WHITE BUFFALO RETURNS TO KILL DEER IN TOWN & COUNTRY: Aldermen first read an ordinance for the return of While Buffalo Inc of Connecticut to cull deer in Town and Country in 2026. White Buffalo has been culling deer in Town & Country since 2009.

The city hopes for a harvest of 75 deer. Total cost would be \$48,791. This is from a memo by City Administrator Bob Shelton to the Alderpersons.

SUMMARY- Bill No. 25-56 on the agenda for first reading November 24, provides for an agreement with White Buffalo to cull an estimated 75 deer. To maintain a reasonable population level, the Missouri Department of Conservation (MDC) recommends the removal of up to 75 deer in the winter of 2026. The 2026 proposed budget includes funding for 75 deer based on the number of sites expected and the 79 deer taken last year. Funding is broken down as follows:

\$42,470	White Buffalo for culling approximately 75 deer
10,500	Food processing for St. Louis Area Foodbank (\$140/deer)
<u>5,821</u>	Distance sampling (population estimate completed every 2 years)
\$48,791	

There have been 34 recorded deer/vehicle collisions through October of this year.

White Buffalo is currently scheduled for early January with additional commitments in Des Peres and Wildwood. Staff will be coordinating with MDC once again to donate up to a dozen deer to the Zoo Red Wolf Program, which would reduce the food processing expense by \$1,680.

A resident from Ballwin asked the Board to delay voting on the Deer management program. He went on and on against shooting deer, claiming that the facts provided by White Buffalo were false and “flawed.” The City has been using White Buffalo for 17 years. St. Louis County has been shooting deer for several years at Queeny Park that abuts Town and Country.

Alderspersons and Deer Lovers, Al Gerber and Barbara Ann Hughes are likely to vote against when it is second read and voted on in December.
