LEGAL FEES ON T&C NOT ENFORCING BUILDING CODE CONTINUE TO CLIMB.

The lawsuit by the Lambs against Town and Country for allowing the construction of a McMansion on a slope that flooded their mid-century modern house by the late architect Ralph Fournier.

If this headline looks familiar it should. It was in our newsletter of January 27. Guess what! The legal bills keep going up.

603 Greenwich Green

601 Greenwich Green

To repeat:

The Lambs at 603 Greenwich Green allege a building permit under former Planning Director Craig Wilde should never have been issued. (Wilde later was forced to resign.)

The case was filed in 2021 and is still active.

The latest bill is for **\$1,712.20**. This brings the total costs of defending the city over their screw up to **\$22,031.48**.

Trial date moved way back: On August 17, 2023 a jury trial date was set for April 8, 2024. However, now the trial date is set for December 2, 2024.

CITY LAWYERS LOOKING AT GAMING MACHINES: This is the city law firm's hourly bill for January 2024. The number-one billable issue is legal research of gambling machines.

Originally he was held with NO BOND. On January 29 the judge set a cash bond of \$150,000 which Fowle posted that day. His first scheduled court appearance is on March 1, 2024.

CITY COMMISSION WANTS 23-CENT PER \$100 PROPERTY TAX WHILE FORMER MAYOR JON DALTON'S GROSSLY OVER BUDGET TOWN SQUARE KEEPS RUNNING UP COSTS. Dalton wanted to buy the 9-acres of a gas station and empty land, plus a ranch house and turn it into a combination business district and park. The estimated costs would be \$5,000,000. The actual costs came in at just over \$10,000,000.

The cost of maintaining the park area is not being shared by the businesses or landlord Bob Brinkman, but by the citizens of Town and Country. Last year those costs were \$70,895.

Here are the current costs for 2024:

TOWN AND COUNTRY BOARD OF ALDERMENT MEETING 02/26/24

This meeting only lasted 22 minutes. It would have been 15 minutes if the mayor didn't bring up the subject of maybe having just one Waste company for the city.

WASTE MANAGEMENT Before the vote approving the four waste haulers for another year the mayor asked about having just one waste hauler for the city and removing resident's and subdivision's right for a competitive waste hauler. These are the approved haulers:

- American Eagle Waste
- Gateway Disposal
- Republic Services
- Waste Management

We and our next door neighbor switched from Waste Management to American and saved a lot of money with better service. The mayor claims there would be reduced costs if only one company had a city wide contract.

In 2009 when I was an alderman when Ward 3 alderman Steve Fons wanted to do the same thing. That move would have forced an African-American family (Sanders) that had been providing services to the east side of Town and Country for over 50 years out of business. The single servicer proposal was killed.

Here are the problems with Mayor Rehms suggestion:

One It would strip residents' right to choose a hauler based not only on price but also on service.

Two As seen in other nearby cities when a single hauler's service deteriorates due to labor issues, finances or legal issues without the resident having the ability to find a new service.

Mayor Rehm said they should talk about this later. I hope he does and says, "Never mind."

OUR VERY FAST LOCAL MAIL SERVICE: In the middle of January 2024 we received a Christmas Card in the mail with a postmark from the second week December. We thought this has to be the latest Christmas Card the Postal Service has ever delivered. WE WERE WRONG!

On February 22, 2024 we received a Christmas Card from someone who lives on Clayton Road in the 63131 postal zone. It was postmarked December 16, 2023 and delivered 68 days later to our house also in the 63131 zone. It seemed like maybe we took the Christmas decorations down a little too soon.

Des Peres 63131 Post Office

NEW PROPOSAL FOR THE STRIP CENTER AT WOODS MILL AND SOUTH FORTY:

Maryville University wanted an athletic center sitting 3,000, a dorm, a 5-story parking garage plus some businesses where the mostly empty strip center is now located. Neighbors of the gated nearby gated subdivision where the mayor lives and Sue Allen formerly lived helped kill the Maryville University project. Now there is a new one.

The biggest draw to the strip center was Massa's Italian restaurant. Massa's closed permanently on December 30.

Now there are new plans. Developer McBride-Berra has the purchase of the strip center under contract if their plans are approved by Town and Country.

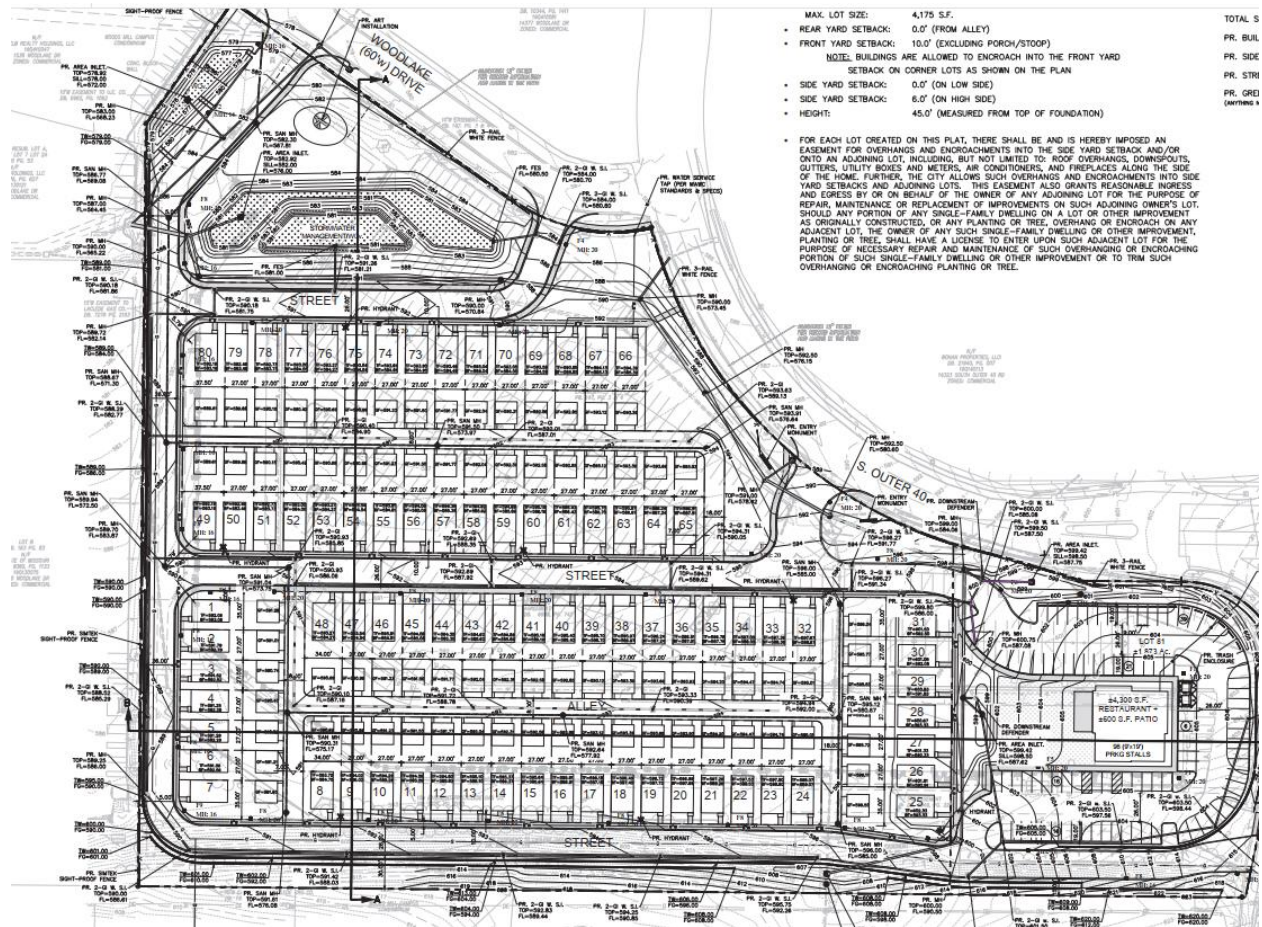

Here is the Public Works Commission notice:

Notice is hereby given that the Planning and Zoning Commission of the City of Town and Country, Missouri will hold a public hearing on Wednesday, March 20, 2024 at 7:00 p.m. at the Municipal Center, 1011 Municipal Center Drive, to review a request by McBride Berra Land Company, owner under contract, for approval of a Preliminary Site Development Plan in order to construct a restaurant and an eighty-lot single-family residential community, on 11.58 acres located at 14302 South Outer 40 Road in a proposed Planned Non-Residential Development (PNRD) Zoning District.

All interested parties may examine all public documents relating to this matter at the Municipal Center and may appear and be heard at the public hearing. Visit the City's website at <https://www.town-and-country.org/DocumentCenter/Index/49> to review related documents online. For direct inquiries, please contact City Planner Ryan Spencer at (314) 587-2827.

Town and Country prides itself being a one-acre required for a residential unit with a few exceptions, This would be 80 residential units on 11 acres.

Officers responded to reports of motor vehicle crashes, traffic complaints, parking complaints, trespassing, alarms, suspicious acts, solicitors, and calls at nursing homes. Officers also conducted traffic stops, and patrols of businesses, subdivisions, and city parks.

DRIVE THRU MARIJUANA COMING TO CHESTERFIELD VALLEY. The County's second High Profile weed store (first is in Sunset Hills) is coming to the Chesterfield Valley. The proposal for a building at 42 Arnage on the northside of Chesterfield Airport Road is the future Chesterfield location.

It is approved as a store with a drive-thru, but that has been finalized by the corporate owner, MOrganic Ventures, LLC. The store will be close to Lou Fusz Ford, Land Rover of Chesterfield and Jim Butler (Steal Me) Kia dealerships. You can buy some grass, get high and go for a test drive.

OUR TRAFFIC ENFORCEMENT SUGGESTION: Several St. Louis alderpersons have suggested that police boot cars of reckless drivers, especially downtown. This is pretty stupid since you would have booted cars all over the place taking parking spaces from safe drivers.

If you look at my arrest and citation records in the newsletters for people arrested in T&C and Chesterfield you will see a lot of “No Vehicle Insurance” cases. I think towing the car where the driver admits there is no insurance or at least unregistered vehicles or vehicle with expired plates (DOR requires proof of insurance for renewal). The vehicle would be released once the owner appears with proof of insurance. Too often police are just issuing a citation and the driver drives off still with no insurance waiting to cause a crash.
