UNAPPROVED CHESTERFIELD NEWSLETTER

CHESTERFIELD POLICE BLOTTER

2nd SUSPECT IN THEFT AND ASSAULTING POLICE OFFICER WITH AN AUTO

IDENTIFIED: If you remember in last week's newsletter we posted the Chesterfield PD End of Watch report how officers stopped a car involved in a theft at Dick's Sporting Goods. After getting the driver out and handcuffed, the passenger resisted then slid into the driver's seat and drove off injuring two officers. Here is the original info:

25-889 - Assault 2nd on Law Enforcement Officer - Chesterfield Airport Road / Boones Crossing Road

At 7:56 PM, SEU officers were dispatched to Dick's Sporting Goods regarding a theft that had just occurred. A description of the suspect vehicle was broadcast over the police radio, and officers subsequently stopped the vehicle on Airport Road. While the driver was being detained outside the vehicle, assisting officers attempted to detain the front passenger, who slid over to the driver's side. At this point, officers attempted to extract him from the driver's side, but he managed to gain control of the vehicle and sped away. One officer fell out of the driver's side and was struck by the door as the vehicle sped off. The officer was transported to Mercy Hospital, treated for his injuries, and later released.

With regard to the suspect and vehicle, the suspect was identified; however, despite an extensive search, he was not located. Several hours later, the vehicle was found abandoned in the area of Burkhardt Place and Wildhorse Creek. SEU officers will seek an at-large felony arrest warrant in the morning.

The driver, Ernst Pennington is an ex-con who has served 5-prison sentences. His mugshots and arrest record is on Newsletter 674.

Ernst Pennington

Now the Chesterfield Police have listed the other suspect's name who injured the officers.

The suspect is **Blake Vossmeier**, 27, of St. Louis County.

I have probable cause to believe that on March 4, 2025, within St. Louis County, Blake Vossmeier, White, Male, 5'08", 140lbs, committed one or more criminal offense(s).
ASSAULT - 3RD DEGREE - SPECIAL VICTIM - CLASS D FELONY Count: 02 ASSAULT - 3RD DEGREE - SPECIAL VICTIM - CLASS D FELONY Count: 03 AGGRAVATED FLEEING A STOP

OR DETENTION - CLASS D FELONY Count: 04 STEALING - MOTOR
VEHICLE/WATERCRAFT/AIRCRAFT - CLASS FELONY

The facts supporting this belief are as follows: Police officers responded to Dick's Sporting Goods for a theft that had just occurred. Employees provided officers with descriptions of the subject and the vehicle he'd gotten into. While en route, officers observed the vehicle traveling away from Dick's Sporting Goods. They performed a traffic stop of the vehicle and arrested the driver, Victim Pennington. While placing him under arrest, Defendant moved from the passenger seat into the driver's seat. Officer Triulzi and Officer Hindman attempted to pull him out of the vehicle. Defendant put the vehicle into drive and subsequently fled the scene while both officers were still partially inside the vehicle. They were both dragged and eventually fell out of the fleeing vehicle. Officer Triulzi was transported to the hospital for an injury to his right shoulder, and also had visible bruises and scratches. Officer Hindman also had visible bruises and scratches. Photographs were taken of their injuries. When interviewed, Victim Pennington stated that he picked up Defendant and drove Defendant to Dick's Sporting Goods at his request. While Defendant was inside Dick's Sporting Goods, Victim went into Five Below. Victim told officers that Defendant did not have permission to take his car. The vehicle was later recovered in Chesterfield with a flat tire.

I believe that the defendant will not appear in court in response to a criminal summons because he has two pending Possession of a Controlled Substance cases in St. Louis County, 24SLCR02974 and 22SL-CR08236-01 for which there are active warrants, one for failure to appear, and he has two other open felony cases in which there are warrants for his arrest: 19JE-CR01026 (Resisting/Interfering With Arrest for a Felony, Harassment - 1st Degree, and Domestic Assault - 4th Degree), and 2322-CR02299-01 (Tampering with a Motor Vehicle - 1st Degree, Possession of a Controlled Substance, and Resisting Arrest/Detention/Stop by Fleeing - Creating a Substantial Risk of Serious Injury/Death to Any Person). Defendant also has a pending case in Washington County (24WA-CR00180) for Trafficking Drugs - 2nd Degree and Possession of a Controlled Substance.

I believe that the defendant poses a danger to the community or to any other person because he has been charged in multiple cases with Resisting Arrest/Detention/Stop by Fleeing - Creating a H 1 Substantial Risk of Serious Injury/Death to Any Person and in this case, two law enforcement officers were injured when he resisted arrest and fled from the scene in a dangerous manner.

Stephen Gorczyca, DSN 0350, Chesterfield Police Department

Here is Vossmeier's record:

03/05/25 2-cts Assault Police Officers, Felony Fleeing Crime, Chesterfield PD
Auto Theft

08/24/23 Felony Drug Possession Maryland Heights PD

The facts supporting this belief are as follows: The defendant was a passenger in a vehicle stopped for no headlights. During a pat down, the officer observed a baggie in the defendant's shorts. The baggie contained a crystalline substance, which the defendant stated it was a little bit of Meth. Lab analysis confirmed the substance was Methamphetamine.

04/29/23 Trafficking in Drug, Fel Poss Drugs Potosi PD

Subject was passenger in a motor vehicle stop. Subject gave me a false name when asked for his information due to having a warrant. K9 was walked around the vehicle showing positive alert. Search was done of the vehicle. Located inside the vehicle was a blue/red capsule, numerous syringes and a glass smoking pipe. Days later when St. Louis County was picking up Subject from the Washington County Jail, they located a bag of white crystal substance in the shoe belonging to Subject. The MSHP crime lab indicated that the pipes contains methamphetamine a schedule II controlled substance and the capsule with powder contained fentanyl, a schedule II controlled substance.

SPA APPEALS CITY’S REFUSAL TO RENEW BUSINESS LICNESE AFTER PROSTITUTION ARRESTS

On March 12, 2024 and April 25, 2024 the County Police sent two undercover officers to Sunny’s Spa and determined the spa was offering more than standard massages, but also sexual activity. Two employees were arrested.

Based on the arrest and evidence of prostitution being committed at the Spa Chesterfield denied the business license on August 26, 2024 the business license for Sunny's was denied.

A police raid by the County police showed evidence of prostitution and \$14,000 was seized.

This is from a City Document concerning the denial of Sunny's Spa business license:

4. Following complaints that the Business was providing sexual gratification services to patrons of the Business, on or about March 12, 2024, and again on April 25, 2024, the St. Louis County Police Department (the "County Police") performed an undercover operation at the Business to uncover evidence of illegal activities occurring at the Business including, but not limited to, prostitution and human trafficking (the "Undercover Operations").

6. Each of the two Undercover Operations was undertaken by a different County Police agent and two different employees of the Business attempted to provide sexual gratification services across the two Undercover Operations.

7. In addition to the Undercover Operations, which revealed prostitution was occurring at the Business and was not isolated to a single employee or single incident, the County Police undertook an extensive surveillance effort to document the suspected human trafficking occurring at the Business.

8. During the County Police's time surveilling the Business, they observed instances where the employees of the Business did not leave the Business at the end of each workday and instead stayed overnight at the Business – a practice, according to County Police, known to be used human trafficking situations.

9. Finally, the County Police further engaged in online research of the Business and learned that the Business was listed on at least one website where individuals who are seeking sexual gratification services can exchange information and reviews regarding various businesses and employees who will provide these services.

10. Soon after the April 25, 2024 Undercover Operation, County Police executed a search warrant for the Business wherein County Police arrested the two employees of the Business referenced above, seized fourteen thousand dollars and records of the Business, performed an extensive search of the Business, and interviewed the Owner as well as each of the employees who were found at the Business that day.

12. At the Hearing, the City presented testimony through Detective Brian Shanika ("Detective Shanika") that (1) violations of the City Code, including, but not limited to, sexual abuse (Code Section 210.1520), prostitution (Code Section 210.1360), and maintaining a building regularly used for any prostitution activity (Code Section 210.1390) had occurred at the Business, (2) the Business was not maintaining accurate client records as required by State law, and (3) that the Business was being investigated for potential human trafficking violations in addition to the prostitution violations.

23. Based on the totality of the evidence the Hearing Officer finds that there are violations of the City Code which have occurred at the Business that support the City's decision to deny issuance of a business license to the Business pursuant to Code Section 605.070.

Twice officers kept the spa under surveillance after it closed, all night long and never saw any employees leave, indication they were living at the spa.

The owner of Sunny's Spa is Jie Cao, 52-years-old showing an address in the last two years in Arcadia, California. The only court information we could find on her was two traffic tickets in Ballwin. She is Chinese and reportedly so are her employees.

At the Appeal Hearing before the Board of Adjustment that included a Chinese interpreter, the vote was 4-0 to uphold the license denial.

THE GRAND STAIRCASE AT THE NEW DOWNTOWN CHESTERFIELD. The Steinberg Group has made proposals for 3-acres of land in the large development where the Chesterfield Mall existed and beyond. There have been some issues with submitted possible future plans. This has been held at the Planning and Zoning Commission.

This is the area to be developed:

First plan possibilities

Here are City Administrator Mike Geisel short and direct comments:

**NO MATTER HOW BEAUTIFUL YOU MAKE THEM,
STEPS ARE DAUNTING AND UN-INVITING**

Here are some revised plans:

This is the second paragraph in Mike Geisel's long memo to the Council:

The “Grand Staircase” became a signature feature of Downtown Chesterfield during the latest revision of the City’s comprehensive plan, Envision Chesterfield. The “Grand Staircase” is frequently cited and is the subject of ongoing interest for residents who participated in the planning process. Unfortunately, Envision Chesterfield was a planning process and incorporated concepts and themes, not specifics. There was little or no ability to address physical limitations or practical design concerns.

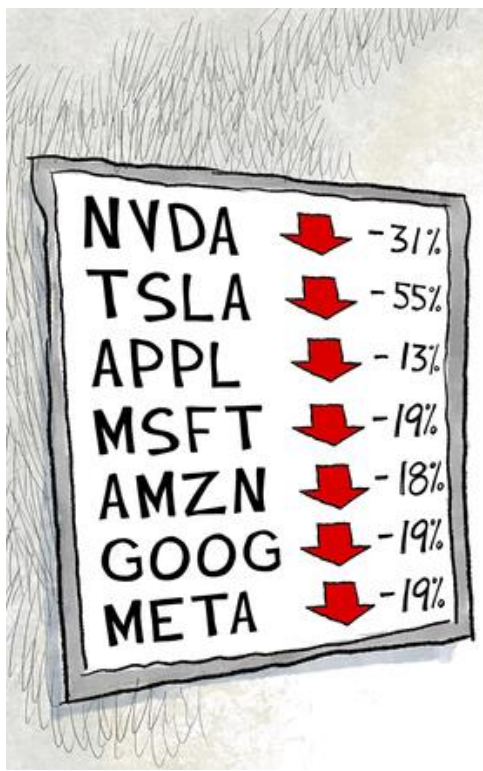

The vote by P&Z to approve the proposed plans was 3-0.

Here is the link to read the entire memo and view different suggested designs:
