MARYVILLE UNIVERSITY SPORTS COMPLEX, HOTEL AND PARKING GARAGE NOW ON TUESDAY JANUARY 17 PLANNING AND PUBLIC WORKS AGENDA.

Maryville still wants to buy a strip center of retail (what's left) and medical offices, tear it down and put up a 3,000 seat sports complex, hotel and a high rise parking garage.

The Planning pre-meeting is at 6:30 with the official meeting starting at 7pm. This matter has been continued several times over nine months. First Maryville wanted a 400-bed dorm. They then decided they didn't need dorm but wanted a hotel instead.

The Board of Aldermen meetings are televised on the city's website. Despite overflow crowds at P&Z meetings on this issue, Town and Country has refused to provide live and then recorded video of the meetings when these meetings are on the agenda.

One of the overflow crowds of angry homeowners on the Maryville U. plans.

CHESTERFIELD CITY COUNCIL MEETING:

PUBLIC COMMENTS

A PACK OF LIARS SPOKE AT THE START OF THE MEETING. Six people spoke at the beginning of the meeting. They were all very conservative and tried to tie the Drag Queen Christmas show at the Factory into an anti-Christ event involving homosexuals that put on a show that they claimed included nudity and sexual situations in violation of the Chesterfield obscenity ordinance that the city refused to enforce.

A Ballwin resident, an Arnold resident who was also a protester outside of the Factory, three Chesterfield residents (one a protester) spoke complaining about the Christmas Drag Queen Concert claiming it was obscene involved child abuse and against the law.

The Ward-4 candidate Frances Siddons running against Gary Budoor, complained about the Council and mayor not enforcing the city ordinances. She was lying.

Most of the speakers said the show was anti-Christmas and anti-Christian. They also alleged Mayor Bob Nation and the Council refused to enforce the city laws. They were lying.

The speakers/liars were

David Robertson

Virginia Hollingsworth

Joan Quincy

Pat Tocco

Frances R. Siddons

Michael D. Hollingsworth

Hollingsworth is the brother-in-law of former Councilman Tom DeCampi. In December of 2017 he filed to run against the popular longtime councilman Barry Flachsbart, but withdrew two months later.

When the speakers were finished City Attorney Chris Granville corrected the speakers by saying the Mayor and Council do not enforce laws, the city prosecutor does along with the police.

City Administrator Mike Geisel called Chief Ray Johnson to speak. Several speakers spoke of how nudity and obscene acts were part of the show. (go to the beach in California in the summer) Turns out they were lying.

Chief Johnson assigned two officers inside the theater. The officers all reported there was no nudity or obscene acts. (I had questioned putting officers inside to watch the show, but it turned out I was wrong and Chief Johnson was right. He has 60 years LE experience and I only had 30)

It turns out that the producers of the show not only put an 18-year-old minimum to attend the show, they modified the show after being sent the City's obscenity ordinance. It became clear all six speakers including a City Council candidate were lying.

The only protester (against the show), Ronald Bynum of Warrenton, to get arrested.

MAYOR NATION MAKES POST-DISPATCH EDITORIAL PAGE: (Some of the following is tongue in cheek and some of it isn't) The letter writer, Cheryl Harris, suggests that Sen. Bill Eigel and Mayor Bob Nation should have been around to ban porn stars Dustin Hoffman and Robin Williams' films Tootsie and Mrs. Doubtfire. Bob needs to be ready to ban Some Like it Hot where Tony Curtis and Jack Lemmon go GAY for jobs in an all-girl band. Eigel and Nation had problems with the repeat (8th) performance of the Christmas Drag Queens. Nation could not win. People were accusing him of violating the First Amendment of homosexuals and others complained he refused to stop illegal activity that didn't exist.

Here is part of Harris' letter:

Drag is entertainment as old as time itself. It appears in movies, TV, and the stage. I guess the Fox Theater showed deviant porn not suitable for minors when they ran Priscilla Queen of the Desert, or Tootsie. Mrs. Doubtfire is more of that filthy porn. Funny how The Factory ran The Drag Queen Christmas last year and there wasn't a peep about it. Now should the Fox Theater ban minors from their upcoming Tootsie shows?

In my opinion, the only sexual filthy deviants here are Missouri state Sen. Bill Eigel and Chesterfield Mayor Bob Nation. They promote hate and violence against something they don't understand. They are walking, talking contradictions, who scream about freedom of speech, government overreach. But they don't practice what they preach.

Now if Mayor Nation and Sen. Eigel were really doing their job they would ban Gigi, a movie clearly about child abuse by the French.

Come on, one of the hit songs is “Thank Heaven for LITTLE GIRLS.” When the movie starts, Gigi is 16. Actor Louie Jourdan who played 30-plus year-old playboy Gaston Lachaille.

Yes the 1958 movie won 9 Academy Awards, but still it is based on a relationship that would be illegal in most of the U.S. This should go on Bob’s banned list.

PROP U SALES TAX ON INTERNET PURCHASES: In 2022 the voters in Chesterfield defeated this proposed sales tax of internet purchases 3,930 to 3,678. This almost died a quiet death but was eventually saved by Aaron Wahl and Michael Moore.

City Clerk Vickie McGownd called for the first reading of internet sales tax bill (Prop U) to be placed on the April election ballot. There was silence. Finally Ward-2 Councilman Aaron Wahl made a motion. However there still needed to be a second. Mike Moore eventually made the motion for a second. The vote to read the bill was 6-2 with Barbara McGuinness and Mary Ann Mastorakos voting no.

The bill will be up for a final vote at the January 17 Council meeting. If it gets a YES vote it has to be properly filed with the County Election Board by January 24.

“I don’t see the disadvantage of putting this on all ballots,” said Councilman Aaron Wahl, apparently not giving a shit what the residents think who elected him.

ALTERNATIVE COURT PASSES PLUS \$59,000 FOR SET UP: We wrote last week why there is positively no need for an Alternative Court in Chesterfield. Most of the thieves are druggies from North County, St, Louis and the East Side. Most drunk drivers are from out-of-town travelling on I-64. They don’t need any breaks.

The Municipal Court already has an SIS probation allowing defendants to attend programs and erase the public conviction/arrest record. The Alternative Court is another way for local lawyers to make more money. If the special programs are completed by the defendants EVERYTHING is erased,,,the public record, the police record and the non-public court record.

Chesterfield is funded by retail businesses and sale taxes. Thieves with repeat offenses records have them turned into felonies, unless they are erased by an Alternate Court.

POTENTIAL PARTICIPANTS

- DEFENDANTS STRUGGLING WITH SUBSTANCE ABUSE ADDICTION
- DEFENDANTS STRUGGLING WITH ALCOHOL ADDICTION
- DEFENDANTS STRUGGLING WITH MENTAL HEALTH AFFLICTIONS
- VETERANS OF THE UNITED STATES ARMED FORCES
- UNHOUSED DEFENDANT

POTENTIAL ELIGIBLE OFFENSES

- DWI
- MINOR IN POSSESSION OF ALCHOL
- ZERO TOLERANCE DWI
- POSSESSION OF CONTROLLED SUBSTANCE/PARAPHERNALIA
- RETAIL THEFT
- PUBLIC INTOXICATION

The City needs to protect and support businesses. You are not doing that by letting criminals who drive out and steal erase a guilty plea. You are also not backing the police officers who have to arrest them, write reports and collect evidence.

People driving drunk, know it is against the law and are very dangerous to residents and other motorists but the Alternative Court will erase their conviction. Three DWIs are a felony, unless one is heard in an Alternative Court. There was only one no vote for this and the \$59,000 cost to set it up. That was by Barb McGuinness.
