The lawsuit by the Lambs against Town and Country for allowing the construction of a McMansion on a slope that flooded their mid-century modern house by the late architect Ralph Fournier.

If this headline looks familiar it should. It was in our newsletters of January and February. Guess what! The legal bills keep going up.

**TWO NEW MEMBERS OF POLICE/FIRE COMMISSION** It was interesting to see two new appointees to the T&C Police Commission.

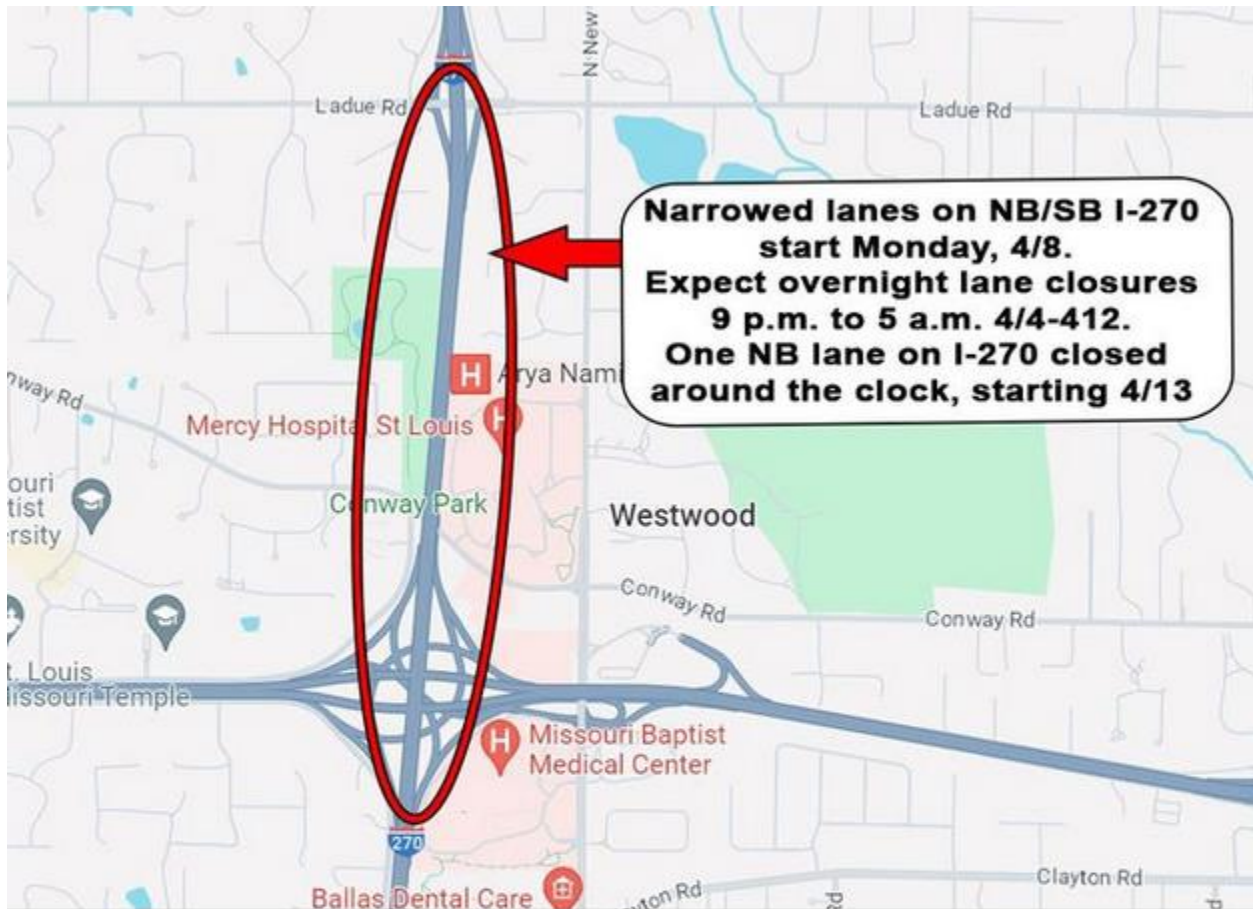

I happen to know a person in Town and Country who might make a good member. Here are some of his qualifications.

2- years as a police dispatcher for Creve Coeur, Town and Country and Frontenac.  
30-years as a police officer, detective, supervisor in Missouri and an assistant police chief in a Maryland suburban town bordering Washington, DC.

He also was the Washington Correspondent for two national criminal justice management magazines writing over 150 articles, while covering Congress, the Department of Justice and FBI plus writing feature articles on police departments across the United States and in Europe.

But that is all police stuff, what about fire? The person was fire/arson investigation for cities and insurance companies for 10 years and taught fire/arson investigations classes in the Midwest and twice in China. He also wrote feature articles for Firehouse Magazine.

WHO IS THIS RESIDENT and why isn't he on the Police/Fire Commission? The person is ME! Former mayor Jon Dalton hated me as I was regularly highlighting his unethical behavior. I can only guess the current mayor doesn't like this newsletter.
