3512 responded emergency from quarters to the above listed address for a report of a structure fire. Upon our arrival, we were third in truck, with 3524 in command and 3534 establishing water supply. With heavy fire throughout the structure and face to face with command, 3512 along with 1 member of 3527 (Paramedic/FF Babbington) whom joined 3512 while her partner joined 3534, pulled a 2" line from 3524 to the B-C corner of the structure. We were awaiting our hose to be charged when we were informed of a water main break and 3524 was out of water. Crews pulling into the scene reestablished water supply. As our line charged we started extinguishing fire to the Bravo side working our way to the Charlie side where heavy fire was present on both levels of the structure along with the garage and 2 vehicles. We continued extinguishment of the C side of structure while another member of 3512 pulled a handline from 3512 to the C-D corner to assist with extinguishment. 3512 was able to establish aerial operations to extinguish fire through the roof.

Per command ops chief, we were able to enter the basement to extinguish hot spots. We extinguished hot spots and went to recycle. While recycling we were informed of two dogs still being inside of the alpha/ bravo corner. 3512 located and removed the deceased dogs from the structure. 3512 went back interior to finish salvage and overhaul. [3512 recovered a few personal affects of the homeowner at the request of a neighbor on scene that was speaking with the (out of town) homeowner via phone. Personal affects were left in possession of 3502 and ultimately law enforcement.] 3512 was released from the scene by 3502. 3512 returned in service.

## INVESTIGATION REMARKS

St. Louis Regional Bomb & Arson contacted for assistance. Police canine did not alert to any presence of an ignitable liquid. County PD report is a supplement that will show a negative result. Collaborative investigation between West County EMS and Fire Protection District, Town and Country PD, and St. Louis County Bomb and Arson reveals no evidence of incendiary origin.

West County EMS & Fire Protection Dist command staff on the call were at the meeting and got a standing ovation.

### **UNAPPROVED CHESTERFIELD NEWSLETTER 517**

**22-YEAR OLD TOWN AND COUNTRY MAN PLED GUILTY TO MANSLAUGHTER ON CLARKSTON ROAD AND KEHRS Mill WHILE HIGH BEHIND THE WHEEL. FOR KILLING WOMAN WALKING TO HER CAR** Here are the details from the County Prosecutor's Office. The crimes occurred at the Total Access medical facility when Trenton Geiger ran down medical worker, Marissa Politte .

On Monday, March 6, **Trenton Geiger**, 22, pleaded guilty to Involuntary Manslaughter 2nd Degree, a Class E Felony; Possession of a Controlled Substance, a Class D Felony; Tampering with Physical Evidence in a Felony Prosecution, a Class E Felony; and Unlawful Possession of Drug Paraphernalia, a Class D Misdemeanor, in Division 6 of St. Louis County Circuit Court.

He was sentenced to two years in prison for each felony count, with all sentences to be served concurrently, and fined \$250 for the misdemeanor. These were the sentences recommended by the St. Louis County Prosecuting Attorney's Office pursuant to a plea negotiation.

Geiger admitted that on October 18, 2020, he caused the death of Marissa Politte by striking her with a motor vehicle and did so with criminal negligence. He passed out behind the wheel, drove through oncoming lanes of traffic, across a grassy area, through a parking lot, struck a light pole and a tree before striking pedestrian Marissa Politte in front of Total Access Urgent Care, located at at 2501 Clarkson Rd. in Ballwin. Ms. Politte, who was just leaving work, died as a result of her injuries. Geiger also admitted to disposing of nitrous oxide cartridges that were in his car and to possessing a controlled substance and drug paraphernalia.

The Ballwin Police Department investigated the incident. Most people think the building is in Chesterfield, but it is in a sliver of Balwin.

Though witnesses saw Geiger driving negligently, which resulted in the crash and Ms. Politte's death, and he was found disposing of nitrous oxide cartridges, no witness saw him taking any intoxicant. A toxicology screening of his blood only revealed the presence of THC, and no drug recognition expert witnessed evidence of THC intoxication.

"This case shows how hard intoxication by drugs other than alcohol can be to prove beyond a reasonable doubt, given the current state of toxicology science," said St. Louis County Prosecuting Attorney Wesley Bell. "Though no number of years in prison can ever compensate for the tragic loss of a life, this young man has taken responsibility for his criminal negligence and will serve time, and Ms. Politte's loved ones have some closure."

## MARCH 6, 2023

**23-968 - Larceny/ Destruction of Property - 1065 Chesterfield Parkway (Fairfield Inn) - 2** vehicles had their windows broken out and items stolen while they were parked overnight. Report forwarded to the detective bureau.

**Update to 23-964 (Domestic Assault)** - The Chesterfield Prosecuting Attorney issued in-custody warrants against the suspect for Domestic Assault with a \$500 bond.

Officers responded to traffic accidents, alarms, traffic hazards, sick cases, 911 hang-ups, citizen contacts, and found property

**23-976 – CIT/ Overdose/ Attempt suicide – Timberlake Manor Parkway:** Officers received a call for a subject who was having suicidal ideologies. Prior to arriving, further comments stated the subject was now on the ground and unconscious. Upon officers' arrival it was discovered the subject was overdosing. Officers administered Narcan and the subject regained consciousness. The subject was transported to the hospital for treatment. If it wasn't for officers' quick reactions upon arrival and administering Narcan the subject could have succumbed to his drug use.

**23-975 – Leaving the scene of a motor vehicle crash – Woods Mill/ Olive:** A vehicle struck another vehicle from behind. After the crash, the unidentified driver of the striking vehicle got out of that car and walked away from the scene without contacting the other driver and leaving that car in the roadway. Upon officers' arrival a search of the area for the driver met with negative results. An attempt to contact the registered owner met with negative results so the vehicle was towed. See next report.

**23-977 – Stolen vehicle – Thunderbird Ct:** Approximately an hour after the above AALS was taken that same officer received a call for a stolen auto from a residence. Upon arrival it was determined that the victim's vehicle that was stolen was the vehicle that was involved in the above crash. The vehicle will be processed by a day shift crime scene officer on 3/6/23.

Officers responded to calls for service to include motor vehicle crashes, disturbances, sick cases, solicitors, suspicious vehicles, auto fire, suspicious person, alarms, found property and a traffic hazard.

Officers also conducted traffic stops and provided routine patrols of businesses, neighborhoods, and parks.

### **CHESTERFIELD CITY COUNCIL MEETING 03/06/23**

This meeting would have been shorter than the Town and Country meeting if it had not been for discussion with a City Council candidate with a councilwoman and the mayor.

The opening highlight was that Mike Kane, 79, activate with the Historical Society and who attends most Council Meetings would be named "Man of the Year" later in March.

Michael "Citizen Kane" Kane.

City Council candidate Pat Tocco then spoke in her opposition to the Internet Sales Tax.

This brought out discussions with Councilwoman Barb McGuiness followed by Mayor Bob Nation what prolonged the meeting.

Next was Ken Katt who spoke against Dillard's lawsuit over the TIF that eliminated their property at the Chesterfield Mall.

Katz referred to Dillard's attorney as just be another Rudy Giuliani, **A LIAR**. Instead of a 20-minute minute it was a 34 minute meeting,

**PROP U** To place Prop U on the April ballot drew two NO votes from Barb McGuiness, Gary Budor and Merrell Hansen. It would have taken two more votes to kill Prop U reaching the ballot. The Mayor could have broke a 4-4 tie.
