Watch out for this guy stealing mail in the Town and Country area. My son happened to arrive at my house just as this guy pulled our mail and sped away. The only good thing is that we live on the same road as the Police Department and they caught this image on the video camera but not his plate number.

**NOW ON TO THE FEW FACTS WHICH WE LEARNED ALLEGING THE POLICE CHIEF LYING, DEFAMING AN OFFICER HE DIDN'T WANT PROMOTED AND DILUTING THE POLICE PRESENCE IN TOWN AND COUNTRY.**

It turns out all this started around an officer hired four years ago from the Highway Patrol, Eric Diaz. From our observation Officer Diaz was a hard worker, made arrests and wrote very good reports.

Officer Diaz (right) receives the Chief's Award of Excellence.

\* At the 2023 Command Staff Retreat while the discussion was about promotions Chief Jim Cavins said Officer Diaz should not be considered for a promotions as he was receiving complaints as often as every two weeks from women reference Officer Diaz making sexual advances or sexual remarks. Later the story changed from numerous women to one older woman and then all appeared proving to be false.

- After being told he had no chance of promotion despite his work, as the Chief was worried he would not always follow orders if they were improper or against policy, he resigned effected March 26, 2023.
- Officer Diaz filed a sunshine request to see his entire personnel file. There were ZERO complaints from women ref sexual comments or actions indicating the Chief's statements at the meeting was false.
- Chief Cavins through Lt. Jeff McNutt ordered a number of command staff officers to file email memos concerning Diaz including remarks he made off-duty at his "GOING AWAY PARTY" in Chesterfield. They were private conversations out of the City of Town and Country to other officers he was socializing with two days before his last day.
- Officer Diaz filed a Sunshine Law Request for the memos. He was told by police command they did not exist.
- Former Officer Diaz filed a Sunshine Open Records complaint with the Missouri Attorney General's Office, which opened an investigation.
- During an exit interview with City Administrator Officer Diaz brought up the false statements by Chief Cavins.

The complaint memo that ordered Command Staff present at the Going Away Party to report what Diaz said at a Cigar Bar in Chesterfield seems a little unfair since he was off duty, not in the station or in the City and how many people in the world complain about their bosses?

The other issue that Diaz had was that none of the sergeants who he considered friends who were at the Command Staff Retreat stuck up for him when false statements about him were made by Chief Cavins.

Chief Cavins

Lt. McNutt

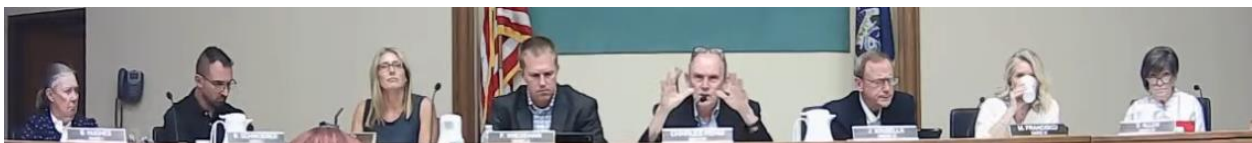

We have heard that a number of officers threatened to start looking for other police departments to join if things inside the Town and Country Police didn't start to improve.

Officers were told by the command staff they did not have to answer any questions by the law firm hired by the city. What a waste of the public's money. The city hires a very expensive law firm to investigate the situation and the police department command staff then tells officers that they don't have to cooperate. 17 spoke and gave interviews.

The Board of Aldermen met in Closed Session on this issue after Monday's July 24 meeting but took no action.

The memos have been posted on our website. Take a look.

**QUEENY PARK DOG PARK HANDICAPPED PARKING DISAPPEARS.** Over three weeks to a month the handicapped signs and pavement markings at the three handicap parking lot spaces near the entrance to the Queeny Park Dog Park disappeared. A blue paint covered the former pavement markings. The signs were gone.

There are a lot of handicapped people who have dogs and come to the park. To get answers I sent an email to elected councilpersons offices, the Dog Park office and the County Parks main office.

**Subject:** Removing Dog Park Handicapped Parking

July 19, 2023

About a month ago the County Parks removed Handicapped Parking Signs and painted over the Handicapped pavement signs at the Dog Park.

WHY?

There are still a lot of people Dog Park members who are handicapped with dogs. One has a false leg. Many use walkers or canes. Others have heart issues. They can't walk the dog around the neighborhood but can get to the dog park. Currently my wife drives and the dog and myself are passengers. I need either a cane or a walker.

So, I'll ask again...WHY did you remove the 3-handicapped parking spaces. Why are you making it more difficult for older and impaired residents from using the Dog Park.

Here are the responses:

**From Councilman Dennis Hancock's office:**

Good Morning John,

Thank you for reaching out to our office. I'm concerned to hear they removed the handicapped parking at the dog park in Queeny Park. I emailed the director of Parks & Recreation to see what's going on and hopefully get you an answer. I will keep you updated with what I hear back. In the meantime, please do not hesitate to reach out if there is anything else I can assist you with.

Thanks,  
Mary Catherine

**From Councilman Mark Harder:**

John

I talked the parks director. They are not removing spaces. This area is under renovation. It will be a freshly marked soon.

Thanks for emailing

**From the County Parks Department Public Information Manager:**

Good morning,

Thank you for reaching out to County Parks. We apologize for the inconvenience this has caused to you and other members of the Dog Park. After speaking to numerous staff members, it was found the Asphalt crew blued out the handicap spots on the asphalt a few weeks ago and have not been back to finish them yet. Regarding the signage, our staff did not remove these signs. Unfortunately, we believe they have been unfortunately stolen. Our staff is currently in the process now of finding new signage that will be installed today.

We appreciate you bringing this to our attention. We strive to make County Parks an inclusive place for everyone.

Thank you,  
Anne Radford

My only question and concern is there is a Parks Crew is at the Dog Park four hours every Tuesday mowing, filling doggie bag boxes and other maintenance chores, other Park crews empty trash cans and refilled doggie bag boxes throughout the week, plus Park Police officers drive the lot regularly. Why didn't any of them point out this problem?

The day after the emails two handicap parking signs appeared, but the third one was nowhere to be found and certainly not on the pole.

## **CHESTERFIELD POLICE BLOTTER**

**TUESDAY JULY 18, 2023**

**23-3051 – Fugitive Arrest – Clarkson Rd** – During a traffic stop the driver was found to have warrants out of Maryland Heights for Driving While Revoked. She was arrested and booked at the station. Her bond was later paid at Maryland Heights and she was released.

**23-3052 – Overdose – Creve Coeur Crossing** – A female resident was found outside her apartment by her father having a medical emergency. EMS responded and transported the female, who has a history of drug abuse. Her behavior was erratic, but she never lost consciousness. A syringe was located and seized. Heroin use was suspected.

**23-3052 – CIT – Faust Park** – A female resident with a history of CIT called a relative and said to tell her children she loved them. She then called her husband and said she had crashed into a tree at Faust Park. Officers located her in her vehicle in the area behind the Governor's Mansion at Faust Park. Airbags were deployed and the vehicle had bottomed out over a concrete manhole support in a grassy area. She was transported via EMS, complaining of extreme arm pain, and an affidavit was completed for a psych evaluation.

Other calls for service included traffic stops, burglar alarms, a suspicious vehicles, motorist assist, sick cases, and a traffic hazard.

**PLANNING COMMISSION CHICKENS OUT AND CONTINUES ZONING CHANGES VOTE FOR CHESTERFIELD MALL REDEVELOPMENT** At the July 20 Planning Commission the chickens were out. There was no vote on the rezoning plans before the Commission on the Staenberg Group's development plans despite a crowded council chamber. The rezoning issue was continued to the August 10 meeting.

## **CITY STAFF KEEPING PEOPLE FROM SEEING OR HEARING PLANNING**

**COMMISSION MEETING.** The Chesterfield Planning Commission on July 20 met in the council chambers expecting a large crowd. They were right about the crowd. Others would have liked to see it, but at 5:30 when it was held is dinnertime and many people are still getting home from work.

The commissioners sat at folding tables on the floor in front of the dais. Citizens at the meeting complained that there were no microphones making it difficult to hear what was going on.

When asked why there was no video or audio recording of the Chesterfield Planning Commission, despite Chesterfield having an Audio/Video Department. We were told there were individual cameras and mics at each seat on the City Council dais, but no way to record the Planning Commission on the floor.

Chesterfield is acting like the City Council dais is sacred ground only for the City Council and City Judge on court nights.

In Town and Country the dais and mics are shared between the Board of Aldermen, Architectural Review Board, Planning Commission and Court.

**T&C Board of Aldermen meeting**

**T&C Architectural Review Board**

**T&C Planning Commission**

Here is the Chesterfield City Council on the sacred dais that they are unwilling to share mic and cameras with commissions. A good example of the public coming last.

**IF YOU LIVE IN AN APARTMENT ON CAZADO DRIVE KEEP AN EYE FOR THIS GUY:**

**Devin Michael Nelson**, 27, was just arrested for two business burglaries in Creve Coeur during the overnight hours on Saturday/Sunday July 16 after setting off burglar alarms.

Police responding to a burglar alarm the Smart Mouth on Olive Blvd saw Nelson who fled on foot. He next was at CSG Solutions also on Olive Blvd. and set off another alarm.

The reason we mention this is that Nelson is currently giving a Chesterfield address of an apartment in the **14500 block of Cazado Drive**.

**HIGH DOLLAR RESTAURANT FOR GORE AND LOCKWOOD IN WG:** We know there are a number of people in Town and Country and Chesterfield who grew up in the Webster Groves and Kirkwood areas so we are including this. C.J. Muggs, a neighborhood bar and grill in the middle of the “Old Webster” section of Webster Groves’ main retail district has closed. It was recently sold and the new owners plan to open Madrina, an Italian restaurant.

The building at 101 W. Lockwood was the first City Hall in Webster Groves dating back to 1907. The building itself dates back to the 1880s. I remember it back in the 1950s as a Glaser Drug Store. Louis Greengard began Glaser Drug Stores in the 1930s throughout St. Louis. Glaser was one of the first pharmacy to offer home delivery of medicine.

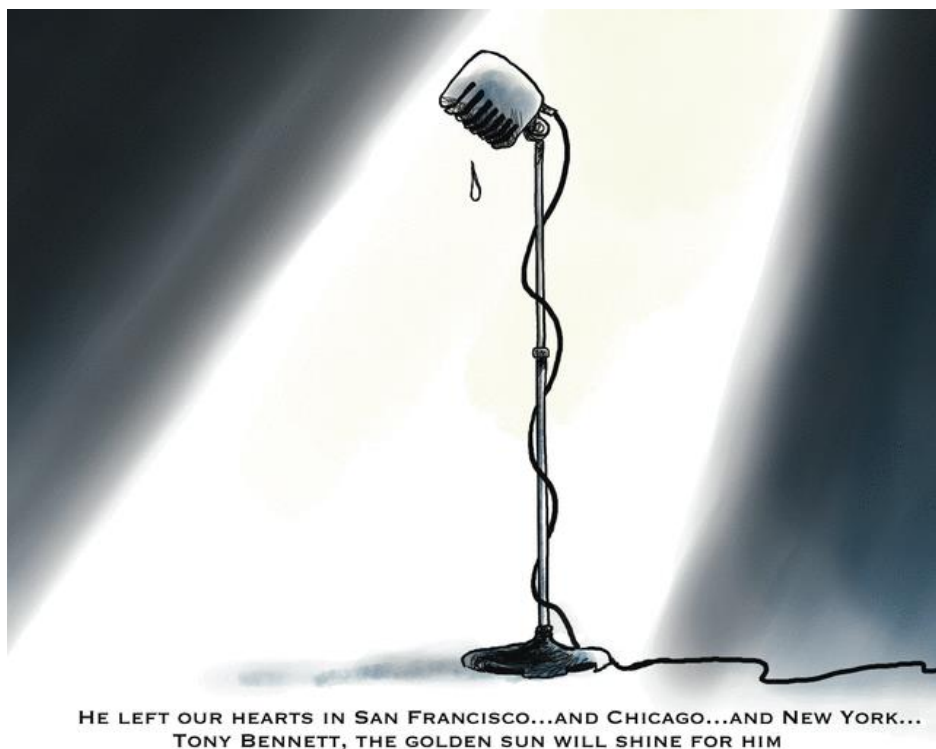

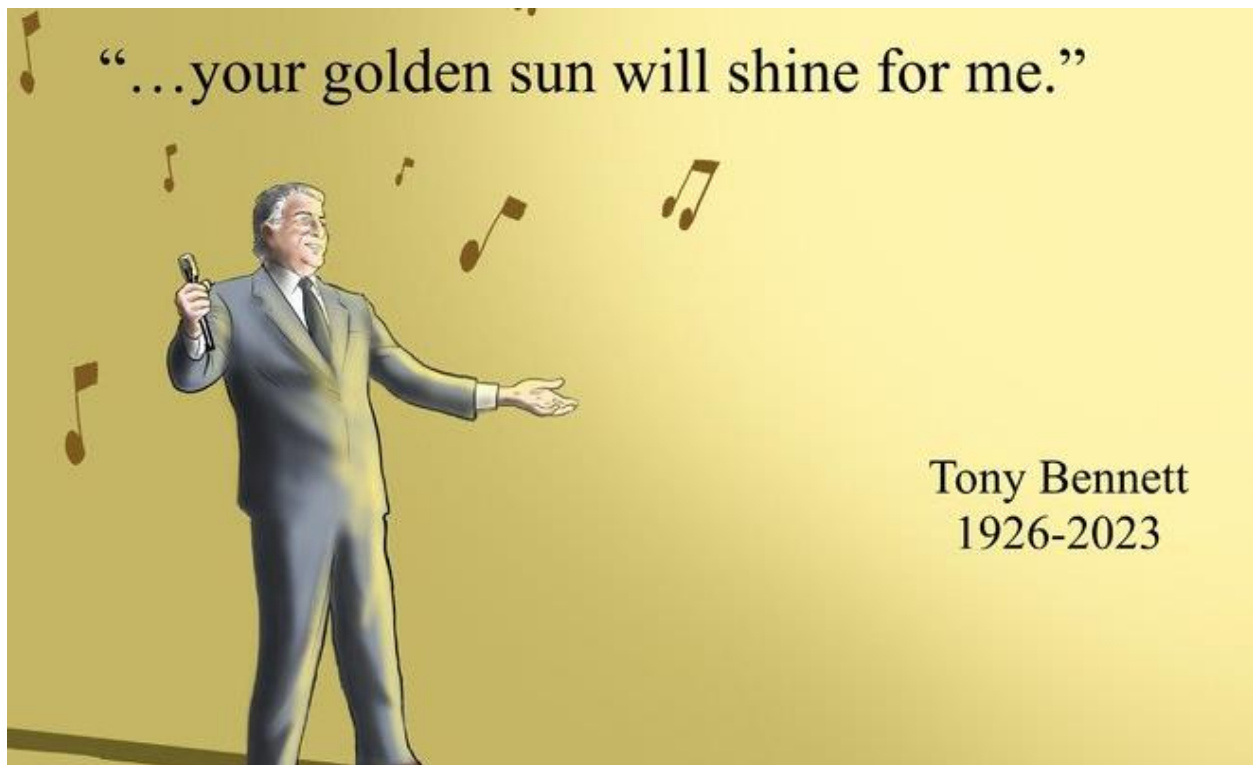

## CARTOONS

Back in 1977 I was a police detective, but having been a former employee of Webster Records in the 1960s, I would still stop by the store. The owner, Roy Gleason was regularly playing a Tony Bennett album just released. Despite having been a folk music

and then Rock disc jockey at three St. Louis radio stations, music from the American Songbook became a favorite. To this day the below these 2 are my favorite albums.
