

DRUNKS AND THIEVES 2020 PART 2 April 11, 2020

By John Hoffmann

JEFFERSON COUNTY DRUG ADDICT STEALING CELL PHONES FROM TOWN AND COUNTRY TARGET TO BUY METH GOES TO PRISON Shane Andrew Conger, 29, most recently of High Ridge, MO before taking up residence in a Missouri Prison, was known to Target store detectives throughout the St. Louis area as someone who likes to steal from Target stores.

Daryl West a security officer at the Town and Country Target store was doing an investigation by reviewing security video and found recent thefts.

West found that on Sunday October 7, 2018 at 9pm on video a known shoplifter, Shane Conger (whose photo has been sent to all Target security offices in the St. Louis area) took two cell phones and placed them under clothing in his shopping cart. He then went to the bedding department. Finally he pushed the cart to the front of the store and walked out. West found two empty cell phone/camera cases that had been cut open with a razor blade.

On Thursday 10/11/18 around 3:30pm Conger was seen back in the electronics department cutting four cell phones from security hooks. The phone packages were found in the bedding department.

Total amount of stolen cell phones was \$1,069.

A call by police to the home at the address given on booking sheets in recent arrests of Conger reached his father who stated that his son is a drug addict and no longer lives at the home.

A week later Conger's father called Town and Country Detective Hunt and said his son is currently under arrest at the Jefferson County Jail. A check at the jail revealed that he was about to be transferred to the St. Louis County jail in Clayton.

Det. Hunt contacted Conger at the St. Louis County Jail on October 30, 2018. Conger readily confessed to the thefts saying he Googled St. Louis area Target Stores and picked the Town and Country store to steal from. He added that he sold the stolen phones and bought meth from his drug dealer.

On November 8, 2018 a Felony Warrant Theft was issued against Conger in connection with the Town and Country thefts.

The aging process of a drug addict. The top left mug shot is Conger at 29-years-old. The bottom right mug shot he is 24-years-old.

11/06/09	DWI-Drug Guilty Probation revoked 30 days jail	MO Hwy Patrol

OUTCOME: In 2011 and 2013 Conger received lengthy prison sentences for felonies, but was allowed to serve just 120-days as a shock sentence, hoping after being in prison for 4-months he would not continue to commit crimes. It did not work. In the summer of 2019 Conger pled guilty to the Town and Country felony, a felony domestic assault and a felony drug possession case. He was sentenced to three years in prison.

Conger is currently residing at the Algoa minimum security prison on the banks of the Osage River near Jefferson City, Mo.

REPEAT DRUNK DRIVER, BARTENDER, GOING HOME FROM WORK SPED PAST MARKED POLICE CAR, WHICH IS NOT A GOOD IDEA EVEN WHEN YOU ARE SOBER. Chesterfield Police Officer Brendan Steber was in a fully marked Chesterfield Police Car #14 on Friday night on September 28, 2018 at about 11:45pm.

Officer Steber was westbound on I-64 on patrol when he observed a car rapidly approaching his police car. He clocked the 2002 Toyota Camry at 75 MPH in the 60 MPH zone. The driver continued to speed after passing the police car. (Chesterfield Police don't set up and conduct stationary speed enforcement on I-64, but officers do patrol the highway as part of their regular patrol duties.)

Brendan Steber

Officer Steber stopped the car, but the driver was in a dangerous blind spot. On the PA system of the police car Officer Steber asked the driver to exit highway. There was no response, so Officer Steber walked to her car and told her to exit the highway.

She exited on the Outer Road/Chesterfield Pkwy East ramp and turned into the Delmar Gardens parking lot. Officer Steber contacted Jamie Null, 41, of Augusta, MO. He immediately detected the odor of booze on her breath, her eyes were bloodshot and her speech was confused.

He mentioned that she was speeding when she passed a marked police car and didn't slow down. She said she was looking at her gas gauge wondering if she had enough gas to get home and wasn't looking at her speed. Officer Steber asked how long she was looking at the gas gauge not to notice his marked police car. She responded by repeating that she was looking at her gas gauge.

Null, who is just 4-ft 11, said she just had "one beer" were she worked as the bartender at the 61 Roadhouse in Webster Groves. (It was apparently a large beer.)

Null failed the field sobriety tests and an unofficial PBT Breath Test showed her BAC level to be .112%. She was arrested and taken to the Chesterfield Police station.

During an interview at the Chesterfield Police Station with officers wearing badges and patches with Chesterfield Police on them, Null said she thought she was in St. Charles.

Jamie Null

Null's eyes

43-minutes after she was stopped Null scored a perfect TEN. Unfortunately it was the result of her official breath test. She tested at .10% and the legal limit is .08%.

Null was charged with Speeding and DWI.

OUTCOME: 5 ½ months after her Chesterfield DWI arrest, Null was arrested again for DWI. On March 9, 2019 she was arrested by the St. Charles County PD for DWI, Driving While Revoked and No Proof of Ins. She refused to take a breath test after the St. Charles arrest.

Also in 2009 Null was arrested for DWI in St. Louis County and refused to take a breath test.

Here is what happened in Chesterfield Muni Court, which was a bit of a surprise and a breath of fresh air. Null was actually convicted of DWI and got 12 points on her driving record.

PLEAD GUILTY ON 10/8/19, ASSESSED A FINE OF \$1000.00 AND 30 DAYS JAIL. SUSPENDED EXECUTION OF \$500 OF THE FINE AND 30 DAYS JAIL FOR A PERIOD OF 2 YEARS. COMPLETE SATOP, VIP AND IGNITION INTERLOCK. ALSO PAID COSTS OF \$111.50 ALONG WITH THE FINE

WRONG WAY DRUNK DRIVER ON I-64 FROM MCKNIGHT TO I-270 LEAVES THE TOWN AND COUNTRY MUNICIPAL COURT WITH NO POINTS ON HER DRIVERS' LICENSE. It was Saturday morning November 24, 2018 at 4:45, the temperature was 45-degrees when Frontenac and Town and Country Police officers received a radio dispatch of a wrong way driver going west in the eastbound lanes of I-64 from McKnight Road in Ladue.

Frontenac Police Officers in the westbound lanes tried to get the vehicle going west in the eastbound lanes to stop by using spot lights and flashing lights. It did not work. Town and Country Officer York took some risk by driving toward the 2016 Kia head-on going east in the eastbound lane with flashing lights. The driver of the Kia stopped. She had driven at least 5.3 miles on the wrong side of I-64. She was identified as Kelsey Ferguson, 26 years old of Sunset Drive in Ballwin.

Officer York placed her in the backseat of his patrol car. T&C Officer Scott Schlager arrived at the scene and ended up writing the report.

The officers found that Ferguson's breath had a strong smell of booze, her eyes were bloodshot and watery. She mumbled when talking, she could not stand still without swaying and she had peed in her jeans.

She said she thought it was midnight and not 5AM. She said she was coming from the Wheelhouse where she only had 2 vodkas and two beers. She failed several field breath tests and then took a field breath test that showed her BAC level to be .22% or almost 3-times over the limit.

The Wheelhouse at 1000 Spruce St in downtown St. Louis.

The above is a photo from the Wheelhouse's facebook page indicating management must not be too responsible in the area of serving drinks.

New photos on the Wheelhouse facebook pages shows they clearly don't violate State Law or City ordinance by serving drunks.

Ferguson was arrested and taken to the police station where she admitted that she knew she was intoxicated. She also agreed to take an official breath test. 45-minutes after the field breath test was at .22%, the official test showed her BAC level to be dropping but was still very high. She tested at .181% BAC.

She was charged with DWI and Driving the Wrong Way on a Divided Highway.

Kelsey Ferguson

Kelsey Ferguson's eyes

OUTCOME: On 02/21/19 in Town and Country Municipal Court before Judge Andrea Niehoff, Ferguson pled guilty to DWI. She was well over 2x the legal limit, admitted that

she knew she was drunk and was driving for at least six miles and maybe more the wrong way on an Interstate highway. I'm guessing you can see where this is going. Judge Niehoff placed her on a SIS No-Permanent Record, No-Points and No-Fine probation. She did not plead guilty to driving a long distance on the wrong side of an Interstate Highway. That charge was reduced by the Town and Country prosecutor Ed Sluys. He reduced the charge where Ferguson could have easily killed someone to Illegal Parking. She pled guilty to a non-moving offense she did not commit and was fined \$225. Judge Niehoff is also the judge in Frontenac where Ferguson drove the entire length of the city limits on the wrong side of I-64.

This is just another case of the Town and Country prosecutor and judge not looking out for the public's safety but making deals to take care of local attorneys' wallets.

Ed "Wrong Way for 6-miles on Interstate reduced to Parking Ticket" Sluys

Judge Andrea ".181 Drunk Driver no Fine No-Points" Niehoff

IN THE MIDDLE OF A MONDAY AFTERNOON DRUNK DRIVER IS PASSED OUT IN THE MIDDLE OF A BUSY INTERSECTION. Chesterfield Police Officer Holroyd was on patrol on Monday August 27, 2018 at about 1:48 in the afternoon when he came upon a man slump over the wheel in a Chevrolet pickup truck at the intersection of Chesterfield Parkway West and Wild Horse Creek Rd.

The driver's eyes were shut, the truck was running with the passed out driver's foot on the brake.

He had the driver, Benjamin Alsop, 46, of 18118 Rieger Road in Wildwood, put the truck in park and remove the key from the ignition.

Once out of the truck Officer Holroy found that Alsop appeared to be drunk. His breath smelled of booze, his eyes were bloodshot, his speech was slurred and he staggered and had to lean against his truck to keep from falling.

Alsop

Alsop's eyes

Alsop denied having anything to drink, saying he had taken some Xanax and another prescription med for anxiety. However officers found an open and $\frac{3}{4}$ empty bottle of vodka in the truck.

Alsop refused to take a field breath test. He was arrested for DWI. At the police station he refused to take the official breath test. This was not the first time he refused to take a breath test. He was arrested on May 1, 2015 for DWI and refused to take a breath test.

At the police station Alsop changed his originally story and admitted having drunk most of the vodka in the bottle before passing out.

Alsop's LinkedIn page lists he was a former employee of Monsanto. He claimed during booking that he was a scientist. He now lists his job as a self-employed Cannabis Genetics Consultant.

Ben Alsop · 3rd

Cannabis Genetics Consultant at Self Employed

OUTCOME: On 12/11/18 something very unusual happened in Chesterfield Muni Court. Alsop pled guilty and was given an actual DWI conviction by Judge Brunk that goes on his driving record.

PLEAD GUILTY ON 12/11/18, ASSESSED A FINE OF \$1000 AND 90 DAYS JAIL. SUSPENDED EXECUTION OF \$500 OF THE FINE AND 90 DAYS JAIL FOR A PERIOD OF TWO YEARS. COMPLETE SATOP, VIP AND IGNITION INTERLOCK. ALSO PAID COSTS OF \$111.50 ALONG WITH THE FINE.

THE LONG TRIP HOME. IT WAS LIGHTS OUT WHEN HE LEFT WORK AT 2PM.

It was the Eighth Day of Christmas (Friday Dec. 21, 2018) and Robert Price, 43, was driving his sleigh (2010 Ford Taurus) east on I-64 after Chesterfield Parkway East weaving from lane to lane. But that is not what caught Chesterfield Police Officer Matt Adams' attention. It was the fact that it was 9:10 PM CST and Price had not bothered to turn on his headlights as he weaved from lane to lane.

When Officer Adams contacted Price it was clear Price had been drinking something other than non-alcoholic eggnog. Price's breath smelled of booze, his eyes were bloodshot and when outside of his car he staggered when walking.

Officer Adams asked Price where he was coming from. Price replied, "Work." Adams then asked him when he left work and Price responded, "2 o'clock." Price's job must be west of Kansas City if he was still head home to Maryland Heights at 9:10 PM after getting off at 2:00.

Officer Adams was sure he was dealing with a drunk driver.

Price claimed he only had the usual “two beers.” However he failed field sobriety tests and a field breath test that showed he was drunk. He was arrested.

Price

Price's eyes

At the police station when asked if he knew where he was he stated either “Chesterfield or Town and Country.” Apparently the “Chesterfield Police” in big green letters on the side of the car they placed him in, the “Chesterfield Police” on Officer Adams’ badge and shoulder patch were not big enough hints as to what police department had arrested him.

In the same interview at the police station Price changed his answer of how much he had to drink from two beers to six or seven. Also he wasn’t coming home from work. He was going home from the Brick House Tavern in Chesterfield Valley where he had

been drinking from 3:00 o'clock to 8:30. Finally Price admitted that he considered himself intoxicated.

OUTCOME: The Chesterfield Municipal Prosecutor and Judge showed they really are not that interested in protecting the public right before Christmas. Let's face it, Officer Matt Adams clearly might have prevented an injury traffic crash by stopping a drunk driver lane weaving with no headlights turned on at night.

On April 9, 2019 Price plead guilty to DWI and received a No-Points, No-Fine and No-Permanent Record SIS probation. Prosecutor Tim Engelmeyer dismissed the 2-point Improper Lane Use charge. Price did plead guilty to "No Headlights" and was fined \$100.

DRUNK DRIVER CRASHES VEHICLE IN CHESTERFIELD AND THEN FLEES TO PARKING LOT IN TOWN AND COUNTRY AND PASSES OUT: Town and Country Police Officer Curtis McPherson was dispatched to the parking lot in front of Massa's Restaurant at 14312 South Outer Forty Road for a man passed out in a black SUV with extensive damage. Officer McPherson wrote very good police reports. (He recently resigned to join a family business) We will let his report described what happened first.

On 11/07/2018 at 1754 hours, I was radio dispatched to 14312 South Outer Forty Drive (Massa's Restaurant) for a report of a suspicious vehicle. A Massa's employee contacted West Central Dispatch and advised of a vehicle outside of the above location which "appeared to be severely damaged and unoccupied but running." While enroute the original caller re-contacted West Central Dispatch and advised there was a male subject passed out inside the vehicle but the subject was moving.

I arrived on scene and observed a black Ford Expedition with heavy front end and passenger side damage. The vehicle's passenger side tires were shredded to the rim and the vehicles back window was broken out. I provided West Central Dispatch with a Missouri plate of [REDACTED] and asked to check with surrounding departments for a possible leaving the scene accident involving the above vehicle.

The driver, later identified by Missouri drivers license as, GILLESPIE, JOHN PAUL, W/M DOB 06/04/1973, seemed unaware as to the extent of damage to his vehicle. Gillespie stated he was driving from Maryland Heights and is vehicle sustained a flat tire and he pulled over to wait for his wife to pick him up. Gillespie stated he was the only occupant in the vehicle and he was the driver of the vehicle from Maryland Heights to its current location.

Officer McPherson

Gillespie had been involved in crashes against fixed objects in Chesterfield and Chesterfield PD had dispatched a lookout for Gillespie's badly damage vehicle. Officer McPherson had Chesterfield respond and Chesterfield Officer Branson responded and obtained information for his crash report and wrote Gillespie a citation. Gillespie had taken out a stop sign on Woods Mill Road at Brookings Park. The damage to his car indicated that other objects might have been hit.

Gillespie failed field sobriety tests and refused to take a field breath test. He was arrested.

At the police station in an interview Gillespie denied being involved in an accident/crash. He admitted drinking alcohol, saying he started drinking vodka out of "airplane" size bottles in a parking lot starting at 7PM. He thought he had 4 or 5 bottles.

Despite refusing to take a field breath test, Gillespie agreed to take an official breath test. The result showed his BAC to be .181%.

Gillespie's record that we could find:

11/07/18	DWI Guilty	Town & Country PD
08/22/13	Speeding Guilty Fine	MO Hwy Patrol

Gillespie had prior DWI arrests and convictions that are no longer in public access files.

John Paul Gillespie

Gillespie's eyes

OUTCOME: On 02/21/19 Gillespie pled guilty in Town and Country Municipal Court to DWI. He actually walked out with a conviction, a \$636 fine & costs and points on his license. There was no jail time as he was placed on a SES probation term.

In Chesterfield Court Judge Brunk thought a very drunk driver running off the road and destroying a stop sign was not a big deal. Gillespie got a SIS No-Points, No-Fine probation term. City prosecutor Tim Engelmeyer apparently had the same feelings as he reduced the Improper Lane Use to Illegal Parking with a \$198.50 fine and \$26.50 court costs. Generate revenue first and worry about public safety second is alive and well in Chesterfield.

LOCAL 22-YEAR-OLD TOWN & COUNTRY KID LIVING AT HOME WITH PARENTS, WAS DRUNK AND DOING 85 MPH ON I-64 AT MASON ROAD LEAVES COURTROOM WITH NO POINTS ON HIS LICENSE, DESPITED BEING DOUBLE THE LEGAL LIMIT AND LYING TO THE POLICE OFFICERS. Cpl. Freddie Yaakub was the supervisor of the overnight shift on Wednesday December 12, 2018 when he clocked the driver of a Mercury SUV doing 85 MPH approaching Mason Road on WB I-64.

The driver was Matthew Hood, 22, of 1504 Mason Valley Road in Town and Country. Cpl. Yaakub immediately noticed that Hood was drunk. His breath had a strong smell of booze, his eyes were bloodshot and glassy, he could not stand still without swaying and his speech was slurred.

However Hood did not want to admit the obvious and claimed he had nothing to drink.

Since Cpl. Yaakub was the night supervisor, Officer Dan Duddleston responded to the scene and ended up writing the report.

Duddleston gave Hood a couple of my favorite field tests I used when making 375 DWI arrests when I was a cop in the St. Louis area, the KC suburb of Liberty, MO and Chevy Chase, Maryland. It was the alphabet reciting test and the counting backwards test.

This is from the police report:

The first test I administered was an alphabet test. Before administering the test I asked Hood about his educational background. Hood stated he was currently attending college, could recite the English Alphabet, and could count to one hundred. I asked Hood to recite the English Alphabet starting at the letter "C" and stopping at the letter "U". Hood performed the test as follows: "C,D,E,F,G,H,I,G,K,L,M,O,P,Q,R,U."

The second test I administered was a counting test. I asked Hood to count backwards starting at the number "64" and stopping at the number "49". Hood counted backwards as follows: "64,63,62,61,60,59,58,56,57,57,56,55,54,53,52,51,50,49." I asked Hood if he would complete the remaining tests outside of the vehicle and he stated he would not. I asked Hood to exit his vehicle and he complied.

After declining to take balance field sobriety tests, Hood changed his mind and agreed to take the test which he failed. He also tested positive for an excessive amount of alcohol when he took a field breath test.

He was arrested for Speeding and DWI.

Officer Duddleston Cpl. Yaakub

At the police station Hood stated he was not drunk. However the official breath test at the police station showed that Hood was almost twice the legal limit. His BAC was .154%.

On 08/24/18 Hood was cited for running a red light in North County and he pled guilty and was fined \$191.

Matthew Hood

Hood's eyes

OUTCOME: Despite being 2x over the limit, speeding 25 MPH over the limit, Hood left the courtroom with no points on his license and no conviction of a moving violation. He was represented by Matt Hoffman, the attorney for the Monarch Fire Protection District. The Monarch Fire Protection District sends ambulances with paramedics out to auto crashes to give emergency aid to people hurt by drunk drivers while their attorney gets drunks drivers off with No-Fine, No-Point deals.

On 04/19/19 Hood pled guilty to DWI but Town and Country judge Andrea Niehoff gave him a No-Fine, No-Points, No-Permanent Record SIS probation. Then city prosecutor Ed Sluys reduced to the 85 mph speeding ticket to "Illegal Parking" with a \$225 fine. So much for protecting the public's safety, identifying dangerous drivers, making dangerous drivers pay higher insurance rates! The T&C judge and prosecutor threw all those concerns out the window. Apparently the city alderpersons are not that interested in the public's safety from dangerous drivers either, as they won't find a tougher judge and prosecutor. Mayor Dalton really doesn't care because he used to pull the same crap when he was the city prosecutor in Sunset Hills.

THREE THEFT SUSPECTS APPARENTLY DIDN'T HAVE ENOUGH CHRISTMAS PRESENTS AND 5-DAYS AFTER CHRISTMAS MAKE OFF WITH A SHOPPING CART OF HOME PRODUCTS: The trio of thieves arrived at the Home Goods Store in the Manchester Meadows Shopping Center on Sunday December 30, 2018 in the 2 o'clock hour. The first thing that was unusual was that two of three were older males, ages 66, 52. The third was 26-years-old.

The three men, Donte Browlee, 26, Rodger Thomas, 66, of North St. Louis County and Jerry Stokes, 52 of St. Louis, took a cart and filled it with five full size comforters valued at \$385. The three were working with each other placing the items in the cart, before pushing the cart out of the store to a Maroon Dodge Neon with a Kentucky license plate and one small "donut" emergency spare tire on the rear. Nothing like having a "hard to identify" getaway car! The police were called.

A "Be On the Look Out" (BOLO) for the car and three suspects was broadcast. Town and Country Officer Luetkemeyer spotted the car on I-64 going eastbound. Thomas was driving the car, which was unregistered. Thomas' drivers' license was also revoked.

A big problem for the suspects is that it is very hard to hide 5-king size comforters in a Dodge Neon.

A store employee was driven to the scene of the stop where all three suspects were standing outside of the car. She identified all of them as being the thieves.

Brownlee was arrested for Stealing. Stokes for Stealing and Giving False Information (Identity) both verbally and with a fake ID. Thomas was booked for Stealing, Driving While Revoked and Fail to Registered Vehicle.

Donte Taran Brownlee

Rodger L. Thomas

Jerry Stokes

Brownlee:

10/21/19	Stealing, Trespassing pending	Bridgeton PD
09/19/19	Stealing, Trespassing pending	St. Louis City PD
07/30/19	Stealing pending	Bridgeton PD
