STREETS FOR ANOTHER 6-MONTHS It was a 7-0 vote (Ryan Mortland was not at the meeting) not to accept private streets as city streets for six months. The city already had stopped taking over

private streets for the last six months. This is from a memo from the Public Works Director to the alderpersons:

TO: Mayor and Board of Aldermen
FROM: Michael Zeltmann, Public Works Director
DATE: November 14, 2022
RE: Extension of Private Street Acceptance Moratorium

SUMMARY – For the consideration of the Board of Aldermen, the Department of Public Works requests that the Board agree to extend the temporary moratorium on the application or acceptance of any private street being turned over to the City for public maintenance from the end of calendar year 2022 to June 30, 2023.

The extension is necessitated by the need for staff to review and propose revisions to Section 410.200 Standards and Specifications of the City Code. The subcommittee of the Public Works Commission and staff determined that requirements to private road acceptance should comply with Section 410.200 and that the section was in need of revision.

PROBLEMS WITH CITY’S E-MAIL: For the last week you could send an email to someone at City Hall, but they could not send one to you. As of Tuesday the problem still existed. Some employees are setting up personnel g-mail accounts on their own computer and sending replies. Of course the city’s website is still sending out emails about up coming meetings and Holiday Boutique at the Longview House plus Turkey Trot on Thanksgiving Day.

It is somewhat amazing that a wealthy city the size of Town and Country can not get their email fixed in 24 hours.

THE POOL RENTER TO TEENAGERS, THE DOG AT LARGE LADY NOW HAS MORE PROBLEMS. Earlier this year the city had to deal with Nicole Graham who lives at 14 Long Meadows off of Clayton Road near I-270. Graham was apparently a believer in letting her dogs run free. Some never came home after meeting a motor vehicle on I-270.

For over 2-years the city issued her 14 citations for Dog at Large, Cruelty to Animals, Leash Law violation and Resisting arrest. After the city’s lawyer filed for a court injunction Graham finally installed an electric fence to keep her dog, Archie, in the yard.

The City’s biggest concern was of serious crashes injuring people as drivers on I-270 or Clayton Road tried to avoid Archie.

Nichole Graham Archie

Then in August Graham rented out her backyard pool to older teenagers for a party. On Sunday August 7 about 200 teenagers along with some beer and one stolen car showed up for the pool party. Town and Country Police then had to get assistance from Des Peres, Frontenac and Chesterfield Police to break up the party. Graham was not at home for the party.

Now Graham is facing more legal problems.

On August 10 the St. Louis County Domestic Violence Court issued a restraining order/full order of protection against her and for her ex-husband.

Here is the allegations against her from the court document:

A. On APRIL 16, 2022, at approximately 7:23 (AM)/PM (state the time) at 430 N. GEYER RD. 63122 (state the location), in violation of the O/P restriction stated in Paragraph 3() (select the letter in paragraph 3, above, that corresponds with the O/P term that Respondent violated), Respondent did the following:

THE DALTON \$10,000,000 TOWN SQUARE CONTINUES TO HAVE MONEY GO

DOWN DRAIN: Town and Country is seriously looking at bringing back property taxes in the next one or two years to pay for basic services. Of course this would not been happening if former Mayor and longtime Lobbyist Jon Dalton did not convinced the alderpersons to buy an empty lot and then use budget reserve to spend \$10,000,000 for the Town Square.

The money drain didn't stop there. The monthly bills to maintain the 8 acres roll in every month. Here are the October bills:

CHESTERFIELD RAPIST OF 15-YEAR-OLD GIRL TAKEN FROM KANSAS LOOKING AT 12 YEARS IN PRISON. On November 3, 2022 the Federal Prosecutor's Office in St. Louis recommended a 12-year (135 months) sentence to 38-year-old Chesterfield resident John Low of 15452 Millrun Ct Chesterfield, for driving to Manhattan, Kansas, picking up a 15-year-old he met on the internet, driving her back to

Chesterfield where he kept her shackled in his basement where he raped her several times.

The FBI received a tip and with the Chesterfield Police on January 26, rescued the girl, who was wearing a dog collar at the time. We reported this in April when the Chesterfield PD included the arrest in the department's monthly newsletter.

The case was originally filed in State Circuit Court but was then moved to Federal Court.

The Presentencing Report gives the facts in the case better than any document we found.

**MEMORANDUM OF THE UNITED STATES IN RESPONSE TO
DEFENDANT'S OBJECTION TO THE PRESENTENCE INVESTIGATION REPORT**

Comes now the United States of America, by and through its Attorneys, Sayler A. Fleming, United States Attorney for the Eastern District of Missouri, and Jillian S. Anderson, Assistant United States Attorney for said District, and files this memorandum in response to the Defendant's objections to the Presentence Investigation Report, and states as follows:

1. The Government and the Presentence Investigation Report (PSR) recommend the application of a five-level U.S.S.C. guideline enhancement under U.S.S.G. §4B1.5(b)(1) due to the Defendant engaging in a "pattern of activity involving prohibited sexual conduct."

2. As indicated in the Defendant's Objections to the Presentence Investigation Report and Memorandum in Support, there is evidence in this case of the defendant meeting his wife when she was seventeen years of age and he was in his mid-thirties on a dating website and the Defendant grooming his wife, at the age of seventeen, for a sexual relationship. There is also evidence of that marriage ending because the Defendant was receiving pornographic material from a minor according to his estranged wife.

3. However, the gravamen on the Government's evidence supporting the application of the U.S.S.G. §4B1.5(b)(1) enhancement is the multiple instances of sexual abuse to which the Defendant subjected the juvenile victim in this case between the dates of January 23, 2022, and January 26, 2022.
4. Juvenile victim L.G. was rescued from the Defendant's basement on January 26, 2022, still wearing a dog collar that the investigation revealed the Defendant had her wear. The Defendant admitted to having conversations with juvenile L.G. regarding "Daddy Dom" sexual culture over social media. He admitted taking her from her home in Kansas and bringing her to his home in Missouri. He lied and told the police he had not had sexual contact with L.G.
5. L.G. was interviewed in a child forensic interview on January 27, 2022. L.G. described that she had been in the basement of the residence of the Defendant for three days. She further described that she met the Defendant over the internet on the social media website Omegle and they arranged for him to come get her from her home in Kansas. While in the basement of the Defendant's home, the Defendant told L.G. to wear a dog collar to which she agreed. The Defendant then had vaginal intercourse with juvenile L.G. L.G. explained that vaginal intercourse occurred more than once and described it as painful. Juvenile L.G. also described that during a couple separate occurrences of vaginal intercourse the Defendant used leopard print handcuffs on her such that her hands were positioned behind her back. Juvenile L.G. also reported that the Defendant pulled her by the collar that he had her wear.

6. Juvenile L.G. had a rape kit performed at St. Louis Childrens Hospital where she was also treated for two hymenal tears and an erythematous tear of the vagina. St. Louis Children's Hospital social worker Jessica Daniels would testify that juvenile victim L.G. described being led around by a collar around her neck and a leash. L.G. reported to Daniels that the Defendant sexually abused her on both January 25, 2022, and on January 26, 2022. She further reported that the Defendant engaged in penile to vagina penetration of the victim multiple times during the day on January 25, 2022, and multiple more times through the night. L.G. reported further penile to vagina penetration on January 26, 2022, with the last occurrence at about 2 p.m. that day. L.G. reported that she had been a virgin prior to the sexual abuse and that the Defendant did not use protection during the intercourse.
7. U.S.S.G. § 4B1.5(b)(1), provides that a pattern of activity exists "if on at least two separate occasions, the defendant engaged in prohibited sexual conduct with a minor." U.S.S.G. § 4B1.5 cmt. n.4(B)(i). It is clear that the evidence in this case supports a finding of multiple separate occasions of sexual conduct.
8. The Eighth Circuit Court of Appeals has found that the § 4B1.5(b)(1) applies in an almost identical case. In *United States v. Fleetwood*, 457 F. App'x 591, 591 (8th Cir. 2012), the Eighth Circuit found that the § 4B1.5(b)(1) enhancement applied when a defendant transported a fifteen-year old victim from Missouri to Kansas and engaged in unlawful sexual activity with that victim three times over three days. *See also*, *United States v. Malik*, 588 F. App'x 509, 509 (8th Cir. 2014) (holding that the § 4B1.5(b)(1) enhancement applied when the defendant engaged in sexual intercourse

with the victim on four occasions over the course of several days), and *United States v. Fox*, 926 F.3d 1275, 1280 (11th Cir. 2019) (holding that the plain meaning of the term “separate occasions” does not require two unrelated events, but only that the events are independent and distinguishable from one other. If there are multiple, distinct instances of abuse, then the criteria for the § 4B1.5(b)(1) enhancement is met regardless of whether the instances of abuse were ongoing and related).

WHEREFORE, based on the foregoing, the Government maintains that the application of the five-level enhancement under U.S.S.G. §4B1.5(b)(1) is appropriate in this case.

Respectfully submitted,

SAYLER A. FLEMING

SCHNUCKS NEW MARKET IN CHESTERFIELD VALLEY TO BE HEALTHY FOOD:
Apparently no popular junk food for you! Schnuck announced in September they were putting a supermarket in the old "Babies or Us" store in Chesterfield Valley.

Last week they announced the store would be an Eatwell store, featuring natural and organic food. It will be the second Eatwell store (the other one is in Columbia, MO and opened in 2020). Perhaps this is an admission by Schnucks of the healthy quality of the food in their 113 other stores.

SLEIGH RIDE: Now is the time for the start of six weeks of non-stop Christmas music on several FM radio stations. This also means it will be time to hear Leroy Anderson's Sleigh Ride on a regular basis.

Anderson the son of Swedish immigrants was drafted during WWII. He was stationed in Iceland where he was a translator for a counterintelligence unit. Several years later he was sent to Officer's Candidate School and then stationed at the Pentagon. After studying Scandinavian languages at Harvard he was transferred to Arlington, Virginia where at the Pentagon he was doing Scandinavian Military Intelligence.

Capt. Leroy Anderson with wife Eleanor and daughter Jane.

That is when he wrote the “The Syncopated Clock” which many of us who are 70-years-old remember as the theme song for the Late, Late Show of old movies on TV stations across the country.

Anderson also worked before and after the Army with Arthur Fiedler of the Boston Pops as an arranger.

Besides Sleigh Ride and the Syncopated Clock, Anderson was also well known for The Typewriter, Bugler’s Holiday, Trumpeter’s Lullaby and Blue Tango.

He spent two years working on Sleigh Ride from 1946 to 1948. It was first recorded by the Boston Pops in 1949.

BLAST FROM THE PAST: On Thursday November 10, the papers and TV stations all were reporting the arrest of 44-year-old Darryl Ingram for the stabbing murder of a Jennings man in the 100 block of Almentor in Webster Groves.

This all brought back memories of arresting the Ingrams brothers, Gary, Chris, Darryl and Leonard while I was a police officer and detective sergeant with the Rock Hill Police in the 1970s. I used to arrest them regularly. So did retired T&C Police Chief John Copeland who also worked at Rock Hill PD. The Ingram brothers had lived at 310 Litha Ave off Rock Hill Road and then moved to a house at 121 Almentor in Webster Groves.

Gary, who is now 68, was arrested regularly for traffic, marijuana and occasionally gun charges. However he hit the big time when he was arrested for a murder in North County in 1983, was convicted and sentenced to 999 years in prison.

Chris, 67, had arrests dating back to the early 1970s.

He did get a civil verdict against his brother Darryl for the wrongful death of their mother Barbara after a car crash.

Darryl, 44, is an ex-con prior to his murder arrest.
