BOARD OF ALDERMENT MEETING

IS IT WORTH IT?

Here is a photo of the playground at Town and Country's Longview Park. Of course the artificial turf has to be replaced upon wear conditions. But look at how much is being spent below the photo. Of the more than a half-million dollars, \$465,000 is from a Country Parks Grant. However that grant comes from the taxpayers' pocket country wide. The other \$100,000-plus is out of the Town & Country bank account.

RE: Longview Playground Equipment Purchase Order

REQUESTED ACTION – Approve a purchase for Hutchinson Recreation & Design in the amount of \$175,000. The equipment deposit is \$36,000, with the remainder due upon delivery.

The questions remain: is over \$500,000 necessary to replace playground equipment and turf? Are the kids playing on the equipment going to care about an updated aesthetic look?

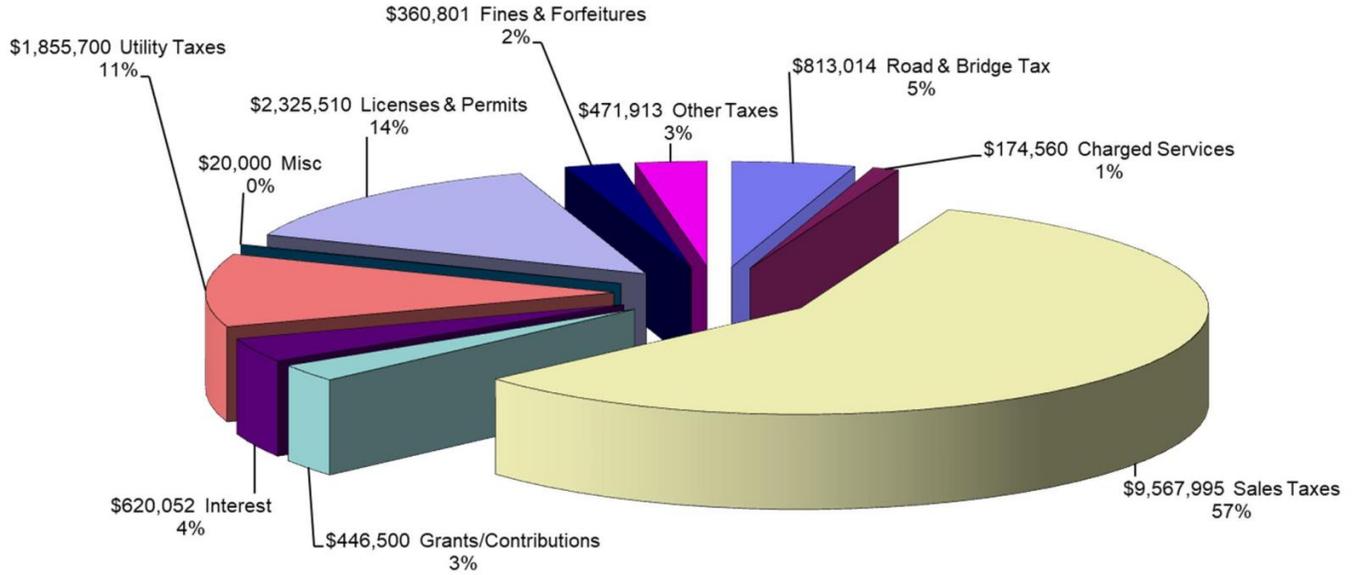

If I remember correctly the mayor had pushed a property tax that was on the ballot only to be defeated. The reason was that the City, thanks to former mayor/cigarette lobbyist Jon Dalton, spent \$10,000,000 on the Town Square to drain the City’s budget reserve, but there is \$100,000 to spend on top of a \$435,000 grant for park equipment.

The Bill was first read on November 13 and will be voted on at the next meeting.

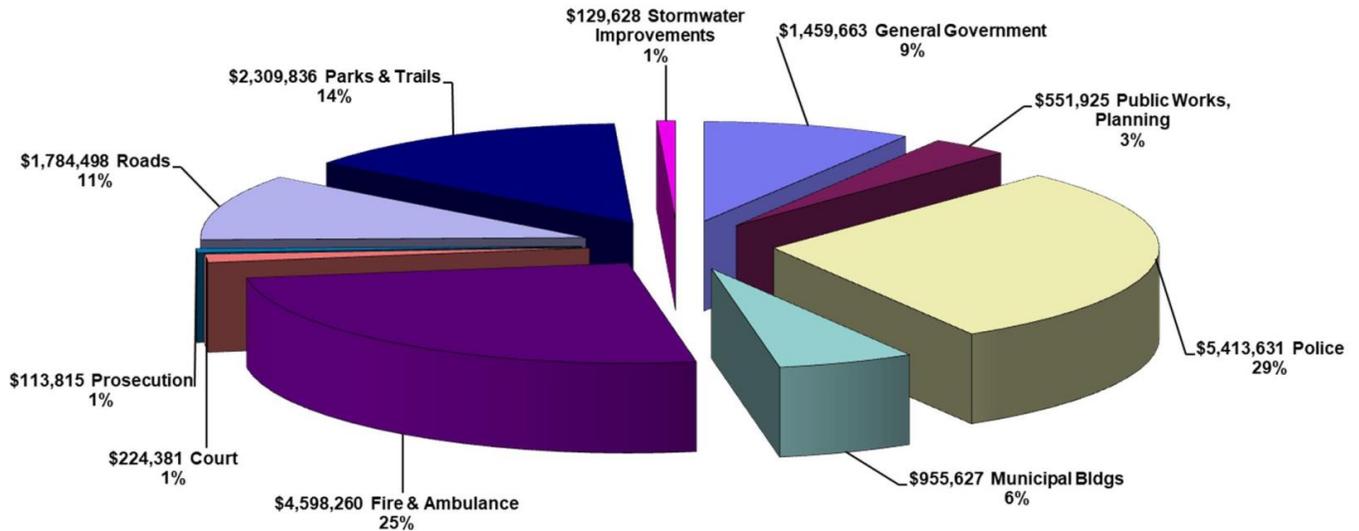

BUDGET: The pre-meeting agenda had just one item and was listed as the 2024 Draft Budget, but when we contacted the finance director for a copy of the “draft budget” she wrote back saying it was not yet completed. But I got a copy of Director Joan Jadali’s presentation at the meeting. Here are a few highlights:

FALL IN TOWN AND COUNTRY...FALLING LEAFS AND OF COURSE

The St. Louis Co Hwy Department puts these signs up every year for drivers approaching the 500+ acre Queeny Park during the Deer Rutting season.

THE REST OF THE STORY Two weeks ago we wrote about the opening of the Town & Country Market, located in the 60+-year McNamara full service station. Unfortunately we only had a view from Ballas as a large truck was blocking the view from Clayton Road. We went back and here is the view from Clayton Rd:

CARJACKING HITS CLOSE TO WHERE I GREW UP IN WEBSTER GROVES

There was a reported carjacking one block from where I grew up in the Sherwood Forest subdivision in Webster Groves. The subdivision dates back to the 1920s is full of big houses. It starts on the west side of Rock Hill Road. Here are the facts from KTVI.

WEBSTER GROVES, Mo. — Police are investigating a car crash that resulted in the victim having their vehicle stolen. The theft occurred Sunday at approximately 5:35 pm., just after nightfall.

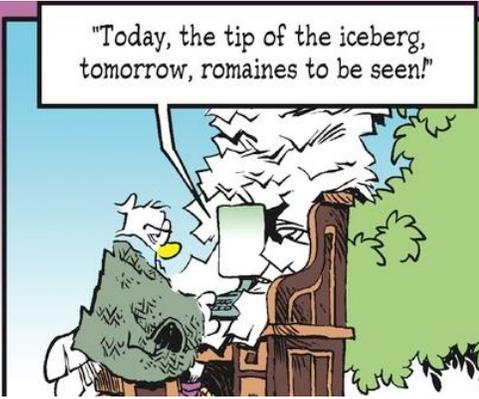

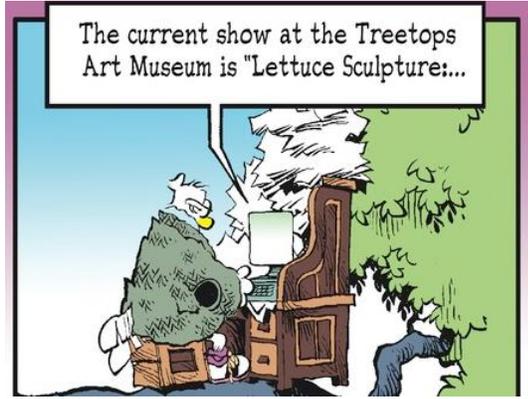

Police report the victim stopped at a stop sign at the intersection of S. Rock Hill Road and Baker Avenue. Their vehicle was struck from behind. When the victim got out of their car to assess the damage, one of the suspects hopped in the victim's vehicle and sped away. The other suspect drove off in the vehicle used to strike the victim's vehicle.

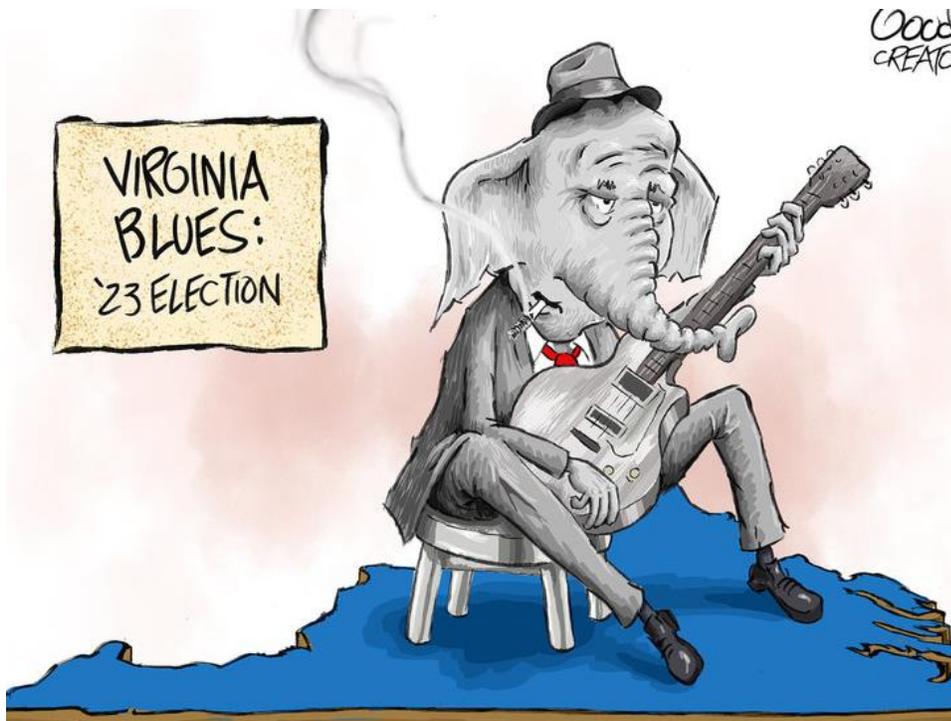

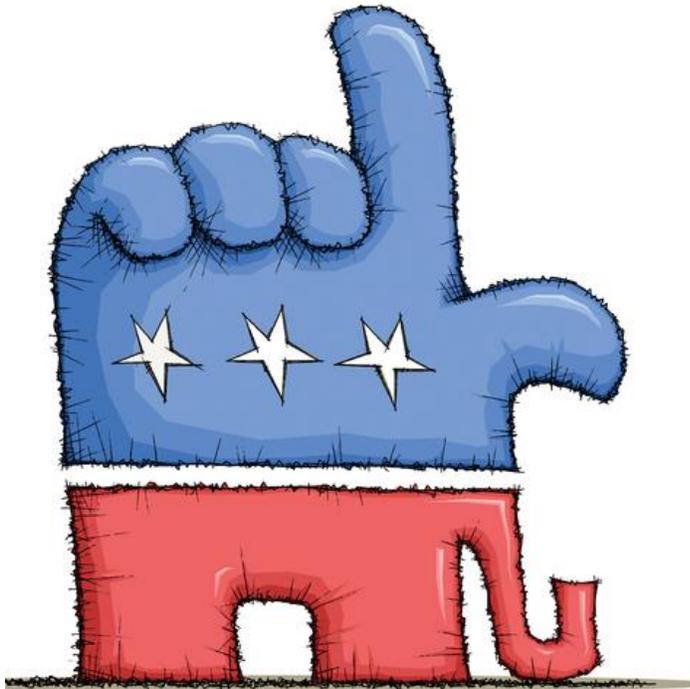

The old homestead on Baker Avenue

Car break-ins in West County are reaching outrageous numbers, I suppose we need to start worrying about carjackings in our neighborhoods.
