This is the Probable Cause Statement by the Jefferson County Sheriff's officer investigating the offenses:

PROBABLE CAUSE STATEMENT FORM

Date: 1/2/2024

Report Number 23-31903

I, Sgt. Merchant, 807, knowing that false statements on this form are punishable by law, state that the facts contained herein are true.

1. I have probable cause to believe that on/between August 2012 through July 2023, in the County of Jefferson, State of Missouri, Jordan C. Fowle, committed one or more criminal offense(s):

Incest (x2)

Sexual Abuse 1st (x2)

Child Molestation 1st

Child Molestation 2nd (x2)

Statutory Sodomy 1st

Statutory Sodomy 2nd (x2)

Endangering Welfare of Child 1st (x2)

Kidnapping 3rd (x2)

Harassment 1st (x2)

2. The facts supporting this belief are as follows:

Victim #2 advised that while she was 13 years of age and in seventh grade (2012) Fowle responded to her bedroom where she had been sleeping and climbed into bed with her. Fowle is the adopted father of Victim #2. Fowle began to rub Victim #2's back, then proceeded to rub her bare breast and touched her vagina over her clothing. Victim #2 described Fowle as "rubbing" her vaginal area and during the rubbing there was semi-penetration of her vagina by Fowle's fingers. Victim #2 described similar instances of abuse occurring from Fowle over an extended period of time.

In 2015, While Victim #2 was 15 years of age, and a Freshman in High School, Fowle would force her to submit to strip searches, to ensure she was no longer self-harming. Fowle would inspect Victim #2's breast area by moving her bra and would move her panties aside to check her vaginal area. Victim #2 advised the strip searches continued over a period of time and resulted in her becoming fully nude during the search. When Fowle was complete with the strip searches of Victim #2 he would force her to sit upon his lap. During one instance Fowle made her sit in his lap while she was fully nude, facing him and straddling his legs. Fowle began to fondle her bare breasts and kissed her. Victim #2 advised during this instance Fowle pinned her against his body, refusing to allow her to pull away from him and with his arms wrapped around her, forcibly holding her in place.

Victim #2 described the kisses during the strip searches as being passionate, being kissed with force and aggression and being both open and closed mouth kisses, with Fowle sometimes utilizing his tongue during the kisses. Victim #2 recalled Fowle touching her vagina over her clothing during one instance during a strip search.

Victim #2 advised the actions of Fowle caused emotional distress to the extent she began to self-harm and was suicidal, resulting in several long term stays at mental health facilities.

Victim #1, who is the adopted daughter of Fowle, advised in December of 2019, while she was fourteen years of age, Fowle responded to her bedroom and sat next to her on her bed. Fowle then put his arm over Victim #1 preventing her from moving. Fowle proceeded to touch her bare breasts and bare vagina. Victim #1 described the touching as "groping" and occurring over and over again. Victim #1 advised this abuse occurred within her bedroom multiple times over several years.

Victim #1 described another instance, occurring approximately during the summer of 2020, when she was 15 years old. Victim #1 had been swimming within the pool at her home with Fowle. Victim #1 advised Fowle forced her to sit upon his lap in the pool, facing him. Fowle proceeded to grope her buttocks over her swimsuit. Victim #1 additionally stated Fowle would rub his erect penis upon her vaginal area while both of them were clothed in swimsuits. During this incident Fowle had held Victim #1 in place, having his hands on her lower hips, preventing her from moving away.

Victim #1 advised in approximately June 2023 Fowle responded to her bedroom, placed his arm over her and began touching her bare breast and vaginal area. Victim #1 attempted to move away and Fowle pulled her back towards himself using the arm he had placed over her. At no point did Victim #1 consent to the sexual contact by Fowle.

Victim #1 advised the incidents of sexual abuse caused emotional distress and she began to self-harm.

All above crimes occurred at the Victims' residence within House Springs, Missouri. J. Fowle was more than four years older than both victims at the times all offenses occurred.

3. I believe that the defendant will not appear in court in response to a criminal summons because:
or

I believe that defendant poses:

a danger to a crime victim because: _

and/or

a danger to the community or to any other person because: J. Fowle has shown the propensity to sexually abuse children within his home and still has access to juvenile family members' (grandchildren). Fowle also had responded to Victim #1's place of employment after she had left the home, causing her mental anguish and fear. Both victim's fear retaliation from Fowle, given he previously had been employed as a Police Officer within the State of Missouri and has access to firearms and access to law enforcement data bases which could disclose their phone numbers and current addresses.

FOR IMMEDIATE RELEASE

1/20/2024

The City of Town and Country recently learned that Jordan Fowle, a former employee, has been charged with multiple counts of both felony and misdemeanor sex crimes by the Jefferson County, MO, Prosecutor's Office.

The Town and Country Police Department has been in contact with the Jefferson County Sheriff's Office and has no reason at the present time to believe any alleged incidents occurred while Jordan Fowle was on duty, or otherwise acting in the official capacity of a Town and Country Police Officer.

###

Fowle had received several awards from Mothers Against Drunk Drivers for DWI arrests.

Fowle's has no bond on the arrest warrant with a bond hearing set for 01/29/24.

Fowle's attorney denies all the charges.

TOWN AND COUNTRY HIRES AN OLDER POLICE OFFICER. Town and Country used to be a magnet for police officers with other departments to apply. The salary was good and working conditions were good despite being a little boring. Due to pension and other issues some police departments won't hire anyone over 35. Town and Country would.

That has started to change as there are fewer recruits for police jobs. Most of Town and Country's newer officers have been youngest yet just graduating from area Police

Academies. However when hiring academy grads there is often as much as 6-months in-service training involved.

On January 17 Town and Country swore in its newest officer, 45-year-old Wesley Besore who had been working at the Crystal City Police Department in Jefferson County.

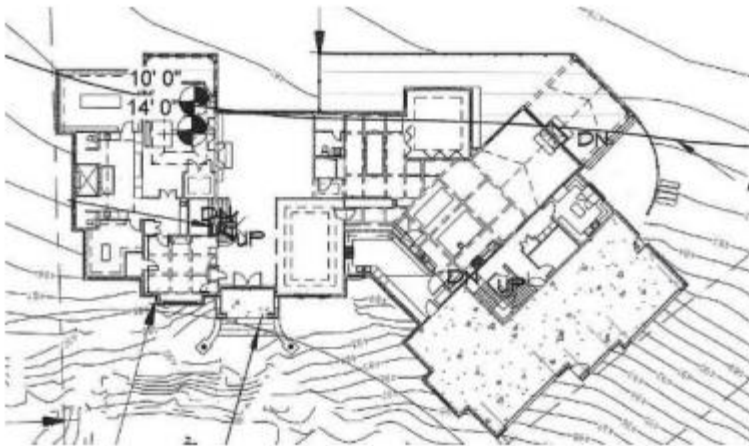

NEW HOUSES FOR TOWN AND COUNTRY:

1941 Karlin revisited: If you remember in September of 2023 there was considerable outrage from residents in the Thornhill Subdivision of plans for a new huge 9,329 sq ft house at 1941 Karlin Lane. That would violate setback laws by being too close to side lots. The plans were voted down by the Board of Adjustment.

original house built in 1963

Proposed voted down 9,329 sq ft house which is right on top of adjoining property lines, instead of 50 feet away.

This is the 1.75 acre lot.

Latest plans call for a house almost 2,000 sq ft smaller at 7,616.

Plans show the setback meets or exceed the 50ft setback requirements.

TWO LOT MONSTER HOUSE OFF OF CONWAY ROAD This house almost looks to me as a high-end hotel or maybe a mausoleum. It takes up two lots on Tecumseh making a 6.97 lot. The house will be 11,365 sq ft.

13316 THORNHILL DRIVE

The original house was built in 1966. It was a two story 4-bedroom, 4-bath 2,610 sq ft home on 1.78 acres. It was torn down a couple of years ago.

TOWN AND COUNTRY ALDERMANIC MEETING The meeting was held after the road ice melted on Monday January 22 at 7pm.

DODGE OVER CHEVYS... The Alderpersons voted 7-0 to spend \$125,715 for three Dodge Durango SUV to replace three Chevrolet Tahoe SUV with mileage of 110,000, 123,000 and 136,000. The mileage might not seem excessive but remember police cars idle a lot and in some cases have twice the amount of motor wear as indicted by mileage.

BOARD VOTES AGAINST A STATE REQUIRED TAX BREAK FOR PURCHASES OF FOOD. I moved back to Missouri from Maryland, where the taxes were high with one exception. There was no sales tax on food items at the supermarket. You got taxed for soap, beverages, aerosols and other non-edibles, but not bread, meat, veggies and other food items.

The Board of Alderman passed a resolution 7-0 to urge Missouri senators and state reps not to pass any legislation lifting local sales tax on food. The claim was made such legislation would cost the Town and Country budget \$2,500,000 a year in lost tax revenue.

The claim was made that State elected reps during election years want to show voters they are for lowering taxes.

Keep in mind T&C did spend \$10,000,000 to buy land and develop the Town Square and is spending close to \$100,000 a year to maintain the property. T&C is spending \$10,000 a year to take over grass cutting at Mason Road and I-64 from the Missouri Highway Department to avoid the grass getting too long for some former aldermen.
